Suncast BMDB3010

Suncast 30 Gallon Resin Outdoor Patio End Table Storage Box

Model: BMDB3010

Brand: Suncast

INTRODUCTION

Thank you for choosing the Suncast 30 Gallon Resin Outdoor Patio End Table Storage Box. This versatile and durable product is designed to enhance your outdoor living space by providing both functional storage and a convenient surface. Crafted from high-quality, all-weather resin, it offers a stylish solution for organizing your patio essentials while complementing your existing outdoor decor.

Figure 1: Suncast 30 Gallon Resin Outdoor Patio End Table Storage Box, Java.

KEY FEATURES

- **Outdoor Storage Table:** Features a 30-gallon capacity, ideal for various patio accessories.
- **Durable Construction:** Made from water-resistant poly resin that resists fading and rust, ensuring

longevity.

- **Decorative Design:** Java wicker pattern complements diverse exterior colors and enhances outdoor aesthetics.
- **Functional Lid:** Hinged lid allows for easy access to stored items. Designed to shed rainwater, keeping contents dry and free from mildew.
- **Medium Sized:** Measures 34" L x 20" W x 18" H, providing a suitable size for most outdoor spaces.

SETUP AND ASSEMBLY

This product requires assembly. While specific detailed instructions are typically included in the product packaging, the general process involves interlocking resin panels. Users have noted that assembly can be straightforward, though some panels may require firm pressure or a mallet to ensure proper seating. Ensure all screw holes align correctly before tightening fasteners.

OPERATING INSTRUCTIONS

The Suncast storage box serves a dual purpose as both an end table and a storage unit.

- **As an End Table:** Place the unit next to patio furniture to hold drinks, snacks, books, or decorative items. Its flat top provides a stable surface.
- **As a Storage Unit:** To access the storage compartment, simply lift the hinged lid. The lid is designed to open smoothly, allowing you to store or retrieve items such as outdoor cushions, blankets, garden tools, or children's toys. Close the lid firmly to ensure a secure and weather-resistant seal.

MAINTENANCE

The Suncast Resin Outdoor Patio End Table is designed for low maintenance. To keep your unit looking its best:

- **Cleaning:** Wipe down with a damp cloth and mild soap as needed. Avoid abrasive cleaners or harsh chemicals, which can damage the resin finish.
- **Weather Protection:** The all-weather resin is resistant to fading and rust. While designed for outdoor use, storing the unit indoors during extreme weather conditions (e.g., heavy snow, prolonged freezing temperatures) can further extend its lifespan.
- **Drainage:** Ensure the area around the base is clear to allow for proper water runoff and prevent pooling.

TROUBLESHOOTING

Most issues can be resolved with simple checks:

- **Lid not closing properly:** Check for any obstructions in the hinge mechanism or around the edges of the storage compartment. Ensure the unit is on a level surface.

- **Water inside the unit:** Verify that the lid is fully closed and sealed. Check for any cracks or damage to the resin panels. Ensure the unit is not sitting in standing water.
- **Stability issues:** Confirm that all panels are securely interlocked and all fasteners (if any) are tightened. Ensure the unit is placed on a flat, stable surface.

For persistent issues, please refer to the Warranty & Support section.

SPECIFICATIONS

Brand	Suncast
Model Number	BMDB3010
Color	Java
Material	Resin
Product Dimensions	34" L x 20" W x 18" H
Capacity	30 Gallons
Item Weight	24 Pounds
Closure Type	Flip Top (Hinged)
Water Resistance Level	Water Resistant
