2. PRODUCT FEATURES

- **ControlTalk Universal:** Integrated controls for managing phone calls and music playback.
- **Noise Isolation:** Technology designed to create an immersive listening environment by reducing external noise.
- **Tangle-Free Cable:** Flat cable design to minimize tangling and enhance durability.
- **Low-Profile Right-Angle Connector:** Designed for durability and convenient connection to devices.
- **Lightweight Design:** Engineered for comfort during extended wear.
- **On-Ear Form Factor:** Provides a secure and comfortable fit.
- **Wired Connectivity:** Utilizes a standard 3.5 mm jack for reliable audio connection.

3. SETUP

3.1 Connecting Your Headphones

1. Locate the 3.5 mm audio jack on your audio device (e.g., smartphone, tablet, computer).
2. Insert the low-profile right-angle connector of your Monster NTune headphones into the audio jack until it is fully seated.
3. Ensure the connection is secure to prevent audio interruptions.

3.2 Adjusting for Comfort

1. Gently extend or retract the headband slides to fit your head size.
2. Position the earcups so they rest comfortably on your ears, ensuring a snug fit for optimal sound isolation.

4. OPERATING INSTRUCTIONS

4.1 Music Playback

- Use the ControlTalk Universal button on the cable to manage music:
 - Press once to Play/Pause music.
 - Press twice to skip to the next track.
 - Press three times to go to the previous track.

4.2 Phone Calls

- When connected to a smartphone, the ControlTalk Universal button also manages calls:
 - Press once to Answer/End a call.
 - Press and hold to Decline an incoming call.

5. MAINTENANCE

5.1 Cleaning

- Use a soft, dry cloth to clean the exterior surfaces of the headphones.
- For earcups, gently wipe with a slightly damp cloth and allow to air dry completely before use.
- Avoid using harsh chemicals, solvents, or abrasive cleaners.

5.2 Storage

- Store headphones in a cool, dry place away from extreme temperatures and direct sunlight.
- Avoid wrapping the cable too tightly to prevent damage. The tangle-free design allows for easy coiling.

6. TROUBLESHOOTING

• No Sound:

- Ensure the 3.5 mm audio connector is fully inserted into both the headphones and the audio device.
- Check the volume level on your audio device.
- Test with another audio device to rule out device-specific issues.

• Poor Sound Quality:

- Verify the audio source is of good quality.
- Ensure the connector is clean and free of debris.
- Adjust the headphones for a better fit on your ears to improve sound isolation.

• ControlTalk Universal Not Responding:

- Ensure your device is compatible with ControlTalk Universal functions.
- Disconnect and reconnect the headphones.
