2. Setup

The Advantus Photo Keeper comes pre-assembled and ready for use. No tools or complex assembly steps are required.

1. **Unpack:** Carefully remove the Photo Keeper from its packaging.
2. **Inspect:** Check all components for any signs of damage. Ensure all six individual photo cases are present within the main outer box.
3. **Prepare:** The cases are made of acid-free plastic, suitable for direct storage of photos and other sensitive materials. No special preparation is needed before loading your items.

3. Usage

The Advantus Photo Keeper is designed for intuitive use, allowing for efficient organization and easy access to your

stored items.

Opening the Outer Box:

1. Locate the two snap closures on the front of the outer box.
2. Gently lift each snap closure to release the lid.
3. Open the lid to access the individual photo cases inside.

Using Individual Photo Cases:

1. Remove an individual case from the outer box.
2. Open the single snap closure on the front of the individual case.
3. Place your 4" x 6" photos, cards, craft items, or other small memorabilia inside. Each case can hold approximately 100 photos.
4. Close the snap closure firmly to secure the contents.
5. Return the filled individual case to the outer box.

Organization Tips:

- Use each individual case to categorize items (e.g., by date, event, person, or craft type).
- Label the cases with adhesive labels or markers for quick identification of contents.
- The clear design allows for visual inspection of contents without opening the cases.

4. Maintenance

To ensure the longevity and pristine condition of your Advantus Photo Keeper, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the outer box and individual cases with a soft, damp cloth. For stubborn marks, a mild soap solution can be used. Avoid abrasive cleaners or harsh chemicals, as these may scratch or damage the plastic.
- **Drying:** Ensure all components are completely dry before closing or storing any items, especially photos, to prevent moisture damage.
- **Storage:** Store the Photo Keeper in a cool, dry place away from direct sunlight or extreme temperatures to prevent material degradation.
- **Handling:** While durable, avoid dropping the cases or subjecting them to excessive force to prevent cracks or damage to the snap closures.

5. Troubleshooting

If you encounter any issues with your Advantus Photo Keeper, refer to the following common solutions:

- **Cases not closing securely:**
  - Ensure no items are obstructing the snap closures.
  - Check if the lid is properly aligned with the base before attempting to close.

- Avoid overfilling individual cases, as this can prevent proper closure.

- **Difficulty opening cases:**
  - Apply gentle, even pressure to the snap closure. Avoid excessive force.
  - Ensure hands are clean and dry for better grip.

- **Scratches or cloudiness on plastic:**
  - Use only soft cloths and mild cleaning solutions as recommended in the Maintenance section.
  - Avoid stacking heavy objects directly on top of the cases, especially if they have rough surfaces.
