Logitech 915-000238

Logitech Harmony Hub: Universal Control for 8 Home Entertainment Devices

Model: 915-000238

Introduction

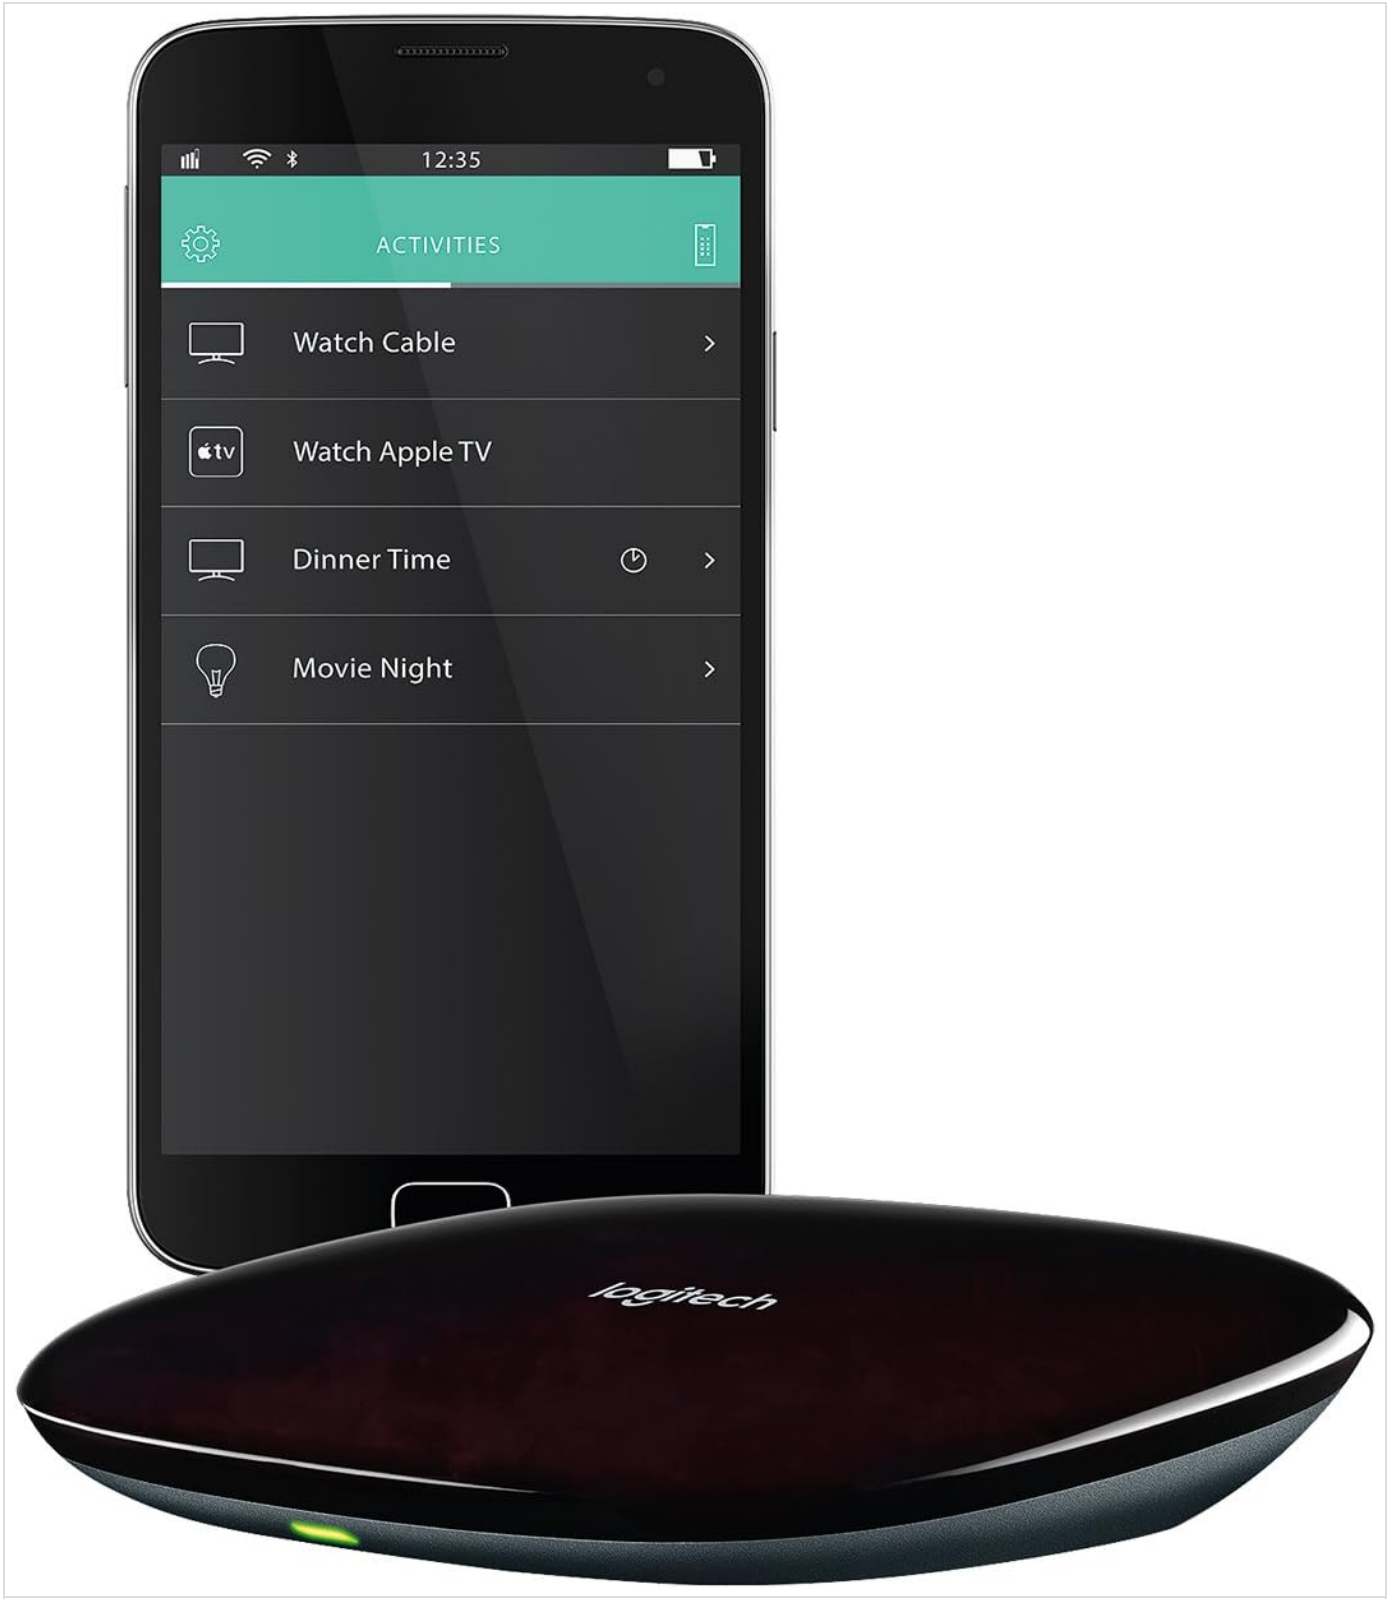

The Logitech Harmony Hub is designed to simplify control of your home entertainment devices. It acts as a central point to manage up to eight devices, allowing you to control them via a smartphone or tablet app, eliminating the need for multiple remote controls. The hub uses Wi-Fi and infrared (IR) technology to communicate with your devices.

What's in the Box

- Harmony Hub
- IR mini-blaster
- USB cable (Type A)
- AC adapter
- User documentation

Product Overview and Dimensions

The Harmony Hub features a sleek, compact design. It includes a Pair/Reset button, a micro USB port for power, and two IR blaster ports for extended infrared control. The hub itself can often send signals to devices without needing the external IR blaster, depending on placement.

Setup

The Harmony Hub can be set up using the MyHarmony app on your smartphone or tablet. Alternatively, you can use the MyHarmony software on a computer. The setup process involves adding your entertainment devices and creating "Activities" that combine multiple device actions into a single command (e.g., "Watch TV" turns on the TV, receiver, and cable box).

Operating the Harmony Hub

Once setup is complete, you can control your devices by selecting activities or individual devices from the Harmony app. The app provides a user-friendly interface to manage your entertainment system. You can also customize activities to include home control devices like smart lights, allowing for integrated control.

Model Number	915-000238
Connectivity Technology	Wi-Fi
Special Feature	Infrared
Max Number of Supported Devices	8
Color	Black
Item Weight	250 g
UPC	097855107022

Troubleshooting

The Harmony Hub relies on a stable internet and Wi-Fi connection. If you experience issues with device control, check your network connectivity. A poor Wi-Fi signal or internet outage can affect the hub's performance. It is advisable to have a backup remote for essential devices in case of network interruptions.
Initial setup can be complex and may require patience. Ensure all devices are correctly identified and activities are configured as desired within the MyHarmony app or software.

Warranty and Support

For warranty information, technical support, or further assistance, please refer to the official Logitech website or the user documentation included with your product. You can also access support through your MyHarmony account online.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page’s manual context to help answer it.
