Setup and Installation

1. **Unpack:** Carefully remove the mattress pad from its packaging. It may be compressed for shipping.
2. **Fluff:** For best results, allow the mattress pad to air out and fluff up for a few hours after unpacking. Gently shake it to help distribute the fiberfill.
3. **Wash (Optional but Recommended):** Before first use, it is recommended to machine wash the mattress pad on a gentle cycle with cold water and tumble dry on low heat to remove any manufacturing odors and maximize fluffiness.
4. **Fit to Mattress:** Place the mattress pad on top of your mattress. The elastic skirt is designed to stretch and fit mattresses up to 16 inches deep. Carefully pull the elasticized edges over each corner of your mattress, ensuring a snug and smooth fit across the top.

Care and Maintenance

Troubleshooting

While the Utopia Bedding Mattress Pad is designed for ease of use, here are some common points and solutions:

- **Pad does not fit snugly:** Ensure you have the correct size mattress pad for your bed. The elastic skirt is designed for mattresses up to 16 inches deep. If your mattress is thicker, it may not fit perfectly.
- **Pad feels lumpy or uneven:** This can happen if the fiberfill shifts during washing or use. Gently pat and shake the pad to redistribute the filling evenly. Ensure it is fully dry after washing.
- **Unusual odor after unpacking:** New textile products can sometimes have a slight odor from packaging. Washing the pad before first use (as recommended in Setup) will typically eliminate any odors.
