SETUP AND INSTALLATION

The Goplus 4 Corner Post Bed Canopy is designed for quick and easy installation. Follow these steps to set up your canopy:

1. **Identify Hanging Points:** Determine the four corners above your bed where the canopy will hang. These points should ideally be directly above each corner of your bed frame to ensure proper drape.
2. **Mark and Drill:** Using a pencil, mark the four identified hanging points on your ceiling. Carefully drill pilot holes at these marks.
3. **Insert Anchors:** Insert the provided plastic anchors into the drilled pilot holes. Ensure they are flush with the ceiling surface.
4. **Screw in Hooks:** Screw the metal hanging hooks into the installed anchors until they are secure.
5. **Hang the Canopy:** Carefully unfold the bed canopy. Locate the loops or ties at each corner of the canopy. Attach these loops to the installed hanging hooks. Adjust the canopy to ensure it hangs evenly and drapes around your bed.

OPERATING INSTRUCTIONS

Once installed, the Goplus 4 Corner Post Bed Canopy can be used in various ways:

- **Full Enclosure:** For maximum coverage, allow all four panels of the canopy to hang freely around your bed. This creates a complete enclosure.
- **Open Style:** To create a more open and decorative look, gather the fabric at each corner and tie it back using ribbons or decorative ties (not included).
- **Entry/Exit:** The canopy features openings for easy entry and exit from the bed.

MAINTENANCE

Proper care will extend the life and appearance of your Goplus Bed Canopy:

- **Cleaning:** The canopy fabric should be **hand washed only**. Use mild detergent and cold water. Do not bleach.
- **Drying:** Air dry the canopy. Do not tumble dry.

- **Storage:** When not in use, gently fold the canopy and store it in a dry, clean place to prevent dust accumulation and damage.

TROUBLESHOOTING

If you encounter any issues with your Goplus Bed Canopy, consider the following:

- **Canopy not hanging evenly:** Check if the four hanging hooks are installed at equal heights and distances from the bed corners. Adjust as necessary.
- **Fabric appears wrinkled:** Gentle steaming or allowing the canopy to hang for a few days will help remove wrinkles. Avoid direct ironing.
- **Missing or damaged parts:** Refer to the "Warranty and Support" section for assistance.
