# Genius Traveler 9005BT 4-D Bluetooth Mouse User Manual

Model: Traveler 9005BT | Brand: Genius

## 1. INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, maintenance, and troubleshooting of your Genius Traveler 9005BT 4-D Bluetooth Mouse. Please read this manual thoroughly before using the device to ensure proper functionality and longevity.

### Key Features:

- Precision 1200 dpi BlueEye engine for versatile surface tracking.
- Bluetooth 4-button wireless optical mouse.
- Ergonomic design suitable for both left and right-handed users.
- Turbo Scroll function for rapid document and web page navigation.
- BlueEye technology allows operation on various surfaces including dusted glass, marble, carpet, and sofa upholstery.
- Compatible with multiple operating systems: Android 3.0+, Windows 7/XP/Vista, and Mac OS X 10.4 or later.

## 2. PACKAGE CONTENTS

Verify that all items listed below are present in your product package:

- Genius Traveler 9005BT Mouse
- CD driver for mouse 4-D Scroll function
- Two AA Alkaline batteries
- Multi-language user manual

## 3. SETUP

### 3.1. Battery Installation

1. Locate the battery compartment cover on the underside of the mouse.
2. Gently slide or lift the cover to open the compartment.
3. Insert the two AA Alkaline batteries, ensuring correct polarity (+ and -) as indicated inside the compartment.

4. Replace the battery compartment cover until it clicks securely into place.

### 3.2. Bluetooth Pairing

To connect your Traveler 9005BT mouse to your device:

1. Ensure the mouse is powered on. There is typically a power switch on the underside of the mouse.
2. Activate Bluetooth on your computer, laptop, or Android device.
3. On your device, navigate to the Bluetooth settings and initiate a search for new devices.
4. The Genius Traveler 9005BT should appear in the list of available devices. Select it to begin the pairing process.
5. Follow any on-screen prompts to complete the pairing. A successful connection will be indicated by a confirmation message on your device.

The mouse supports Bluetooth EDR 2.0 technology, providing a reliable working distance of up to 10 meters. It is compatible with Android 3.0+, Windows 7/XP/Vista, and Mac OS X 10.4 or later.

### 3.3. Driver Installation (for 4-D Scroll Function)

For optimal use of the 4-D Scroll function, install the provided driver:

1. Insert the included CD driver into your computer's optical drive.
2. Follow the on-screen instructions to install the necessary software.
3. Restart your computer if prompted to ensure the driver is fully installed and recognized.

An overhead view of the Genius Traveler 9005BT 4-D Bluetooth Mouse, showcasing its ergonomic design with a black top surface and blue sides. It features a scroll wheel, left and right click buttons, and a small button for 4-D scroll functionality.

## 4. OPERATING THE MOUSE

### 4.1. Basic Functions

- **Left Click:** Press the left button for primary selection and activation.
- **Right Click:** Press the right button to access contextual menus.
- **Scroll Wheel:** Roll the wheel up or down to scroll vertically through documents and web pages.

## 4.2. 4-D Scroll Function

The Traveler 9005BT features a dedicated 4-D scroll function key. Once the driver is installed, this function allows for more natural and convenient scrolling by simply moving your mouse in the direction you wish to scroll (up, down, left, or right) while holding down the 4-D scroll button.

## 4.3. Turbo Scroll

Engage the Turbo Scroll feature for hyper-fast navigation through lengthy documents, spreadsheets, and web pages. This function allows you to accelerate scrolling speed, significantly improving efficiency when reviewing extensive content.

## 4.4. BlueEye Technology

The integrated BlueEye technology enables the mouse to operate on a wide variety of surfaces that traditional optical mice may struggle with. This includes challenging textures such as dusted glass, marble, carpet, and sofa upholstery, providing flexibility in your workspace.

# 5. MAINTENANCE

---

## 5.1. Cleaning

To maintain optimal performance and appearance:

- Ensure the mouse is powered off before cleaning.
- Use a soft, dry, lint-free cloth to wipe the exterior surfaces.
- For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid excessive moisture.
- Do not use harsh chemicals, solvents, or abrasive materials, as these can damage the mouse's finish or internal components.
- Periodically clean the optical sensor area on the underside of the mouse with a cotton swab to prevent tracking issues.

## 5.2. Battery Replacement

When the mouse's performance degrades or it stops responding, it may be time to replace the batteries. Follow the battery installation steps outlined in Section 3.1.

# 6. TROUBLESHOOTING

---

If you encounter issues with your Genius Traveler 9005BT mouse, refer to the following common solutions:

- **Mouse Not Responding:**
  - Ensure the mouse is powered on.
  - Check and replace the batteries if necessary.
  - Verify that Bluetooth is enabled on your device and the mouse is paired correctly. Try re-pairing if needed.
  - Move the mouse closer to your device to rule out range issues.
- **Erratic Cursor Movement:**
  - Clean the optical sensor on the underside of the mouse.
  - Ensure you are using the mouse on a suitable surface. While BlueEye technology is versatile, extreme surfaces or highly reflective ones can still cause issues.
  - Check for any obstructions around the optical sensor.

- **4-D Scroll Function Not Working:**

- Confirm that the 4-D scroll driver has been installed correctly from the provided CD.
- Restart your computer after driver installation.

- **Bluetooth Disconnections:**

- Ensure no other devices are causing Bluetooth interference.
- Update your device's Bluetooth drivers.
- Re-pair the mouse with your device.

If these steps do not resolve the issue, consult the multi-language user manual included in your package or contact Genius customer support.

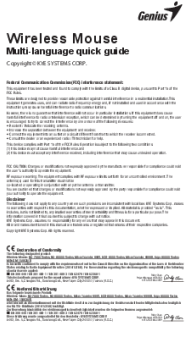

## 7. SPECIFICATIONS

Feature	Detail
Brand	Genius
Model Number	Traveler 9005BT
Movement Detection Technology	Optical (BlueEye)
DPI	1200 dpi
Connectivity	Bluetooth EDR 2.0
