## Godrej GSC18FG5WNG

# Godrej GSC18FG5WNG 1.5 Ton 3 Star Split AC User Manual

Model: GSC18FG5WNG

## INTRODUCTION

Welcome to the user manual for your new Godrej GSC18FG5WNG 1.5 Ton 3 Star Split Air Conditioner. This document provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your appliance. Please read this manual thoroughly before using the air conditioner and retain it for future reference.

## SETUP

### Unboxing

Carefully remove all components from the packaging. The package should contain the main indoor unit and a warranty card. Inspect all items for any signs of damage. If any damage is found, contact your dealer immediately.

### Installation

The Godrej GSC18FG5WNG is a split-system air conditioner. Professional installation by a qualified technician is required to ensure proper functioning, safety, and warranty validity. Ensure the installation site has adequate ventilation and a stable power supply (230 Volts).

Image: Godrej GSC18FG5WNG Split AC Indoor Unit. This image shows the compact design of the indoor unit, typically mounted on a wall.

## Initial Power On

After professional installation, ensure the main power supply to the AC unit is switched on. Use the remote control to power on the unit. The display on the indoor unit will illuminate, indicating it is ready for operation.

## OPERATING INSTRUCTIONS

---

Your Godrej GSC18FG5WNG AC is controlled via a remote control. Familiarize yourself with its buttons for optimal use.

### Remote Control Functions

- **Power Button:** Turns the AC unit on or off.
- **Mode Button:** Cycles through available operating modes (Cool, Fan, Dry).
- **Temperature Adjustment Buttons (▲/▼):** Increases or decreases the desired temperature setting.
- **Fan Speed Button:** Adjusts the fan speed (Low, Medium, High, Auto).
- **Swing Button:** Controls the vertical louver movement for even air distribution.

### Operating Modes

- **Cool Mode:** Provides cooling by removing heat and humidity from the room. Set your desired temperature for comfort.
- **Fan Mode:** Circulates air without cooling. Useful for ventilation.
- **Dry Mode:** Reduces humidity in the room, ideal for humid conditions without significant cooling.

### Special Features

- **Anti Bacterial Filter:** Equipped with an anti-bacterial filter to help maintain cleaner air quality.
- **Catechin Filter:** Features a Catechin filter with anti-oxidant and anti-viral properties, aiding in deodorization and fighting bacteria for a healthier indoor environment.
- **Even Cooling Distribution:** Designed to spread cooling evenly across the room, ensuring consistent comfort.

## MAINTENANCE

---

Regular maintenance ensures optimal performance and longevity of your air conditioner. Always switch off the main power supply to the unit before performing any maintenance.

### Air Filter Cleaning

The air filters, including the Catechin filter, should be cleaned regularly (e.g., every two weeks, depending on usage and air quality). Dirty filters can reduce cooling efficiency and air flow.

1. Open the front panel of the indoor unit.
2. Carefully remove the air filters.
3. Clean the filters using a vacuum cleaner or wash them gently with lukewarm water and mild detergent.
4. Allow the filters to dry completely in a shaded area before reinserting them.
5. Close the front panel securely.

### Outdoor Unit Maintenance

Ensure the outdoor unit is free from obstructions like leaves, dust, or debris. Do not attempt to clean the internal components of the outdoor unit yourself; this should be done by a qualified service technician.

### Seasonal Checks

Before the start of the cooling season, it is advisable to have a professional check-up of your AC unit to ensure all components are functioning correctly.

## TROUBLESHOOTING

---

Before contacting customer service, please refer to the following common issues and their potential solutions.

Problem	Possible Cause	Solution
AC does not turn on	No power supply; Remote control batteries depleted; Circuit breaker tripped.	Check power connection; Replace remote batteries; Reset circuit breaker.
Insufficient cooling	Dirty air filters; Blocked outdoor unit; Temperature setting too high; Doors/windows open.	Clean air filters; Clear obstructions from outdoor unit; Lower temperature setting; Close doors/windows.
Unusual noise	Loose parts; Fan obstruction; Refrigerant leakage (hissing sound).	Turn off unit and inspect for loose parts (if safe); Contact service for refrigerant issues.
Water leakage from indoor unit	Blocked drain pipe; Improper installation.	Check and clear drain pipe; Contact service for installation issues.

If the problem persists after attempting these solutions, or if you encounter any other issues, please contact Godrej customer service for professional assistance.

## SPECIFICATIONS

---

Below are the key technical specifications for the Godrej GSC18FG5WNG Split AC.

**Brand:** Godrej

**Model:** GSC 18 FG 5 WNG

**Energy Efficiency:** 3 Star Rating

**Capacity:** 1.5 Tons

**Noise Level:** 46 Decibels

**Installation Type:** Split System

**Special Features:** Anti Bacterial Filter

**Colour:** White

**Control Console:** Remote Control

**Voltage:** 230 Volts

**Wattage:** 1380 Watts

**Material:** Copper

**Item Weight:** 55 kg

**Item Dimensions (LxWxH):** 20.2 x 90 x 28 Centimeters

**Cooling Power:** 4900 Watts

## WARRANTY AND SUPPORT

---
