Easy-Off BBQ Grill Cleaner Instruction Manual

PRODUCT OVERVIEW

The Easy-Off BBQ Grill Cleaner is designed for deep cleaning to dissolve tough burned-on grease and grime from your barbecue grill, smoker, and grill grates. It is suitable for charcoal, electric, or gas grills and is formulated not to scratch your grill surfaces.

OPERATING INSTRUCTIONS

Follow these steps for effective cleaning of your BBQ grill, smoker, or grill grates:

- 1. Preparation:** Remove the rack from the grill and place it on several layers of newspaper or a non-wood surface, such as pavement or a utility sink. Use a stiff wire brush to remove any remaining loose food particles.
- 2. Application:** Hold the can upright, pointed away from your face, and spray from a distance of 9-12 inches. Apply a generous, even coat of foam to the surfaces you wish to clean.

3. **Wait Time:** Allow the foam to work for 40 minutes or longer. For heavily soiled areas, extended soaking time may be beneficial.
4. **Wipe Clean:** Wipe the rack with a wet cloth or sponge, rinsing frequently to remove dissolved grime and cleaner residue.
