## 2. SAFETY INSTRUCTIONS

- Always ensure the appliance is placed on a stable, flat, heat-resistant surface.
- Do not immerse the power base in water or any other liquid.
- Keep out of reach of children.
- Do not operate the appliance with a damaged cord or plug.
- Avoid touching hot surfaces. The jug and its contents can become hot during operation.
- Only use the provided whisk and basket with the appliance.

- Unplug the appliance from the power outlet when not in use and before cleaning.

### 3. SETUP

#### Unpacking and Initial Cleaning:

1. Carefully remove all packaging materials.
2. Wash the cordless jug, whisk, and lid with warm, soapy water. Rinse thoroughly and dry.
3. Wipe the power base with a damp cloth. Do not immerse the base in water.

#### Assembly:

1. Place the power base on a dry, flat surface.
2. Insert the desired attachment (whisk for frothing milk, basket for hot chocolate) into the center of the jug.
3. Place the jug onto the power base.

### Cleaning the Jug and Attachments:

1. After each use, immediately rinse the jug and attachments to prevent milk residue from drying.
2. The jug and removable whisk/basket are dishwasher safe for convenient cleaning.
3. For manual cleaning, use warm, soapy water and a soft sponge. Avoid abrasive cleaners or scourers that could damage the non-stick coating.
4. Ensure all parts are completely dry before reassembling or storing.

### Cleaning the Power Base:

- Wipe the power base with a soft, damp cloth.
- Never immerse the power base in water or any other liquid.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Appliance does not turn on.	Not plugged in correctly; power outage.	Check power connection; ensure power outlet is functional.
Milk not frothing properly.	Incorrect whisk attachment; milk level too high/low; type of milk used.	Ensure whisk is correctly inserted; check milk levels against markings; some milk types (e.g., skim milk) froth better.
Milk burning at the bottom of the jug.	Excessive milk residue; prolonged heating.	Clean jug thoroughly after each use; ensure not to exceed maximum fill lines.
Hot chocolate not mixing well.	Incorrect attachment; large chocolate pieces.	Use the basket attachment; break chocolate into smaller pieces or use powder.
