Gleener GN-GLB

GLEENER Fabric Shaver & Lint Brush Instruction Manual

This manual provides detailed instructions for the safe and effective use of your GLEENER Battery-Free Fabric Shaver & Lint Brush. Designed to gently remove fuzz, fabric pills, and pet hair, this versatile tool helps restore your clothing and upholstery to a like-new condition.

PRODUCT OVERVIEW

The GLEENER Fabric Shaver & Lint Brush is an innovative 4-in-1 tool that offers a sustainable and efficient solution for fabric care. Unlike electric shavers, it operates without batteries or electricity, ensuring a gentle yet powerful performance without the risk of snagging or damaging delicate materials. It features three interchangeable fabric-safe edges tailored for different fabric types, along with a built-in lint brush for finishing touches.

Figure 1: The GLEENER Fabric Shaver & Lint Brush with its components.

COMPONENTS

Your GLEENER Fabric Shaver & Lint Brush package includes:

- **GLEENER Ergonomic Handle:** The main body of the tool, designed for comfortable grip and ease of use.
- **3 Fabric-Safe Interchangeable Edges:** These edges are designed to safely depill various fabric textures.
 - **Edge 1 (Big & Bulky):** Ideal for heavy and bulky fabrics like wool, synthetics, and blends.
 - **Edge 2 (Medium):** Suitable for medium-weight fabrics such as cashmere, merino, finer wools, and fleece.
 - **Edge 3 (Delicate):** Perfect for delicate fibers like summer knits, t-shirts, silks, and linens.
- **Integrated Lint Brush:** Located on the opposite side of the shaver, used for removing pet hair, dust, and dandruff.
- **Travel Pouch:** A compact drawstring pouch for convenient storage and portability.

3 FABRIC-SAFE EDGES

Each carefully designed edge targets a different kind of fuzz ball — from big and bulky to medium and super fine.

ERGONOMIC & BATTERY-FREE

The soft grip ergonomic handle makes de-pilling large surfaces a cinch. The patented battery-free design is friendlier for the planet and your pocketbook.

PROFESSIONAL RESULTS

Gleener products are trusted by dry cleaners and restoration professionals to bring fabrics of all types back to life.

Figure 6: The integrated lint brush for quick cleanups.

SETUP

1. **Select the Appropriate Edge:** Choose the fabric-safe edge that best matches the material you intend to treat. Refer to the "Components" section for guidance on edge selection.
2. **Attach the Edge:** Align the chosen edge with the slot on the shaver head and press the quick-release button to securely click it into place. Ensure it is firmly attached before use.

REVIVE YOUR WARDROBE

- Sweaters
- Fleece
- T-shirts
- Winter gear
- Hand knits
- Pants & skirts
- Coats, suits, & jackets

OPERATING INSTRUCTIONS

1. **Prepare the Fabric:** Lay the item flat on a firm, clean surface. For clothing, ensure it is stretched taut to prevent creasing or damage during depilling.
2. **Depilling:** Hold the GLEENER tool firmly and apply gentle, consistent strokes across the pillied area. Use short, controlled movements. The selected edge will safely lift and remove fuzz and pills.
3. **Lint Removal:** Once depilling is complete, flip the tool over to use the integrated lint brush. Use sweeping motions to collect any remaining lint, pet hair, or debris.

Gleener® FABRIC SHAVER & LINT BRUSH

- ✔ Lint brush included
Collects lint, dust & dandruff
- ✔ 3 Fabric Safe Edges™
Gentle on different textures
- ✔ Battery-free and sustainable

Edge life 2-3 years
10+ Sweaters

BATTERY/ELECTRIC FABRIC SHAVER

- Lint trap fills quickly and jams blades
Motor overheats and burns out
- Sharp blades
Risk damage to fabrics
- Short battery life

Battery-life: 29.07min
1.4 Sweaters

Figure 8: The three-step process for using the Gleener.

Tips for Best Results:

- Always test on an inconspicuous area first to ensure compatibility with the fabric.
- For stubborn pills, try adjusting the angle or pressure slightly.
- The battery-free design allows for precise control, reducing the risk of fabric damage.

MAINTENANCE

To ensure the longevity and optimal performance of your GLEENER Fabric Shaver & Lint Brush:

- **Clean the Edges:** Regularly remove accumulated fuzz and lint from the fabric-safe edges. The quick-release button allows for easy removal of the edges for cleaning.
- **Clean the Lint Brush:** The integrated lint brush can be cleaned by hand or by using a damp cloth to remove collected debris.
- **Storage:** Store the tool and its interchangeable edges in the provided travel pouch to keep them clean and protected.

Figure 10: The Gleener tool and its accessories stored in the travel pouch.

TROUBLESHOOTING

Issue: Fuzz/pills are not being removed effectively.

- **Solution 1:** Ensure you are using the correct fabric-safe edge for the material. Refer to the "Components" section for guidance.
- **Solution 2:** Apply slightly more pressure or try different stroke directions.
- **Solution 3:** Ensure the fabric is laid flat and taut.

Issue: Fabric appears snagged or damaged.

- **Solution 1:** You might be using an edge that is too aggressive for the fabric. Switch to a more delicate edge.
- **Solution 2:** Reduce the pressure applied during strokes.
- **Solution 3:** Always test on an inconspicuous area first.
