LEGO 60083

LEGO City 60083 Snowplow Truck Instruction Manual

1. PRODUCT OVERVIEW

The LEGO City 60083 Snowplow Truck is a building set designed for constructing a functional snowplow vehicle. This set allows for the creation of a detailed truck featuring a detachable plow blade and a salt spreading function. It includes a driver minifigure and various accessories to enhance play scenarios.

Image 1: The fully assembled LEGO City 60083 Snowplow Truck with its driver minifigure and accessories.

Key Features:

- Detachable blade and truck bed for versatile play.
- Opening doors on the truck cabin.
- Functional salt spreading mechanism.
- Includes a driver minifigure with a broom, shovel, and snow elements.

2. SAFETY INFORMATION

This LEGO set contains small parts which may pose a choking hazard for children under 3 years of age. Adult supervision is recommended during assembly and play, especially for younger children. Please ensure all pieces are kept away from infants and toddlers.

3. PACKAGE CONTENTS

Upon opening the package, verify that all components are present. The LEGO City 60083 Snowplow Truck set typically includes:

- Assorted LEGO bricks and elements required to build the Snowplow Truck.
- One LEGO driver minifigure.
- Minifigure accessories: 1 broom, 1 shovel, several snow elements, and 1 mug.
- Instruction booklet for assembly.

4. ASSEMBLY INSTRUCTIONS

Follow the step-by-step instructions provided in the included LEGO instruction booklet. Sort the bricks by color and size to facilitate the building process. Begin by constructing the truck chassis, then proceed to the cabin, truck bed, and finally the snowplow blade and salt spreader mechanisms.

1. **Unpack and Sort:** Carefully open the box and sort all LEGO elements into groups.
2. **Build the Chassis:** Assemble the base frame of the truck, including the wheels and axles.
3. **Construct the Cabin:** Build the driver's cabin, ensuring the opening doors are correctly installed.
4. **Attach the Truck Bed:** Secure the orange truck bed to the chassis.
5. **Assemble the Snowplow Blade:** Construct the large orange snowplow blade and attach it to the front of the truck. The blade is designed to be detachable.
6. **Install the Salt Spreader:** Build and integrate the salt spreading mechanism at the rear of the truck.
7. **Assemble Minifigure:** Put together the driver minifigure and provide accessories.

5. OPERATING INSTRUCTIONS

Once assembled, the LEGO City Snowplow Truck is ready for imaginative play. Here are its primary functions:

- **Plow Operation:** The large front blade can be adjusted to different angles to simulate plowing snow. It can also be detached from the truck.
- **Salt Spreading:** The rear of the truck features a mechanism that simulates spreading salt. Place the small white "snow elements" into the truck bed, and activate the spreader to dispense them.
- **Minifigure Interaction:** The driver minifigure can be placed inside the truck's cabin by opening the doors. The minifigure can also use the broom and shovel accessories for clearing snow.

Image 5: Detailed rear view of the truck, highlighting the functional salt spreading mechanism.

6. MAINTENANCE

To ensure the longevity and cleanliness of your LEGO City Snowplow Truck:

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the bricks. For deeper cleaning, wash LEGO bricks by hand using lukewarm water (not exceeding 40°C or 104°F) and a mild detergent. Rinse thoroughly and air dry. Do not use hot water, harsh chemicals, or abrasive materials, as these can damage the plastic.
- **Storage:** Store the assembled model or individual bricks in a clean, dry place away from direct sunlight and extreme temperatures to prevent discoloration and warping.
- **Disassembly:** If disassembling the set, keep all pieces organized to prevent loss and facilitate future reassembly.

7. TROUBLESHOOTING

Common issues and their solutions:

- **Missing Pieces:** If you find a piece missing during assembly, double-check the packaging and surrounding area. LEGO offers a "Bricks & Pieces" service on their official website for ordering replacement parts.
- **Difficulty Assembling:** Ensure you are following the instruction booklet step-by-step. Sometimes, a small error in an earlier step can affect later connections. Re-examine the previous steps carefully.
- **Parts Not Fitting:** LEGO bricks are designed for a precise fit. If parts are not fitting, ensure you are using the correct pieces as indicated in the instructions. Do not force pieces together, as this can cause damage.

8. SPECIFICATIONS

Feature	Detail
Product Name	LEGO City 60083 Snowplow Truck
Brand	LEGO
Model Number	60083 (Item model number: 6100284)
Product Dimensions	10.31 x 7.52 x 2.83 inches
Item Weight	12 ounces
Recommended Age	5 years and up
Release Date	January 1, 2015
ASIN	B00NHQFQ0S

9. WARRANTY AND SUPPORT

LEGO products are manufactured to high-quality standards. For information regarding warranty, replacement parts, or customer support, please visit the official LEGO website or contact their customer service directly.
