Bloom B00L7VJ6M4

Bloom Dual-Action Electric Mosquito Repellent Device Instruction Manual

Model: B00L7VJ6M4

For effective protection against common and tiger mosquitoes.

1. INTRODUCTION

The Bloom Dual-Action Electric Mosquito Repellent Device is designed to effectively eliminate common mosquitoes and tiger mosquitoes. This device utilizes a concentrated, fragrance-free formula to provide continuous protection. Each refill offers up to 45 nights of protection (based on 8 hours of use per night). Bloom is an expert brand committed to the development of insecticides since 1964, ensuring high-quality and effective solutions for your peace of mind.

2. IMPORTANT SAFETY INFORMATION

Always read and follow all instructions and warnings before use. Keep out of reach of children and pets.

- This device can be used even in the presence of babies aged 6 months and older, for up to 12 hours a day.
- The product is effective even with lights on.
- The liquid refill contains Bitrex, a bittering agent to help prevent accidental ingestion by children.
- Always exercise caution when using electrical devices.
- The device protects against mosquitoes that can transmit viruses such as ZIKA, DENGUE, or WEST NILE.
- Ensure proper ventilation when using the device.

**Protege de
mosquitos que
pueden transmitir
virus como
ZIKA, DENGUE
• NILO
OCCIDENTAL**

3. PACKAGE CONTENTS

Your Bloom Dual-Action Electric Mosquito Repellent Device package includes:

- 1 x Electric Mosquito Repellent Device
- 2 x Liquid Refills (each providing up to 45 nights of protection)

4. SETUP

1. **Unpack the Device:** Carefully remove the electric device and liquid refill from the packaging.
2. **Prepare the Refill:** Unscrew the cap from the liquid refill bottle.
3. **Insert the Refill:** Insert the liquid refill bottle into the electric device and screw it in gently until it is secure. Do

not overtighten. Ensure the bottle is upright when inserted.

4. **Plug into Outlet:** Plug the device into a standard electrical outlet (230V). Ensure the device remains in an upright position.

Image: The Bloom electric mosquito repellent device plugged into a wall outlet, demonstrating its use even with an open window.

5. OPERATING INSTRUCTIONS

Once plugged in, the device will begin to diffuse the repellent. The Bloom device offers adjustable protection levels:

- **Standard Mode:** Provides continuous protection for up to 45 nights (8 hours/night).
- **Max Mode:** Activate the 'Max' setting on the device's efficacy regulator for enhanced protection. In Max mode, the device operates with increased intensity, similar to having two devices connected, providing maximum possible protection. This mode is particularly useful in areas with high mosquito activity or larger rooms.

The device is effective in a room of 30 m² within 35 minutes of activation. It works effectively even with open windows and lights on.

6. MAINTENANCE

The Bloom Electric Mosquito Repellent Device requires minimal maintenance.

- **Refill Replacement:** When the liquid in the bottle is depleted, unplug the device from the outlet. Unscrew the empty bottle and replace it with a new Bloom liquid refill, following the setup instructions.
- **Cleaning:** To clean the exterior of the device, unplug it and wipe with a dry cloth. Do not use water or cleaning solutions directly on the device.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not working	Not plugged in correctly; power outage; empty refill.	Ensure device is securely plugged in; check power supply; replace refill if empty.
Reduced effectiveness	Refill nearly empty; large room size; high mosquito activity.	Replace refill; activate Max mode; consider using multiple devices for very large spaces.
Unusual odor	First-time use; dust accumulation.	A slight odor may occur during initial use. If persistent or strong, unplug and contact support. Ensure device is clean.

8. SPECIFICATIONS

- **Item Form:** Liquid
- **Brand:** Bloom
- **Target Species:** Common Mosquitoes, Tiger Mosquitoes
- **Number of Units:** 1 Device + 2 Refills
- **GTIN:** 08436032711065, 18436032711062
- **Protection Duration per Refill:** Up to 45 nights (8 hours/night)
- **Coverage:** Effective in rooms up to 30 m²

9. WARRANTY AND SUPPORT

Information regarding specific warranty terms or direct customer support contacts was not available in the provided product data. Please refer to the product packaging or the official Bloom website for detailed warranty information and customer service contacts.
