Vileda Steam Mop Refill Pads User Manual

Model: 146576

INTRODUCTION

The Vileda Steam Mop replacement pads are designed to provide effective cleaning for your Vileda Steam Mop. Made from high-quality microfibres, these pads facilitate deep cleaning without the necessity of chemical cleaning agents. They are durable and engineered for repeated use and machine washing.

This manual provides instructions for the proper use and care of your Vileda Steam Mop Refill Pads.

PACKAGE CONTENTS

- 2 x Vileda Steam Mop Refill Pads

SETUP AND INSTALLATION

The Vileda Steam Mop Refill Pads are designed for easy attachment to your Vileda Steam Mop.

1. **Ensure Mop is Off and Cool:** Before attaching or detaching pads, ensure your Vileda Steam Mop is unplugged and has cooled down to prevent burns.
2. **Align Pad:** Place the microfibre refill pad on the floor with the white, textured side facing up.
3. **Attach to Mop Head:** Position the steam mop head directly over the pad. The pad features a velcro fastening system. Gently press the mop head onto the pad, ensuring the velcro strips on the mop head securely grip the pad.
4. **Verify Attachment:** Lift the mop to confirm the pad is firmly attached and will not slip during use.

OPERATING INSTRUCTIONS

Once the refill pad is securely attached, your Vileda Steam Mop is ready for use. These pads are designed to work effectively with the steam generated by the mop.

- **Steam Cleaning:** The microfibre material efficiently captures dirt and grime as the steam loosens it from the floor surface.
- **Corner Cleaning:** The triangular shape of the mop head and pad allows for effective cleaning in corners and along edges.

A close-up photograph of a Vileda Steam Mop positioned in the corner of a room. The mop's head, which is black and triangular, is pressed against the wall and floor. A white, triangular microfiber pad is attached to the bottom of the mop head. The floor is made of light-colored, square tiles. The wall is white. A text box in the upper right corner of the image contains the text "Reaches in corners".

MAINTENANCE AND CARE

Proper maintenance of your Vileda Steam Mop Refill Pads ensures their longevity and continued cleaning performance.

Cleaning the Pads

The microfibre pads are machine washable, allowing for easy cleaning after each use.

- **Machine Wash:** Wash the pads in a washing machine at temperatures up to 60°C (140°F).
- **Detergent:** Use a standard laundry detergent. Avoid using fabric softeners, as they can reduce the effectiveness of the microfibres.
- **Drying:** Air dry the pads or tumble dry on a low heat setting. Do not bleach or iron.

Storage

Store clean, dry pads in a cool, dry place away from direct sunlight.

TROUBLESHOOTING

This section addresses common issues related to the refill pads.

Problem	Possible Cause	Solution
Pad not attaching securely.	Velcro on mop head or pad is dirty or worn.	Clean velcro strips on both mop head and pad. If severely worn, consider replacing the pad.
Pad not cleaning effectively.	Pad is saturated with dirt or has reached end of life.	Wash the pad thoroughly. If cleaning performance does not improve, replace with a new pad.

Problem	Possible Cause	Solution
Pad shrinking or deforming after wash.	Washed at too high a temperature or with fabric softener.	Ensure washing temperature does not exceed 60°C. Avoid fabric softeners.

SPECIFICATIONS

Feature	Detail
Brand	Vileda
Model Number	146576
