Graco Benton 5-in-1 Convertible Crib

Model: 04530-211

INTRODUCTION

Welcome to the instruction manual for your new Graco Benton 5-in-1 Convertible Crib. This manual provides essential information for the safe assembly, operation, maintenance, and conversion of your crib. Please read all instructions carefully before assembly and retain this manual for future reference.

The Graco Benton crib is designed to adapt to your child's growth, offering five different configurations to meet their needs from infancy through childhood.

PRODUCT OVERVIEW

The Graco Benton 5-in-1 Convertible Crib is a versatile and durable nursery furniture piece. Crafted from pine wood, engineered wood, and wood composites, it features a timeless design suitable for any nursery decor. This crib is GREENGUARD Gold Certified and JPMA Certified, ensuring it meets stringent safety and chemical emission standards.

Key features include:

- **5-in-1 Convertible Design:** Easily converts from a baby crib to a toddler bed, daybed, and full-size bed (conversion kits sold separately).
- **Adjustable Mattress Support:** Features 4 different height options to accommodate your growing baby.
- **Safety Certifications:** GREENGUARD Gold Certified for low chemical emissions and JPMA Certified for safety standards.
- **Quality Construction:** Made with durable pine wood, engineered wood, and wood composites for lasting use.

COMPONENTS (WHAT'S IN THE BOX)

Upon unpacking, please ensure all the following components are present:

- Graco Benton 4-in-1 Convertible Crib (main frame and panels)
- Hardware (screws, bolts, and tools required for assembly)
- Assembly Instruction Manual (this document)

If any parts are missing or damaged, please contact customer support immediately. Do not attempt to assemble the crib with missing or damaged parts.

ASSEMBLY & SETUP

Detailed assembly instructions are provided in the included Assembly Instruction Manual (PDF). Please follow each step carefully to ensure proper and safe assembly.

Key Assembly Points:

- Ensure all hardware is securely tightened. Periodically check and re-tighten all bolts and screws.
- The mattress support base is adjustable to 4 different height options. Select the appropriate height based on your child's age and development. The highest setting is for infants who cannot push up on their hands and knees. Lower the mattress as your child grows and becomes more mobile.
- This crib is designed to fit any standard full-size crib mattress (sold separately). Ensure the mattress fits snugly without gaps larger than 1 inch (2.5 cm) between the mattress and the crib sides.

For a visual guide to assembly, you may refer to the official Installation Manual PDF available at [Graco Benton Installation Manual](#).

OPERATING & CONVERSIONS

The Graco Benton 5-in-1 Convertible Crib is designed to evolve with your child. The conversion process involves removing or adding specific components and may require additional conversion kits (sold separately).

Conversion Options:

1. **Crib:** Standard configuration for infants. The mattress height should be adjusted as your child grows to prevent climbing out.
2. **Toddler Bed:** Converts by removing one side of the crib and adding a Graco Universal Toddler Safety Guardrail Kit (01340-60x Series), sold separately. This allows your child to transition to a more independent sleeping arrangement while maintaining a sense of security.
3. **Daybed:** Converts by removing one side of the crib, similar to the toddler bed, but without the guardrail. This provides an open seating or sleeping area.
4. **Full-Size Bed (Headboard Only):** Utilizes the crib's headboard with a standard full-size bed frame (Graco Full-Size Bed Conversion Kit sold separately).
5. **Full-Size Bed (Headboard & Footboard):** Uses both the crib's headboard and footboard with a standard full-size bed frame (Graco Full-Size Bed Conversion Kit sold separately).

Always ensure all components are securely fastened after any conversion. Refer to the detailed instructions provided with each conversion kit for specific steps.

CARE & MAINTENANCE

To maintain the quality and appearance of your Graco Benton Convertible Crib, follow these care instructions:

- **Cleaning:** Wipe with a damp cloth. Avoid using abrasive cleaners or strong chemicals, as they may damage the finish.
- **Regular Inspection:** Periodically check all screws, bolts, and hardware to ensure they are tight and secure. Re-tighten as necessary.
- **Storage:** If disassembling for storage, keep all hardware in a secure bag and store it with the crib components to prevent loss. Store in a dry, temperate environment.

SAFETY INFORMATION

Your child's safety is paramount. Always adhere to the following safety guidelines:

- Never leave your child unattended in the crib.
- Do not use the crib if any parts are broken, torn, or missing.
- Ensure the mattress is the correct size for the crib to prevent entrapment.
- Do not place the crib near windows where cords from blinds or drapes could strangle a child.
- This crib may only be used until your child can easily climb out or is taller than 35 inches (89 cm).
- Always follow the manufacturer's instructions for assembly and use.

For detailed safety warnings, please refer to the official installation manual and product labeling.

TROUBLESHOOTING

Should you encounter any issues with your Graco Benton Convertible Crib, consider the following common solutions:

- **Wobbling/Instability:** Check all assembly bolts and screws. Ensure they are fully tightened. Uneven flooring can also cause wobbling; try moving the crib to a level surface.
- **Difficulty Adjusting Mattress Height:** Ensure the mattress support frame is properly aligned with the designated holes on the crib ends. All four corners must be at the same height setting.
- **Missing/Damaged Parts:** Do not attempt to use the crib. Contact Graco customer support for replacement parts.

If the problem persists after attempting these solutions, please contact Graco customer support for further assistance.

SPECIFICATIONS

Attribute	Detail
Model Number	04530-211
