Corporate Computer CCL181241FBA

Corporate Computer DVI-D Dual Link to HDMI Adapter Instruction Manual

Model: CCL181241FBA

1. Product Overview

This gold-plated DVI-D to HDMI adapter facilitates the connection of your computer or gaming system to a television or video monitor. The adapter features bi-directional functionality, allowing conversion from DVI-D to HDMI or from HDMI to DVI-D. Please note that multi-monitor systems utilizing High-bandwidth Digital Content Protection (HDCP) may not function correctly with this adapter, potentially resulting in a "no signal" display.

Figure 1: Front view of the DVI-D Dual Link to HDMI Adapter, highlighting the DVI-D male connector.

Figure 2: Side view of the adapter, illustrating the HDMI female port and the DVI-D male connector.

2. Key Features

- Gold-plated connections ensure low signal loss.
- Bi-directional functionality: Converts DVI-D to HDMI or HDMI to DVI-D.
- Supports resolutions up to 1080p.
- Compact and durable design.

3. Package Contents

- 1 x Corporate Computer DVI-D Dual Link to HDMI Adapter (Model: CCL181241FBA)

4. Setup Instructions

Follow these steps to connect your devices using the DVI-D Dual Link to HDMI Adapter:

1. **Identify Ports:** Determine whether your source device (e.g., computer) has a DVI-D output and your display device (e.g., TV, monitor) has an HDMI input, or vice-versa.
2. **Connect the Adapter:**
    - If connecting a DVI-D source to an HDMI display: Plug the DVI-D male end of the adapter into the DVI-D port on your source device.
    - If connecting an HDMI source to a DVI-D display: Plug the HDMI female end of the adapter into an HDMI cable, then connect the DVI-D male end of the adapter into the DVI-D port on your display device.
3. **Connect HDMI Cable:** If the adapter's HDMI female port is used, connect a standard HDMI cable from the adapter to your display device's HDMI input. If the adapter's DVI-D male end is used, connect an HDMI cable from your source device to the adapter's HDMI female port.
4. **Power On Devices:** Ensure both your source device and display device are powered on.
5. **Select Input:** On your display device, select the correct HDMI or DVI input source.

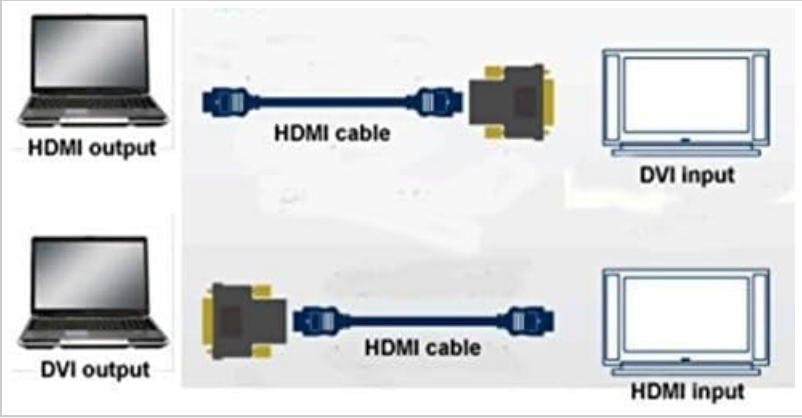

Figure 3: Connection diagram showing bi-directional use of the adapter.

5. Operating Instructions

The DVI-D Dual Link to HDMI Adapter operates automatically upon connection. No additional software or drivers are required. Simply ensure secure connections between the adapter, your source device, and your display device.

Important Note on HDCP: This adapter may not support High-bandwidth Digital Content Protection (HDCP) when used in multi-monitor configurations. If you encounter a "no signal" message or a blank screen in such a setup, it may be due to HDCP restrictions. This is a limitation of the content protection standard, not a defect of the adapter.

6. Maintenance

To ensure optimal performance and longevity of your adapter:

- Keep the adapter clean and free from dust. Use a soft, dry cloth for cleaning.
- Avoid exposing the adapter to extreme temperatures or humidity.
- Do not apply excessive force when connecting or disconnecting cables to prevent damage to the connectors.

7. Troubleshooting

- **No Signal on Display:**
  - Ensure all cables (DVI-D, HDMI) are securely connected to both the adapter and the devices.
  - Verify that the display is set to the correct input source (HDMI or DVI).
  - Test the adapter with different cables or devices if possible to isolate the issue.
  - If using a multi-monitor setup with HDCP content, refer to the "Operating Instructions" section regarding HDCP limitations.
- **Poor Picture Quality:**
  - Ensure you are using high-quality DVI-D and HDMI cables.
  - Check your source device's display settings to ensure the resolution and refresh rate are compatible with your display.

8. Specifications

Feature	Detail
Model Number	CCL181241FBA
Brand	Corporate Computer
Connector Type	DVI-D Male (24+1), HDMI Female
Bi-directional	Yes
Max Resolution	1080p
Color	Black
Dimensions (L x W x H)	2 x 2 x 1 inches (approximate)
Item Weight	9.07 g (approximate)
UPC	711730880540

9. Warranty and Support

For warranty information or technical support, please refer to the documentation provided with your purchase or contact Corporate Computer customer service directly. Contact details can typically be found on the manufacturer's official website or on the product packaging.

Ask a question about this manual
