

Green Gobbler BTP25LBP

Green Gobbler Drain Line Cleaner (Model BTP25LBP) Instruction Manual

Model: BTP25LBP

1. INTRODUCTION

This manual provides comprehensive instructions for the safe and effective use of Green Gobbler Drain Line Cleaner, Model BTP25LBP. This product is designed to clear tough clogs in various drain systems by dissolving organic materials, hair, grease, and soap scum. Please read all instructions and safety warnings carefully before use.

2. SAFETY INFORMATION

WARNING: Always use hot water with caution to avoid burns. Keep out of reach of children and pets. Do not ingest. If ingested, seek medical attention immediately. For external use only. Avoid contact with eyes and skin. In case of contact, rinse thoroughly with water. Do not mix with other chemicals. Dispose of contents and container in accordance with local, state, and federal regulations.

3. PRODUCT FEATURES

- **Effective Clog Removal:** Designed to break down grease, hair, toilet paper, soap scum, organic materials, body oils, calcium and lime buildup, rust, flushable baby wipes, toothpaste, shampoo residue, and iron buildup.
- **Versatile Application:** Suitable for bathroom sinks, bathtubs, showers, toilets, kitchen sinks, floor drains, slop sinks, urinals, and RV drains.
- **Bleach-Free Formula:** Provides a safer alternative for pipes compared to toxic liquid drain chemicals.
- **Odorless:** Formulated to be odorless during use.
- **Safe for Various Systems:** Safe for pipes, toilets, and septic systems when used as directed.

4. SETUP AND PREPARATION

Before applying the Green Gobbler Drain Line Cleaner, ensure the area is well-ventilated. Remove any standing water from the drain if possible. Gather necessary safety equipment such as gloves and eye protection. Do not use this product if you have recently used other chemical drain cleaners, as mixing chemicals can be hazardous.

5. OPERATING INSTRUCTIONS

Follow these steps for effective drain cleaning:

1. **Pour Product:** Carefully pour 1/2 cup of Green Gobbler Drain Opener Powder directly into the clogged drain.
2. **Activate Formula:** Add 1 cup of hot tap water to the drain to activate the formula.
3. **Allow to Sit:** Allow the product to sit in the drain for at least one hour. For best possible results, especially with tough clogs, allow it to sit overnight.
4. **Flush:** After the recommended sitting time, flush the drain thoroughly with hot water.

For severe clogs, a second application may be necessary. Repeat the steps if the clog persists.

HOW TO USE

Pour 1/2 cup of Drain Opener Powder in drain.

Add 1 cup hot tap water to activate the formula.

Allow product to sit in the drain for at least 1 hour, or overnight for best results.

SEPTIC

SINKS

TUBS

SHOWERS

Image: Visual representation of the product's safety across six different plumbing components: pipes, toilets, septic systems, sinks, tubs, and showers.

7. TROUBLESHOOTING

If the clog does not clear after the initial application:

- Ensure you have used the correct amount of product and hot water as specified in the operating instructions.
- Allow the product to sit for a longer duration, up to overnight, before flushing.
- Apply a second treatment following the same instructions.
- If the clog persists after multiple treatments, it may indicate a more severe plumbing issue that requires professional assistance.

Note: A foul smell during treatment indicates the product is actively breaking down organic matter. This is normal and will dissipate once the clog is cleared and the drain is flushed.
