1. INTRODUCTION

The Motorola Moto 360 is a modern smartwatch powered by Android Wear, designed to keep you informed and connected. This manual provides essential information for setting up, operating, and maintaining your device, ensuring you get the most out of its features.

2. WHAT'S IN THE BOX

- Motorola Moto 360 Smart Watch for Android Devices 4.3 or Higher
- Wireless charging dock
- Wall charger
- Quick-start guide

3. PRODUCT OVERVIEW

The Moto 360 features a classic round design crafted with stainless steel and genuine Horween leather. It offers a comfortable and familiar feel while providing timely updates and interactive functionalities directly on your wrist.

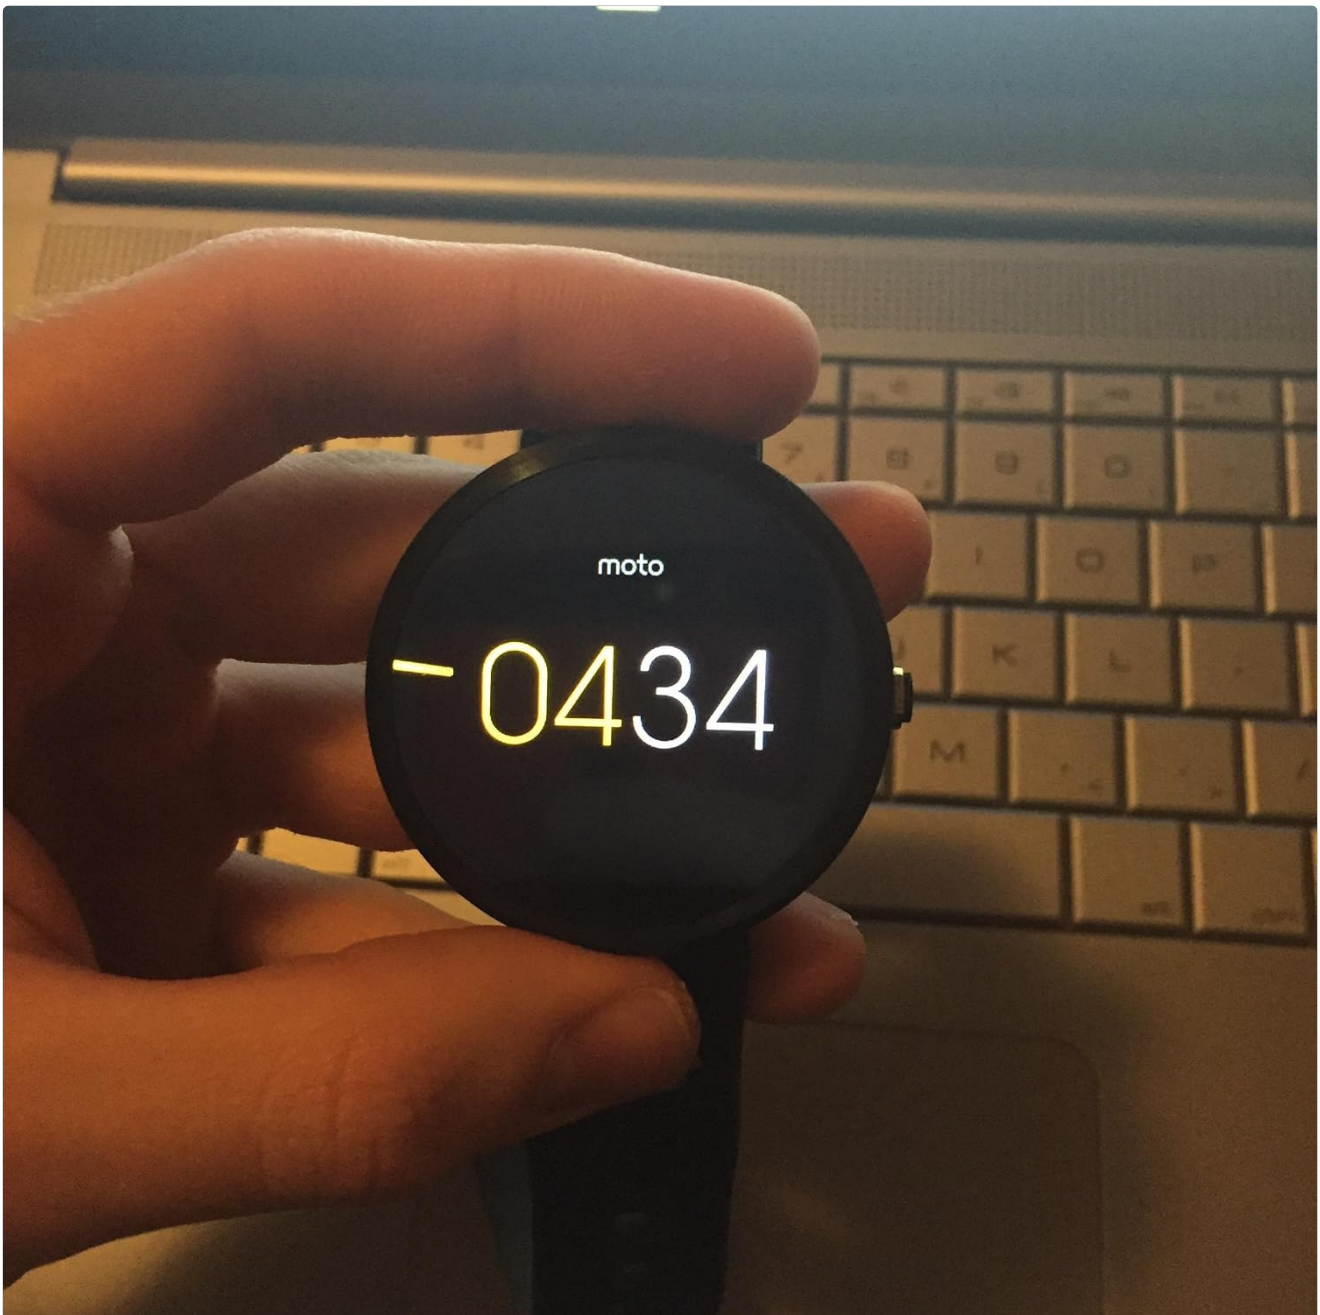

Figure 3: Side view of the Moto 360, highlighting the physical crown button on the right side of the watch face.

4. SETUP

1. **Unboxing and Initial Power On:** Carefully remove the Moto 360 from its packaging. Press and hold the side button for a few seconds to power on the watch.
2. **Language Selection:** Once powered on, the watch will display a language selection screen. Tap to select your preferred language.
3. **Install Android Wear App:** On your Android smartphone (running Android 4.3 or higher), download and install the "Android Wear" app from the Google Play Store.
4. **Pairing:** Open the Android Wear app on your phone. Follow the on-screen instructions to pair your Moto 360 with your smartphone via Bluetooth. The app will guide you through the connection process.
5. **Software Updates:** Ensure your watch has sufficient charge (95% or more) and an internet connection (via your paired phone) to download and install any available software updates. This is crucial for optimal performance and battery life.

5. OPERATING INSTRUCTIONS

Basic Navigation

- **Swipe Left/Right:** Navigate through notifications and information cards. Swiping right typically dismisses a notification.
- **Tap:** Select an item or open an application.
- **Press and Hold:** On the watch face, press and hold to change watch faces.
- **Voice Commands:** Say "OK Google" or tap the watch face to activate voice commands. You can ask questions, set reminders, send texts, and more.
- **Dim Screen:** Cover the watch face with your palm to dim the screen.

Watch Faces and Customization

The Moto 360 offers a variety of elegant watch faces. You can customize them directly from the watch by pressing and holding the screen, or through the Android Wear app on your smartphone. The app allows you to change colors, add complications like world clocks, and even set custom images as backgrounds.

Notifications and Alerts

Receive timely updates directly on your wrist, including weather, flight alerts, traffic, and more. The watch will vibrate for incoming calls, messages, and other notifications. You can choose to answer or dismiss calls from the watch, which will then open the call on your paired smartphone.

6. FEATURES

- **Quality Craftsmanship:** Finely crafted with stainless steel, genuine Horween leather, and scratch-resistant Corning Gorilla Glass.
- **Timely Updates:** Get updates at a glance, keeping you informed without needing to pull out your phone.
- **Voice Control:** Respond to your voice for hands-free operation, setting reminders, checking weather, and more.
- **Health and Fitness Tracking:** Integrated Moto Body tracks steps, distance, calories burned, and heart rate.
- **Android Compatibility:** Pairs with any smartphone running Android 4.3 or higher.
- **Wireless Charging:** Convenient wireless charging with the included dock.

7. MAINTENANCE

Cleaning

To clean your Moto 360, gently wipe the screen and body with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the finish. For the leather band, follow standard leather care instructions.

Water Resistance

The Moto 360 is water-resistant (IP67 rated). This means it can withstand immersion in up to 1 meter of fresh water for up to 30 minutes. It is resistant to splashes and brief immersion, but it is not recommended for swimming or showering.

8. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged using the wireless charging dock. If it still doesn't turn on, try pressing and holding the side button for an extended period (10-15 seconds).
- **Connectivity issues:** Check that Bluetooth is enabled on both your smartphone and the Moto 360. Ensure both devices are within range. Restarting both devices and the Android Wear app can often resolve connection problems.
- **Poor battery life:** Adjust screen brightness (setting it to auto or a lower level can help). Turn off ambient screen mode if not needed. Ensure no rogue apps are draining power. Check for and install any available software updates, as these often include battery optimizations.
- **Notifications not appearing:** Verify that notifications are enabled in the Android Wear app on your smartphone for the desired applications. Check your phone's notification settings to ensure the Android Wear app has necessary permissions.
- **Heart rate sensor not working:** Ensure the watch is worn snugly on your wrist. Clean the sensor on the back of the watch.

9. SPECIFICATIONS

Attribute	Value
