Sauder 417714

Sauder Palladia L-Desk, Model 417714, Wind Oak - Instruction Manual

Brand: Sauder | Model: 417714

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Sauder Palladia L-Desk, Model 417714. Please read all instructions carefully before beginning assembly and retain this manual for future reference. This L-shaped desk is designed to provide a functional and organized workspace with ample surface area and integrated storage solutions.

SETUP AND ASSEMBLY

Unpacking and Parts Identification

Upon receiving your desk, carefully unpack all components. Due to the weight and number of parts, it is recommended to unpack in the room where the desk will be assembled. Verify that all parts listed in the included hardware and parts list are present and undamaged. If any parts are missing or damaged, refer to the Customer Support section.

Required Tools

- Phillips Head Screwdriver (matching bit size to instructions)
- Hammer
- Optional: Furniture slides for easier positioning after assembly

Assembly Guidelines

- **Two-Person Assembly:** Assembly is significantly easier and safer with two individuals.
- **Clear Workspace:** Ensure you have a large, clear area (at least 10x10 feet) for assembly to accommodate all parts and allow for maneuvering.
- **Manual Tools Recommended:** Avoid using power drills for assembly, as they can strip the engineered wood material. Use a hand screwdriver for all fasteners.
- **Patience:** Assembly can take several hours (approximately 8-10 hours for one person). Follow the instructions carefully and take breaks as needed.
- **Organize Parts:** Before starting, sort and organize all hardware and components. The hardware is typically provided on a labeled sheet.

Step-by-Step Assembly (General)

1. Identify and separate all desk components and hardware according to the instruction booklet.
2. Assemble the main desk sections individually, following the numerical sequence in the manual.
3. Install drawer slides and assemble drawers. Adjust drawer slides as necessary to ensure smooth operation and proper alignment.
4. Connect the two L-shaped sections of the desk. This step often requires two people for proper alignment and securing.
5. Carefully move the assembled desk to its final position. Consider using furniture slides to prevent damage to flooring.

OPERATING YOUR DESK

Keyboard/Mouse Tray

The desk features an easy-gliding drawer/shelf with a flip-down panel, designed to house your keyboard and mouse. This tray slides out for use and can be retracted to maintain a clean desk surface.

Image: The pull-out keyboard and mouse tray, shown extended with a keyboard and mouse in place.

Storage Drawers

The desk includes three storage drawers and one file drawer. The file drawer features full-extension slides and is designed to hold letter or legal-size hanging files, facilitating organized document storage.

Hidden Storage Cabinet

Behind a cabinet door, a hidden storage area is available. This area includes an adjustable shelf, making it suitable for housing a vertical CPU tower or other office equipment, keeping your workspace tidy.

Cable Management

The desk top is equipped with grommet holes. These are designed to help manage and route wires and cords, contributing to a clean and organized desktop environment.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Sauder Palladia L-Desk.

- **Cleaning:** Wipe surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean spills immediately to prevent staining or damage to the wood finish.
- **Protection:** Use coasters under beverages and protective pads under hot items or objects that may scratch the surface.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration.
- **Humidity:** Maintain a consistent humidity level in the room to prevent wood from expanding or contracting.

TROUBLESHOOTING

Common Issues and Solutions

- **Sticky or Misaligned Drawers:**
Check that the drawer slides are correctly installed and lubricated. Adjust the slides as necessary to ensure smooth operation. Ensure no objects are obstructing the drawer's path.
- **Desk Sections Not Aligning Perfectly:**
During assembly, ensure all connecting hardware between the two L-sections is tightened evenly. Slight variations can occur; re-adjusting the connecting screws may help improve alignment.
- **Damaged or Missing Parts:**
If you discover damaged or missing parts during unpacking or assembly, do not proceed with assembly. Refer to the Customer Support section for information on obtaining replacement parts.
- **Wobbly Desk:**
Ensure all cam locks and screws are fully tightened. Verify that the desk is placed on a level surface. If

necessary, use shims under the desk feet to stabilize it.

PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Sauder
Model Number	417714
Model Name	Palladia
Color	Wind Oak
Product Dimensions (D x W x H)	65.11" x 68.74" x 29.6"
Item Weight	251 Pounds
