3. SETUP

1. **Unfold the Game Board:** Place the game board on a flat surface.
2. **Separate the Cards:** Separate the Chance cards and Community Chest cards. Shuffle each deck and place them face down on their designated spaces on the board.
3. **Choose a Banker:** One player is selected to be the Banker. The Banker is responsible for all the Bank's money, Property Deed cards, Houses, and Hotels until they are bought by players. The Banker may also play, but must keep their personal money separate from the Bank's.
4. **Distribute Initial Money:** The Banker gives each player 15,000 Monopoly Lira in the following denominations:
 - Two 5,000 Lira notes
 - Four 1,000 Lira notes
 - One 500 Lira note
 - One 200 Lira note
 - Two 100 Lira notes

- One 50 Lira note
 - Five 10 Lira notes
5. **Choose a Pawn:** Each player selects one pawn and places it on the 'GO' space.
 6. **Determine Play Order:** Each player rolls both dice. The player with the highest total starts the game. Play proceeds to the left.

4. HOW TO PLAY (OPERATING)

The objective of Monopoly is to be the last player remaining with money, by driving opponents into bankruptcy through property purchases and rent collection. Players move around the board, buying and trading properties, and developing them with houses and hotels. When opponents land on owned properties, they pay rent to the owner.

Basic Gameplay

- On your turn, roll both dice and move your pawn clockwise around the board the number of spaces indicated.
- The action you take depends on the space you land on.
- If you land on an unowned property, you may buy it from the Bank for the price printed on that space. If you choose not to buy it, the Banker immediately auctions it to the highest bidder.
- If you land on an owned property, you must pay rent to the owner. The rent amount depends on whether the property is part of a color set and if it has houses or hotels.
- Landing on 'Chance' or 'Community Chest' spaces requires you to draw a card from the respective deck and follow its instructions.
- Passing 'GO' earns you 2,000 Lira from the Bank.
- Landing on 'Go to Jail' sends you directly to Jail. You cannot collect 2,000 Lira for passing 'GO' if sent to Jail.
- If you roll doubles, you take your turn as usual, then roll again. If you roll doubles three times in a row, you go directly to Jail.

Winning the Game

The game ends when only one player remains solvent. All other players who have gone bankrupt are out of the game.

5. MAINTENANCE

To ensure the longevity of your Monopoly Turkey board game, follow these maintenance guidelines:

- **Storage:** Always store the game components neatly in their designated compartments within the box. Keep the box in a cool, dry place away from direct sunlight and moisture.
- **Cleaning:** Use a soft, dry cloth to gently wipe the game board and plastic components if they become dusty. Do not use abrasive cleaners or liquids, as they may damage the materials.
- **Handling:** Handle cards and money with clean, dry hands to prevent wear and tear. Avoid bending or creasing the cards.
- **Missing Parts:** In case of missing or damaged parts, refer to the support section for contact information.

6. TROUBLESHOOTING

Here are solutions to common issues you might encounter during gameplay:

- **Missing Components:** If you find any components missing upon opening the box, please contact Hasbro customer support immediately.
- **Rule Disputes:** In case of disagreements over rules, refer to this instruction manual. If the manual does not clarify, players should agree on a house rule before continuing the game.
- **Game Takes Too Long:** Monopoly games can be lengthy. To shorten the game, consider implementing house rules such as:
 - Auctioning all properties from the start.
 - Setting a time limit for the game and determining the winner by total assets.
