

Cameo AH-CLFDJ5L

Cameo AH-CLFDJ5L Fog Fluid User Manual

Model: AH-CLFDJ5L | Brand: Cameo

1. INTRODUCTION

The Cameo AH-CLFDJ5L Fog Fluid is a high-quality, water-based fluid designed to produce medium-density fog with a medium standing time. It is ideal for enhancing light shows, laser effects, and creating atmospheric environments for various events, including stage performances, clubs, and parties. This fluid is ready for use and biodegradable, ensuring a safe and effective experience when used with compatible fog machines.

2. SAFETY INFORMATION

WARNING: Read all safety instructions before use.

- Never drink the fluid. Do not ingest the fluid and never apply it directly to your body.
- Keep out of the reach of children and store in a place they cannot access.
- If the product comes into contact with your skin or eyes, rinse immediately with plenty of water. Seek medical attention if irritation persists.
- Use only in well-ventilated areas.
- This fluid is a safe compound according to EC regulation 1907/2006 (REACH) and EC guidelines EG 1272/2008. It is equally safe regarding national and international transport guidelines for transport across land, sea, and air.
- Every room where there is smoke must be supervised by trained personnel.

3. PRODUCT FEATURES

- **Modern Design:** The fluid comes in a container with a modern and practical design.

- **Secure Packaging:** Provided in secure packaging to prevent leaks and ensure safe transport.
- **Ergonomic Handling:** Designed for easy and comfortable handling during refilling.
- **Compact and Easy to Use:** The 5-liter container is compact for storage and simple to use for refilling fog machines.
- **Biodegradable:** Environmentally friendly formulation.
- **Medium Density Fog:** Produces a balanced fog effect suitable for various applications.
- **Medium Standing Time:** The fog lingers for a moderate duration, ideal for dynamic lighting.

4. SETUP

1. Ensure your fog machine is clean and free from any residual fluid.
2. Place the fog machine on a stable, level surface in a well-ventilated area.
3. Carefully open the Cameo AH-CLFDJ5L Fog Fluid container.
4. Pour the fluid into the fog machine's fluid reservoir, ensuring not to overfill. Refer to your fog machine's manual for specific reservoir capacity.
5. Securely close the fluid reservoir cap and the fluid container cap after filling.

5. OPERATING INSTRUCTIONS

1. After filling the reservoir, allow the fog machine to warm up according to its manufacturer's instructions. This typically takes a few minutes.
2. Once the machine is ready (indicated by a light or sound), activate the fog output.
3. Monitor the fog output and adjust as needed for your desired effect.
4. Ensure continuous supervision of the fog machine and the fogged area by trained personnel.
5. Do not operate the fog machine if the fluid level is too low to prevent damage to the pump.

6. MAINTENANCE

- After each use, or periodically, clean your fog machine according to its specific instructions to prevent clogs and ensure longevity.
- Store the Cameo AH-CLFDJ5L Fog Fluid in its original, tightly sealed container in a cool, dry place, away from direct sunlight and extreme temperatures.
- Do not mix this fluid with other types of fog fluid or chemicals, as this may cause damage to your machine or produce hazardous fumes.

7. TROUBLESHOOTING

- **No Fog Output:** Check if the fog machine is properly plugged in and powered on. Ensure the fluid reservoir has sufficient fluid. Verify the machine has completed its warm-up cycle.
- **Weak Fog Output:** Ensure the fluid is not diluted. Check for any blockages in the nozzle or fluid line of the fog machine. Perform a cleaning cycle if necessary.
- **Unusual Odor:** If an unusual odor is detected, immediately turn off the fog machine and ventilate the area. Ensure only Cameo AH-CLFDJ5L Fog Fluid is being used and that it has not been mixed with other substances.

8. SPECIFICATIONS

Specification	Value
Product Dimensions	19 x 9 x 24 cm
Item Number	AH-CLFDJ5L
Color Name	Transparent
Material Type	Plastic (container)
Size	5 Liters
Item Weight	5 Kilograms
First Available Date	July 31, 2014

9. WARRANTY AND SUPPORT

For warranty information and technical support, please refer to the official Cameo website or contact your local distributor. Keep your proof of purchase for any warranty claims.
