

Vectair AERO-450

Vectair Airoma Refill Instruction Manual

Model: AERO-450

1. INTRODUCTION

This manual provides essential information for the proper use, installation, and maintenance of the Vectair Airoma Refill, 90 Day, Linen Scented (AERO-450). Please read these instructions carefully before use to ensure optimal performance and safety.

Image 1.1: Vectair Airoma Refill, 90 Day, Linen Scented. This image shows the cylindrical aerosol can, primarily white on top with a blue and green label on the bottom half. The label features the "Vectair Airoma 9000" logo and "Linen" scent indicator, with a graphic of a person holding a red fabric in a field.

2. PRODUCT OVERVIEW

The Vectair Airoma Refill is designed for use with compatible automatic air freshener dispensers. It provides a consistent release of linen-scented fragrance for up to 90 days, helping to maintain a pleasant environment.

Key Features:

- Linen Scented
- 90-day continuous fragrance release
- Designed for use with Airoma automatic dispensers
- Pack of 4 refills

3. SETUP AND INSTALLATION

Follow these steps to properly install the Airoma Refill into your compatible dispenser:

1. **Ensure Dispenser is Off:** Before handling the refill, ensure your automatic air freshener dispenser is turned off or in standby mode. If battery-operated, consider removing batteries for safety during installation.
2. **Open Dispenser:** Locate and open the front cover or access panel of your Airoma dispenser.
3. **Remove Old Refill (if applicable):** If an old refill is present, carefully remove it from the dispenser. Dispose of empty cans according to local regulations.
4. **Insert New Refill:** Insert the new Vectair Airoma Refill into the dispenser, ensuring it is oriented correctly. The nozzle should face outwards towards the opening where the spray is released.
5. **Close Dispenser:** Close the dispenser cover securely.
6. **Activate Dispenser:** Turn on the dispenser or reinsert batteries. Set the desired spray interval according to your dispenser's instructions.

***Note:** Always refer to your specific Airoma dispenser's manual for detailed installation instructions, as models may vary.*

4. OPERATING INSTRUCTIONS

Once the refill is installed, the operation of the fragrance release is controlled by the automatic dispenser. The refill itself does not have operational controls.

- **Automatic Operation:** The dispenser will automatically release fragrance at the intervals you have set.
- **Scent Duration:** Each refill is designed to provide fragrance for approximately 90 days under normal operating conditions (e.g., typical spray interval settings).
- **Monitoring:** Observe the fragrance level and replace the refill when the scent diminishes or the can feels empty.

5. MAINTENANCE

The Airoma Refill itself requires no maintenance. However, regular maintenance of your Airoma dispenser is recommended to ensure optimal performance of the refill:

- **Dispenser Cleaning:** Periodically clean the exterior of your dispenser with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Battery Replacement:** If your dispenser is battery-operated, replace batteries as recommended by the dispenser manufacturer or when the spray frequency decreases.
- **Nozzle Check:** Ensure the dispenser's spray nozzle is clear and unobstructed.

6. TROUBLESHOOTING

If you experience issues with the fragrance release, consider the following troubleshooting steps:

Problem	Possible Cause	Solution
No scent or weak scent.	Refill is empty or nearly empty.	Replace the Airoma Refill.
No scent or weak scent.	Dispenser batteries are low or dead.	Replace batteries in the dispenser.
No scent or weak scent.	Dispenser settings are incorrect (e.g., off, long interval).	Check and adjust dispenser settings.
No scent or weak scent.	Dispenser nozzle is blocked.	Clean the dispenser nozzle according to its manual.
Refill does not fit.	Incorrect refill type for dispenser.	Ensure you are using a Vectair Airoma Refill compatible with your dispenser model.

If problems persist, consult the manual for your specific Airoma dispenser or contact Vectair customer support.

7. SPECIFICATIONS
