ZJchao zjchao-034

ZJchao 24K Gold Dipped Rose Flower Instruction Manual

Model: zjchao-034

INTRODUCTION

Welcome to your ZJchao 24K Gold Dipped Rose Flower. This exquisite item is a real rose, carefully preserved and plated with 24K gold, designed for lasting beauty. This manual provides essential information for its care and display, ensuring you can appreciate its elegance for years to come.

PRODUCT OVERVIEW

The ZJchao 24K Gold Dipped Rose is a unique decorative piece crafted from a natural rose. Each rose undergoes a meticulous process to preserve its form and enhance it with a layer of 24K gold, resulting in a durable and visually stunning item.

Key Features:

- **Real Rose Preservation:** A natural rose is selected and carefully preserved to maintain its original shape and intricate details.
- **24K Gold Plating:** The preserved rose is meticulously dipped in 24K gold, providing a luxurious finish and enhanced durability.
- **Unique Craftsmanship:** Due to the natural variations of real roses, each ZJchao gold-dipped rose is naturally distinct and one-of-a-kind.

CRAFTSMANSHIP AND DESIGN

The creation of each ZJchao 24K Gold Dipped Rose involves a detailed, multi-step process to ensure its quality and longevity. This intricate method transforms a delicate natural rose into a lasting work of art.

Design Elements:

- **Natural Shape:** A real rose is carefully selected for its quality and natural form, ensuring authenticity.
- **Gold Plated:** The entire rose, including petals, stem, and leaves, is plated with 24K gold for protection and lasting beauty.
- **Real Flower Structure:** The leaf and flower pulp are meticulously removed, preserving the delicate leaf vein fibers before the gold-dipping process.

Naive pure and respect

The Flower Language Of White Roses

- I Only Love You In My Life, Enough
- Because Of You, My World Has Become Naive Ever Since
- Give It To Someone You Have A Crush On And Express Your Pure Love

Detailed view of the ZJchao 24K Gold Dipped Rose, highlighting its natural shape, 24K gold plating, and preserved real flower structure.

Manufacturing Process:

The 24K gold plating process involves several precise steps:

1. **Picking Roses:** Fresh, high-quality roses are carefully selected.
2. **Selecting/Petal Preparation:** Petals are prepared and arranged.
3. **Drying Petals:** The rose petals undergo a drying process.
4. **Assembling Petals:** Petals are reassembled or reinforced as needed to maintain the rose's form.
5. **Gold-plating:** The rose is electroplated with a layer of 24K gold.
6. **Finish:** Final touches and quality inspections are performed to ensure a perfect product.

SETUP AND DISPLAY

Unboxing:

Carefully remove the ZJchao 24K Gold Dipped Rose from its protective packaging. The rose is typically presented in a sturdy gift box designed to secure it during transit and provide an elegant presentation.

ROMANTIC GIFT FOR HER

Gift for Girlfriend

Gift for Mom

Gift for Wife

Gift for Sister

The ZJchao 24K Gold Dipped Rose presented within its protective gift box.

Placement:

This decorative rose is primarily intended for indoor display. Choose a stable, flat surface away from direct sunlight, extreme temperatures, and high humidity to preserve its appearance and prevent any potential damage to the gold plating or preserved structure.

The rose can be displayed in a suitable vase or as a standalone decorative item on a shelf, desk, or mantelpiece.

CARE AND MAINTENANCE

Cleaning:

To clean the rose, gently wipe it with a soft, dry, lint-free cloth. Avoid using abrasive cleaners, chemical solvents, or excessive moisture, as these can damage the delicate gold plating or the preserved rose structure. Do not submerge in water.

Handling:

Handle the rose with care to prevent bending or breaking the delicate stem and petals. While the gold plating adds durability, the underlying preserved rose is still fragile. Avoid dropping the item.

Storage:

If storing the rose, return it to its original protective box or a similar padded container to prevent dust accumulation and accidental damage. Store in a cool, dry place away from direct light and temperature fluctuations.

TROUBLESHOOTING

Minor Dust Accumulation:

If dust accumulates on the rose, gently brush it off with a soft, dry brush (like a soft makeup brush) or a lint-free cloth. Do not use water or cleaning sprays.

Accidental Damage:

In case of accidental damage such as bending or breaking of the stem or petals, repair is generally not possible without affecting the aesthetic integrity of the item. The product is designed as a delicate decorative piece, and careful handling is recommended to prevent such occurrences.

PRODUCT SPECIFICATIONS

Feature	Detail
Brand	ZJchao
Plant Type	Rosa (Real Rose)
Color	Beige (Gold-plated)
Material	24K gilded real gold rose
Product Length	Approximately 11.5 inches
Item Weight	0.32 ounces (9.07 g)
