Glacier Bay Aragon Wall-Mount Bathroom Sink Instruction Manual

Model: 13-0010-ADA

Brand: Glacier Bay

1. INTRODUCTION

This instruction manual provides detailed information for the installation, operation, and maintenance of your Glacier Bay Aragon Wall-Mount Bathroom Sink. Please read this manual thoroughly before beginning installation or use to ensure proper function and safety. Keep this manual for future reference.

Important Safety Information:

- Always turn off the main water supply before beginning any plumbing work.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- If you are unsure about any part of the installation process, consult a qualified plumber.
- Ensure all connections are secure and leak-free before restoring water supply.

2. PRODUCT OVERVIEW

The Glacier Bay Aragon Wall-Mount Bathroom Sink is designed for modern bathrooms, offering a space-saving and ADA-compliant solution. Its durable ceramic construction ensures longevity and easy maintenance.

Figure 2.1: An overhead view of the Glacier Bay Aragon Wall-Mount Bathroom Sink, showcasing its white ceramic finish, square basin, and pre-drilled holes for a 4-inch centerset faucet. A chrome faucet is shown installed.

Key Features:

- ADA compliant basin for accessibility.
- Front overflow drain hole to prevent spills.
- Designed for use with a 4-inch centerset faucet (sold separately).
- Durable ceramic material in a white finish.
- Contemporary square shape.
- Wall-mount installation for space efficiency.

3. SETUP AND INSTALLATION

3.1 Before You Begin:

- Unpack all components and inspect for any damage. Do not install if damaged.
- Ensure you have all necessary tools and additional components (faucet, drain assembly, supply lines, mounting hardware).
- Locate the studs in your wall for secure mounting.
- Turn off the main water supply to the bathroom.

3.2 Tools Required (Not Included):

- Adjustable wrench

- Screwdriver (Phillips and flathead)
- Drill with appropriate bits
- Level
- Measuring tape
- Pencil
- Plumber's putty or silicone sealant
- Safety glasses and gloves

3.3 Installation Steps:

1. **Prepare the Wall:** Determine the desired height for the sink. Mark the mounting points on the wall, ensuring they align with the sink's mounting holes. Use a level to ensure accuracy.
2. **Install Mounting Brackets:** Securely attach the wall-mount brackets (if included with the sink or purchased separately) to the wall studs using appropriate fasteners. The sink also features side holes for additional mounting stability if desired.
3. **Install Faucet and Drain:** Install your chosen 4-inch centerset faucet and pop-up drain assembly onto the sink according to their respective manufacturer's instructions. Use plumber's putty or silicone sealant as required to ensure watertight seals.
4. **Mount the Sink:** Carefully lift the sink and align its mounting holes with the installed wall brackets. Secure the sink to the brackets. Ensure the sink is level and firmly attached to the wall.
5. **Connect Water Supply Lines:** Connect the hot and cold water supply lines from your wall stops to the faucet's inlets. Tighten connections securely with an adjustable wrench, but do not overtighten.
6. **Connect Drain Assembly:** Connect the sink's drain tailpiece to your P-trap and the main drain line. Ensure all drain connections are tight and sealed to prevent leaks.
7. **Test for Leaks:** Slowly turn on the main water supply. Check all water supply and drain connections for leaks. Run water through the faucet and fill the basin to check the overflow and drain for proper function and leaks.

4. OPERATING INSTRUCTIONS

Operating your Glacier Bay Aragon Wall-Mount Bathroom Sink is straightforward. Once installed and connected to a faucet, simply use the faucet handles to control water flow and temperature. The sink's design, with its deeper bowl towards the bottom and ample backspace, helps to minimize splashback and provides convenient space for hand soap or other toiletries.

The front overflow drain hole is designed to prevent the basin from overflowing if the main drain becomes blocked or the faucet is left running. Ensure this overflow is kept clear of debris for optimal function.

5. MAINTENANCE AND CARE

Proper care will help maintain the appearance and longevity of your Glacier Bay Aragon Wall-Mount Bathroom Sink.

5.1 Cleaning:

- For daily cleaning, simply wipe the sink with a soft, dry cloth after each use to prevent water spots and soap scum buildup.
- For more thorough cleaning, use a mild, non-abrasive cleaner specifically designed for ceramic or porcelain surfaces.
- Avoid using harsh chemicals, abrasive scrubbers, or acidic cleaners, as these can damage the finish.
- Rinse thoroughly with water after cleaning and dry with a soft cloth.

5.2 General Care:

- Do not place extremely hot objects directly on the sink surface.
- Avoid dropping heavy or sharp objects into the basin, which could chip or crack the ceramic.
- Regularly check for and address any leaks from the faucet or drain connections to prevent water damage to surrounding areas.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your bathroom sink. For complex problems, it is recommended to contact a professional plumber.

Problem	Possible Cause	Solution
Sink Drains Slowly	Clog in drain or P-trap.	Remove and clean the pop-up drain stopper. Clear any visible debris. If necessary, disassemble and clean the P-trap.
Water Leaks from Connections	Loose connections or worn seals.	Turn off water supply. Tighten all water supply and drain connections. Replace worn washers or seals if needed. Apply plumber's tape or sealant if necessary.
Sink is Not Level	Improper installation of mounting brackets.	Carefully re-adjust the mounting brackets or shims to ensure the sink is perfectly level. Re-tighten all fasteners.

7. SPECIFICATIONS

Attribute	Detail
Brand	Glacier Bay
Model Number	13-0010-ADA
Color	White
Material	Ceramic
Style	Contemporary
Installation Type	Wall-Mount
Shape	Square
Drain Type	Pop-Up
Product Care Instructions	Wipe with Dry Cloth
Item Weight	39.4 pounds
Package Dimensions	19.7 x 19.1 x 9.4 inches
UPC	721015340539
Manufacturer	Foremost Groups, Inc.

8. WARRANTY AND SUPPORT

Specific warranty information for the Glacier Bay Aragon Wall-Mount Bathroom Sink is not provided in the available product data. For details regarding warranty coverage, claims, or technical support, please contact Glacier Bay customer service directly or refer to the product packaging.

It is recommended to retain your proof of purchase for any warranty-related inquiries.
