## KRUPS F0344210F-2PK

# Krups F0344210F-2PK Pro Aroma 10 Cup Glass Carafe User Manual

Model: F0344210F-2PK | Brand: KRUPS

## INTRODUCTION

Welcome to the user manual for your new Krups F0344210F-2PK Pro Aroma 10 Cup Glass Carafe. This genuine replacement carafe is designed for specific Krups Pro Aroma Plus coffee machine models, ensuring a perfect fit and reliable performance. This manual provides essential information for the proper setup, operation, and maintenance of your glass carafe.

Image description: A pair of Krups F0344210F-2PK Pro Aroma 10 Cup Glass Carafes, each featuring a clear glass body, a black plastic lid, and an ergonomic black handle. The carafes are identical, presented side-by-side, highlighting their design and capacity.

## SETUP

### Initial Preparation

1. Unpack the carafe carefully from its packaging. Inspect for any signs of damage.
2. Before first use, wash the carafe and its lid thoroughly with warm, soapy water.
3. Rinse completely with clean water to remove all soap residue.
4. Dry the carafe and lid completely before placing it into your coffee machine.

## OPERATING INSTRUCTIONS

### Using Your Carafe

The Krups F0344210F-2PK glass carafe is designed to collect brewed coffee from compatible Krups Pro Aroma Plus coffee machines.

1. Ensure the carafe is clean and dry.
2. Place the carafe securely on the warming plate of your compatible Krups coffee machine. Ensure it is correctly seated to activate the drip-stop mechanism (if present on your machine) and prevent overflow.
3. After brewing, the carafe can be used to serve coffee. The black handle provides a secure grip, and the lid helps retain heat and prevent spills.
4. Always handle the glass carafe with care, especially when it contains hot liquids.

## MAINTENANCE AND CLEANING

### Care and Cleaning

Regular cleaning will extend the life of your carafe and ensure optimal coffee taste.

- After each use, empty any remaining coffee.
- Wash the carafe and lid with warm, soapy water. A soft brush or sponge can be used to clean the interior.
- For stubborn coffee stains, a mixture of white vinegar and water, or a specialized coffee machine cleaner, can be used. Allow it to soak for 30 minutes, then rinse thoroughly.
- Avoid using abrasive cleaners, scouring pads, or harsh chemicals, as these can scratch the glass or damage the plastic components.
- The carafe is generally *not recommended* for dishwasher use due to potential damage to the plastic handle or lid over time, and to prevent thermal shock to the glass. Hand washing is preferred.
- Store the carafe in a safe place to prevent accidental breakage.

## TROUBLESHOOTING

### Common Concerns

- **Carafe does not fit the coffee machine:** This carafe is specifically designed for Krups Pro Aroma Plus models 130, 136, 140, 145, 149, 152, 154, 177, 178, 264, 312, 313, 314, 464. Please verify your coffee machine model number. If you are unsure, contact KRUPS customer support.
- **Glass breakage:** Glass is fragile. Avoid sudden temperature changes (e.g., pouring cold water into a hot carafe), impacts, or dropping the carafe. Do not use if cracked or chipped.
- **Lid issues:** Ensure the lid is properly aligned and seated on the carafe. If the lid is damaged, it may affect heat retention and pouring.

For issues not covered here, please refer to the support section.

## SPECIFICATIONS

### Product Specifications
