Graco Benton 5-in-1 Convertible Crib Instruction Manual

Model: **04530-219** | Brand: **Graco**

PRODUCT OVERVIEW

The Graco Benton 5-in-1 Convertible Crib is designed to adapt to your child's growth, converting from a baby crib to a toddler bed, daybed, and full-size bed. Crafted from durable pine wood, engineered wood, and wood composites, this crib meets or exceeds applicable ASTM and CPSIA safety standards and is GREENGUARD Gold and JPMA Certified.

This manual provides essential information for the safe assembly, operation, maintenance, and conversion of your Graco Benton crib.

SAFETY INFORMATION

WARNING: Failure to follow these warnings and the assembly instructions could result in serious injury or death.

- Read all instructions before assembling the crib. Keep instructions for future use.
- Do not use this crib if you cannot exactly follow the accompanying instructions.
- This crib may only be used until your child can easily climb out or is taller than 35 inches (89 cm).
- Ensure all hardware is securely tightened. Periodically check all fasteners for tightness.
- Do not use a water mattress with this crib.
- To prevent falls, when the child is able to pull to a standing position, set the mattress support to the lowest position.
- Strangulation Hazard: Strings and cords can cause strangulation. NEVER place items with a string around a child's neck, such as hood strings or pacifier cords. NEVER suspend strings over a crib or attach strings to toys.
- SIDS Hazard: To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their backs to sleep, unless otherwise advised by your physician.

This product is GREENGUARD Gold Certified and JPMA Certified, ensuring it meets rigorous chemical emissions standards and safety requirements.

INCLUDED COMPONENTS

Your Graco Benton 5-in-1 Convertible Crib package includes the following:

- Graco Benton 4-in-1 Convertible Crib components (sides, ends, mattress support)
- All necessary hardware for assembly
- Assembly Instruction Manual (this document)

Please inspect all components upon receipt to ensure no parts are missing or damaged. If any parts are missing or damaged, do not use the crib and contact customer support immediately.

SETUP AND ASSEMBLY

Assembly of the Graco Benton crib requires two adults. Please refer to the detailed step-by-step instructions provided in the included Assembly Instruction Manual PDF for visual guidance and specific hardware usage.

Before you begin:

- Clear a spacious area for assembly.
- Identify all parts and hardware.
- Use only the hardware provided by the manufacturer.
- Do not over-tighten screws.

For a comprehensive visual guide, you can download the official Installation Manual:

OPERATING AND CONVERSION

The Graco Benton 5-in-1 Convertible Crib offers multiple configurations to grow with your child.

Mattress Height Adjustment

The crib features an adjustable mattress support base with 3 different height options. Adjust the mattress height based on your child's developmental stage:

1. **Highest Position:** For newborns and infants who cannot push up on their hands and knees.

2. **Middle Position:** For infants who can push up on their hands and knees but cannot pull themselves to a standing position.
3. **Lowest Position:** For children who can pull themselves to a standing position. This position helps prevent falls.

Always ensure the mattress fits snugly without gaps larger than 1 inch (2.5 cm) between the mattress and crib sides.

Conversion Modes

- I. **Crib:** Standard baby crib configuration.
- II. **Toddler Bed:** Converts by removing the front rail and adding the Graco Universal Toddler Safety Guardrail Kit (01340-60x Series), sold separately.
- III. **Daybed:** Converts by removing the front rail.
- IV. **Full-Size Bed (Headboard Only):** Requires the Graco Full-Size Bed Conversion Kit, sold separately.
- V. **Full-Size Bed (Headboard & Footboard):** Requires the Graco Full-Size Bed Conversion Kit, sold separately.

Detailed conversion instructions for each mode are provided in the comprehensive Installation Manual PDF.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Graco Benton crib.

- **Cleaning:** Wipe surfaces with a damp cloth. Avoid abrasive cleaners or strong chemicals, as they may damage the finish.
- **Inspections:** Periodically check all screws, bolts, and fasteners to ensure they are tight and secure. Loose hardware can pose a safety risk.
- **Storage:** If storing the crib, do so in a dry, temperature-controlled environment to prevent warping or damage to the wood.
- **Repairs:** Do not attempt to repair damaged parts. Contact customer support for replacement parts or professional repair advice.

TROUBLESHOOTING

Most issues can be resolved by reviewing the assembly instructions and ensuring all parts are correctly installed and tightened.

Problem	Possible Cause	Solution
Crib feels wobbly or unstable.	Loose hardware.	Check and tighten all screws and bolts. Do not over-tighten.
Parts do not align during assembly.	Incorrect orientation of parts or misaligned holes.	Refer to the assembly manual to ensure parts are oriented correctly. Loosen screws, realign, then re-tighten.
Mattress support does not adjust smoothly.	Obstruction or misaligned hooks.	Ensure no bedding or foreign objects are obstructing the mechanism. Check that the mattress support hooks are properly seated in the desired slots.

If you encounter issues not listed here or require further assistance, please contact Graco customer support.

SPECIFICATIONS

Feature	Detail
