Frigidaire EFIC101BLACK

User Manual

FRIGIDAIRE EFIC101-BLACK Ice Maker Machine

Model: EFIC101BLACK | Brand: Frigidaire

Introduction

The FRIGIDAIRE EFIC101-BLACK Ice Maker is a compact and portable countertop appliance designed to provide fresh ice quickly and conveniently. Ideal for home, kitchen, office, or bar use, this machine produces up to 26 pounds of ice daily and offers two adjustable ice cube sizes to suit your preferences. Its electronic controls and LED indicators simplify operation, letting you know when the ice basket is full or when water needs to be added. Enjoy a continuous supply of ice for all your beverages and gatherings.

Important Safety Information

Please read all instructions carefully before operating this appliance to ensure safe and efficient use. Keep this manual for future reference.

- Always place the ice maker on a stable, level surface away from direct sunlight or heat sources.
- Ensure the unit is properly grounded and connected to a suitable power outlet.
- Do not immerse the appliance, power cord, or plug in water or other liquids.
- Keep children and pets away from the appliance during operation.
- Unplug the ice maker before cleaning or when not in use for extended periods.
- Do not block any ventilation openings.
- This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

What's in the Box

Upon unpacking your FRIGIDAIRE EFIC101-BLACK Ice Maker, please ensure all components are present and in good condition:

- Ice Maker Unit
- Ice Shovel
- Ice Basket

Setup

1. **Unpack:** Carefully remove the ice maker and all accessories from the packaging.
2. **Placement:** Place the unit on a flat, stable, and heat-resistant surface. Ensure there is adequate ventilation around the appliance.
3. **Clean:** Before first use, clean the interior of the ice maker, including the water reservoir and ice basket, with a soft cloth and mild detergent. Rinse thoroughly.
4. **Power Connection:** Plug the ice maker into a grounded electrical outlet.

Operating Instructions

The FRIGIDAIRE EFIC101-BLACK Ice Maker is designed for simple operation. Follow these steps to start making ice:

1. **Add Water:** Open the lid and fill the 2.3-quart water reservoir with clean, potable water up to the MAX fill line. Do

not overfill.

2. **Power On:** Press the **ON/OFF** button on the control panel to turn on the unit. The POWER indicator light will illuminate.
3. **Select Ice Size:** Press the **SELECT** button to choose your desired ice cube size: **S** (Small) or **L** (Large). The corresponding indicator light will illuminate.
4. **Ice Production:** The ice maker will begin the ice-making cycle. The first batch of ice can be ready in as little as 9 minutes.
5. **Ice Full Indicator:** When the ice basket is full, the **ICE FULL** indicator light will turn on, and the unit will pause ice production. Remove ice from the basket to resume production.
6. **Add Water Indicator:** If the water level in the reservoir is too low, the **ADD WATER** indicator light will turn on. Add more water to continue ice production.
7. **Storing Ice:** The ice maker is not a freezer. For long-term storage, transfer the ice cubes to a freezer.

Maintenance and Cleaning

Regular cleaning and maintenance will ensure the longevity and optimal performance of your ice maker.

1. **Daily Cleaning:** After each use, drain any remaining water from the reservoir using the drain plug located at the bottom. Wipe the interior with a soft, damp cloth.
2. **Weekly Cleaning:** For a more thorough cleaning, prepare a solution of water and a small amount of white vinegar or a mild, non-abrasive cleaner. Clean the water reservoir, ice basket, and ice-making components. Rinse thoroughly with clean water.
3. **Exterior Cleaning:** Wipe the exterior of the unit with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
4. **Storage:** If storing the ice maker for an extended period, ensure it is completely dry before packing it away.

Troubleshooting

If you encounter issues with your ice maker, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Ice maker not producing ice.	No water in reservoir; unit not powered on; ambient temperature too high.	Fill water reservoir; ensure unit is plugged in and powered on; operate in a cooler environment.
"ADD WATER" indicator is on.	Water level is too low.	Add water to the reservoir up to the MAX fill line.
"ICE FULL" indicator is on.	Ice basket is full.	Remove ice from the basket.

Problem	Possible Cause	Solution
Ice cubes are small or clumpy.	Water temperature too high; insufficient water flow.	Use colder water; ensure water pump is not obstructed.
Unit is noisy.	Normal operation sounds (compressor, fan, ice dropping).	This is usually normal. If noise is excessive or unusual, contact customer support.

Specifications

Brand: Frigidaire

Model Name: EFIC101-BLACK
