WeatherTech W336

WeatherTech All-Weather Floor Mats

Model: W336
Brand: WeatherTech

Introduction

The WeatherTech All-Weather Floor Mats are engineered to provide superior protection for your vehicle's interior. Designed with deeply sculpted channels, these mats effectively trap water, road salt, mud, and sand, preventing them from reaching your vehicle's carpet. Crafted from an advanced rubber-like Thermoplastic Elastomer (TPE) compound, they are OEM approved, virtually odorless, latex-free, and contain no harmful PVCs, cadmium, or lead, making them 100% recyclable. This manual will guide you through the installation, features, and maintenance of your new floor mats.

and debris.

Setup and Installation

Your WeatherTech All-Weather Floor Mats are custom-fit to your specific vehicle's make and model, ensuring a precise and secure fit. Before installation, please confirm fitment for your 2009-2011, 2013-2018, or 2002-2008 Dodge Ram Truck 1500 models. Always remove any existing floor mats before installing your WeatherTech mats to ensure proper fit and safety.

Installation Steps:

1. Remove all existing floor mats from your vehicle's second row.
2. Carefully place the WeatherTech All-Weather Floor Mats into the designated footwell areas.
3. Ensure the mats lay flat and conform to the contours of your vehicle's floor. The anti-skid nibs on the underside will help prevent shifting.
4. For models with factory retention hooks, align the mat's grommets with the hooks and secure them firmly.

Operating (Key Features)

The WeatherTech All-Weather Floor Mats are designed for optimal performance and durability in various conditions. Their unique design and material composition provide comprehensive protection.

Key Features:

- **Deeply Sculpted Channels:** Engineered to effectively trap and contain liquids, dirt, and debris, preventing them from spreading onto your vehicle's carpet.
- **Advanced TPE Compound:** Made from a Thermoplastic Elastomer (TPE) that is an OEM approved, virtually odorless, and latex-free material. It contains no harmful PVCs, cadmium, or lead, ensuring a safe and environmentally friendly product.
- **Flexible and Custom Fit:** The mats are agile enough to lay flat, perfectly fitting the contours of your vehicle's floor for maximum coverage and protection.
- **Anti-Skid Nibs:** The underside features anti-skid nibs that help prevent the mats from shifting, ensuring they stay securely in place during use.

Maintenance

Maintaining your WeatherTech All-Weather Floor Mats is simple, thanks to their protective finish and durable material. Regular cleaning will ensure they continue to provide optimal protection and maintain their appearance.

Cleaning Instructions:

1. Remove the floor mats from your vehicle.

2. Shake off any loose dirt, sand, or debris.
3. For general cleaning, rinse the mats with water. For tougher stains or accumulated grime, use a mild soap and a soft brush. WeatherTech also offers specialized TechCare FloorLiner and FloorMat Cleaner for best results.
4. Rinse thoroughly to remove all soap residue.
5. Allow the mats to air dry completely before placing them back in your vehicle.

Troubleshooting

While WeatherTech All-Weather Floor Mats are designed for durability and precise fit, occasional issues may arise. Here are some common concerns and their solutions:

Common Issues:

- **Mat Does Not Lay Completely Flat:** Due to packaging or temperature changes, mats may initially have slight creases. Place the mats in direct sunlight for a short period or use a hairdryer on a low setting to gently warm them, then lay them flat to help them conform to the vehicle's floor.
- **Slipping or Shifting:** Ensure all factory retention hooks are properly engaged with the mat's grommets. Also, verify that no other mats are underneath the WeatherTech mats, as this can cause instability. The anti-skid nibs on the underside are designed to grip the carpet.
- **Persistent Stains or Residue:** For stubborn marks, use WeatherTech TechCare FloorLiner and FloorMat Cleaner as directed in the Maintenance section. Avoid harsh chemicals or abrasive cleaners, which can damage the mat's material.

If you encounter any issues not covered here or require further assistance, please contact WeatherTech Customer Service.

Specifications

Attribute	Detail
Product Name	All-Weather Floor Mats
Brand	WeatherTech
Model Number	W336

Color	Black
Coverage Area	2nd Row
