Gillette PG-621

Gillette CustomPlus Pivot Disposable Razors - 10 Count

Model: PG-621

PRODUCT OVERVIEW

The Gillette CustomPlus Pivot Disposable Razors are designed to provide a close and comfortable shave. Each razor features twin Gillette Comfort Blades that are thinner to cut hair more easily, along with a pivoting action head that adjusts to the contours of your face for extra closeness. The Lubrastrip, enriched with Vitamin E and Aloe, offers extra lubricating power, activated by water for instant lubrication. The softer UltraGrip handle ensures greater control during use.

KEY FEATURES

- **Chromium Coating:** For long-lasting blades.
- **Twin Gillette Comfort Blades:** Thinner blades designed for easier hair cutting and a comfortable shave.
- **Pivoting Head:** Adjusts to the contours of your face for enhanced closeness.
- **Water-Activated Lubrastrip:** Provides instant lubrication with Vitamin E and Aloe for a smooth glide.
- **Softer UltraGrip Handle:** Designed for improved control and handling.

SETUP AND USAGE

These disposable razors are ready for immediate use. No assembly is required.

How to Shave:

1. **Prepare Your Skin:** For best results, shave during or immediately after a warm shower. This helps to soften your hair and open pores. Apply a shaving cream or gel to create a protective layer and further lubricate the skin.
2. **Wet the Razor:** Rinse the razor head under warm water to activate the Lubrastrip and ensure a smooth glide.
3. **Shave with Light Strokes:** Hold the razor with a firm but gentle grip. Shave in the direction of hair growth using light, even strokes. The pivoting head will adapt to your facial contours.
4. **Rinse Frequently:** Rinse the razor head frequently under warm water during your shave to prevent clogging and maintain optimal performance.

5. **Post-Shave Care:** After shaving, rinse your face with cool water to close pores. Pat your skin dry and apply an aftershave balm or moisturizer to soothe and hydrate your skin.

MAINTENANCE

As these are disposable razors, extensive maintenance is not required. To prolong the life and effectiveness of each razor:

- **Rinse After Each Stroke:** Ensure all hair and shaving cream are thoroughly rinsed from the blades.
- **Store Properly:** Store the razor in a dry place to prevent rust and maintain blade sharpness.
- **Replace When Dull:** Dispose of the razor when the blades feel dull or the Lubrastrip fades, typically after 5-7 shaves, or as needed based on your hair type and shaving frequency.

TROUBLESHOOTING

While Gillette CustomPlus Pivot Disposable Razors are designed for comfort, some common shaving issues can occur:

- **Razor Burn/Irritation:** Ensure your skin is well-hydrated and lubricated before shaving. Use a fresh blade and shave in the direction of hair growth. Apply a soothing aftershave balm.
- **Nicks and Cuts:** Use light pressure and avoid pressing too hard. Ensure the razor is clean and sharp. The pivoting head helps reduce this risk by following contours.
- **Clogged Blades:** Rinse the razor frequently under warm water during your shave. If blades become excessively clogged, replace the razor.
- **Dull Blades:** If you experience tugging or discomfort, the blade is likely dull. Replace the razor with a new one.

SPECIFICATIONS

Brand	Gillette
Model Number	PG-621
Number of Blades	2
Unit Count	10 Count
Handle Material	Resin
Product Dimensions	4 x 1.85 x 8.95 inches
Weight	2.4 ounces

SAFETY INFORMATION

- Keep out of reach of children.
- Blades are sharp; handle with care.
- Do not touch the blades directly.
- Store in a safe place when not in use.
- If irritation occurs, discontinue use.

WARRANTY AND SUPPORT

For any questions, concerns, or support regarding your Gillette CustomPlus Pivot Disposable Razors, please contact Gillette customer service. Specific warranty details may vary by region and retailer. Please refer to the product packaging or the official Gillette website for the most up-to-date information.
