DaVinci M3801G

DaVinci Union 4-in-1 Convertible Crib User Manual

Model: M3801G

PRODUCT OVERVIEW

The DaVinci Union 4-in-1 Convertible Crib is designed to adapt as your child grows, offering a safe and durable sleeping solution. This crib transitions from a standard crib to a toddler bed, daybed, and eventually a full-size bed (conversion kits sold separately). Constructed from sustainable New Zealand pine, it features a non-toxic, lead and phthalate-safe finish, ensuring a healthy environment for your baby. The Union Crib is JPMA certified and meets ASTM International and US CPSC safety standards.

- **4-in-1 Convertibility:** Easily transitions from crib to toddler bed, daybed, and full-size bed. (Toddler kit No. M3899, full-size kit No. M4799 and full-size bunkie board No. M26058B sold separately).
- **GREENGUARD Gold Certified:** Tested for over 10,000 chemical emissions, promoting a healthier indoor air quality.
- **Adjustable Mattress Heights:** Features four adjustable mattress positions to accommodate your growing child.
- **Durable Construction:** Crafted from sustainably sourced New Zealand pine wood with hidden hardware for a clean aesthetic.

SETUP AND ASSEMBLY

The DaVinci Union 4-in-1 Convertible Crib requires assembly. All necessary components and hardware are included with the crib. For detailed, step-by-step assembly instructions, please refer to the official User Manual PDF available for download. Ensure all parts are present and undamaged before beginning assembly.

Important: Always follow the assembly instructions precisely to ensure the crib's structural integrity and safety. Do not substitute parts. Two adults are recommended for assembly.

OPERATING THE CONVERTIBLE CRIB

The Union Crib is designed for long-term use, adapting to your child's developmental stages. Its primary function is as a safe sleeping space, with adjustable mattress heights to ensure safety as your baby grows.

Mattress Height Adjustment

The crib features four adjustable mattress heights. The highest position is suitable for newborns, allowing easy access to your baby. As your child grows and becomes more mobile (e.g., begins to push up on hands and knees, or sit unassisted), the mattress support should be lowered to prevent climbing out. Always ensure the mattress is at the lowest position before your child can stand.

Conversion Options

This crib offers four conversion stages:

1. **Crib:** Standard configuration for infants.
2. **Toddler Bed:** Converts by removing the front rail and adding a toddler rail (sold separately, Model No. M3899). This allows your child to get in and out independently while providing a safety barrier.
3. **Daybed:** Converts by removing the front rail entirely, creating an open-front seating or sleeping area.
4. **Full-Size Bed:** Converts into a full-size bed frame using a full-size conversion kit (sold separately, Model No. M4799 and bunkie board No. M26058B).

MAINTENANCE AND CARE

Proper care and maintenance will extend the life of your DaVinci Union Convertible Crib and ensure its continued safety.

- **Cleaning:** Wipe the crib surfaces with a dry cloth or a damp cloth. Avoid using abrasive cleaners, strong detergents, or chemical solvents, as these can damage the finish and potentially harm your child.
- **Inspections:** Regularly check all screws, bolts, and hardware to ensure they are tight and secure. Loose hardware can compromise the crib's stability and safety.
- **Storage:** If disassembling for storage, keep all parts and hardware together in a safe place. Store in a dry, temperature-controlled environment to prevent warping or damage.
- **Repairs:** Do not attempt to repair damaged parts. Contact DaVinci customer support for replacement parts or professional repair advice.

TROUBLESHOOTING

While the DaVinci Union Convertible Crib is designed for durability and ease of use, occasional issues may arise. Here are some common concerns and general advice:

- **Squeaking or Wobbling:** This often indicates loose hardware. Re-tighten all screws and bolts. Ensure the crib is on a level surface.
- **Difficulty Adjusting Mattress Height:** Check for any obstructions or misaligned parts. Ensure the mattress support is properly seated in all four corners.
- **Missing Parts:** If you discover missing parts during assembly, do not proceed. Contact DaVinci customer support immediately for assistance.

If you encounter any issues not listed here or require further assistance, please refer to the "Support and Contact" section.

SPECIFICATIONS

Brand	DaVinci
Model Number	M3801G
Color	Grey
Material	Pine Wood
Product Dimensions (L x W x H)	54"L x 30"W x 34"H
Item Weight	35.6 Pounds
Maximum Weight Recommendation	50 Pounds
Special Feature	Convertible (4-in-1)
Certifications	GREENGUARD Gold Certified, JPMA Certified, Meets ASTM International and US CPSC Safety Standards
