Milwaukee Leather SH814

Milwaukee Leather SH814 Men's Waterproof Gauntlet Motorcycle Gloves

Model: SH814

INTRODUCTION

This manual provides essential information for the proper use, care, and maintenance of your Milwaukee Leather SH814 Men's Waterproof Gauntlet Motorcycle Gloves. Designed for motorcycle riders, these gloves feature a combination of leather and textile materials, thermal lining, gel padding, and a waterproof design to enhance comfort and protection during various riding conditions.

KEY FEATURES

- **Thermal Lined Interior:** Designed for heat retention and weather resistance, suitable for fall, winter, and spring riding.
- **Gel Padded Palm, Knuckles, and Fingers:** Provides enhanced safety and protection.
- **Throttle Grip Cloth:** Located on the palm and around the thumb for improved anti-slip properties, control, and grip.
- **Reflective Piping:** Integrated on the wrist for increased visibility during low-light conditions.
- **Premium Cowhide Leather:** Offers windproof protection, durability, and comfort.
- **Waterproof Design:** Ensures a dry ride in wet conditions.
- **Adjustable Wrist Strap and Cinch Closure:** For a customized and secure fit.

SETUP AND FITTING

1. **Select Correct Size:** Refer to the sizing chart in the Specifications section to ensure an appropriate fit. A proper fit is crucial for comfort and protection.
2. **Donning the Gloves:** Slide your hand into the glove, ensuring fingers are fully seated in each digit.
3. **Adjusting the Straps:** Secure the adjustable wrist strap and cinch closure for a snug fit around your wrist. An additional adjustable strap on the back of the hand allows for further customization. Ensure the gloves are secure but not overly tight, allowing for full range of motion and blood circulation.

The stretch cuff is designed to stay in place and prevent slipping during use.

OPERATING INSTRUCTIONS

These gloves are intended for motorcycle riding and related powersports activities. Their design incorporates features to enhance safety and comfort:

- **Protection:** The gel padding on the palm, knuckles, and fingers is designed to absorb impact and protect your hands.
- **Grip:** The throttle grip cloth on the palm and thumb helps maintain a secure grip on handlebars, even in challenging conditions.
- **Visibility:** Reflective piping on the wrist improves your visibility to others, especially when riding at night or in low-light environments.
- **Weather Resistance:** The waterproof construction and thermal lining provide protection against cold and wet weather, keeping your hands warm and dry.

MAINTENANCE AND CARE

Proper care will extend the life and performance of your gloves.

- **Cleaning:** The manufacturer recommends **Dry Clean Only** for these gloves. Do not machine wash, tumble dry, or iron.
- **Drying:** If gloves become wet, allow them to air dry naturally away from direct heat sources (e.g., radiators, direct sunlight). Do not force dry.
- **Storage:** Store gloves in a cool, dry place away from direct sunlight and extreme temperatures. Ensure they are completely dry before storing to prevent mildew or damage to the leather.
- **Leather Conditioning:** Periodically apply a leather conditioner suitable for cowhide to maintain the leather's suppleness and prevent cracking. Follow the conditioner product's instructions.

TROUBLESHOOTING

- **Fit Issues:** If gloves feel too tight or too loose, re-check your hand measurements against the sizing chart. Leather may stretch slightly over time with use.
- **Reduced Water Resistance:** While designed to be waterproof, prolonged exposure to heavy rain or extreme conditions may test the limits of any waterproof material. Ensure the gloves are properly dried and maintained.
- **Liner Damage:** Avoid excessive force when putting on or removing gloves, especially if hands are wet, to prevent damage to the internal lining.
- **General Wear and Tear:** Leather is a natural material and will show signs of wear over time. Regular maintenance can help preserve its appearance and integrity.

For issues not covered here, please contact Milwaukee Leather customer support or your retailer.

SPECIFICATIONS

Feature	Detail
Product Name	Milwaukee Leather Men's Black Leather Waterproof Gauntlet Motorcycle Gloves w/Textile and Leather
Model Number	SH814
