

One For All URC1911

OneforAll LG Replacement Remote Control URC 1911 Single User Manual

Model: URC1911 | Brand: One For All

INTRODUCTION

This manual provides comprehensive instructions for the One For All LG Replacement Remote Control URC 1911. Designed to function seamlessly with all types of LG televisions, this remote offers a direct replacement experience without complex setup. It supports common LG functions and includes a learning feature for customization.

SETUP

1. Inserting Batteries

The remote requires 2 AAA batteries (not included). Locate the battery compartment on the back of the remote. Open the cover, insert the batteries, ensuring correct polarity (+ and -), then close the cover securely.

Image: Front view of the One For All LG Replacement Remote Control URC 1911, showing all buttons clearly. This image illustrates the overall design and button layout of the remote control.

2. Initial Use (No Setup Required)

The One For All LG Replacement Remote Control URC 1911 is pre-programmed for LG televisions. Simply insert the batteries, and the remote is ready for immediate use with your LG TV. No additional programming or code entry is typically required for basic functions.

OPERATING THE REMOTE CONTROL

This section details the functions of the various buttons on your One For All LG Replacement Remote Control.

Button Functions:

- **Power (●):** Turns the television on or off.
- **Number Buttons (0-9):** Selects channels directly.
- **Volume Up/Down (+/-):** Adjusts the audio volume.
- **Channel Up/Down (P+/P-):** Changes channels sequentially.
- **Mute:** Silences the television audio.
- **Home/Menu:** Accesses the TV's main menu or smart TV interface.
- **Navigation (Up, Down, Left, Right, OK):** Navigates through menus and confirms selections.
- **Back/Exit:** Returns to the previous screen or exits a menu.
- **Guide:** Displays the electronic program guide (EPG).
- **Netcast:** (If applicable) Direct access to Netcast features on compatible LG TVs.
- **Q.MENU:** Quick menu access.
- **Color Buttons (Red, Green, Yellow, Blue):** Functions vary depending on the TV menu or application.
- **Text:** Accesses Teletext.
- **T.OPT:** Teletext options.
- **Subtitle:** Toggles subtitles on/off.
- **Info:** Displays information about the current program.
- **AD:** Audio Description toggle.
- **3D:** Toggles 3D mode (if supported by TV).
- **REC:** Record function (if supported by TV and connected device).
- **Playback Controls (Play, Pause, Stop, Rewind, Fast Forward):** Controls media playback.

Image: Angled view of the One For All LG Replacement Remote Control URC 1911, highlighting its ergonomic design. This image shows the side profile and button arrangement from an angle.

Learning Feature:

The remote includes a learning feature, allowing you to copy functions from your original LG remote control. This is particularly useful for specific functions not directly mapped or for customizing certain buttons.

1. Place the One For All remote and your original LG remote on a flat surface, facing each other, about 2-3 cm apart.
2. On the One For All remote, press and hold the **RED** and **BLUE** color buttons simultaneously until the LED flashes twice.
3. Press the button on the One For All remote that you wish to program. The LED will blink rapidly.

4. On your original LG remote, press and hold the button you want to copy. The One For All remote's LED will flash twice to confirm successful learning.
5. Repeat for other buttons if desired. To exit learning mode, press the **GREEN** button.

Note: If the LED shows a long blink, the learning was unsuccessful. Ensure the remotes are properly aligned and try again.

MAINTENANCE

To ensure the longevity and optimal performance of your remote control, follow these maintenance guidelines:

- **Cleaning:** Wipe the remote with a soft, dry cloth. Do not use abrasive cleaners, solvents, or alcohol, as these can damage the surface and buttons.
- **Battery Replacement:** Replace batteries when the remote's response becomes sluggish or inconsistent. Always replace both batteries at the same time with new ones of the same type (AAA).
- **Storage:** Store the remote in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Drops:** Protect the remote from physical shocks and drops, which can damage internal components.

TROUBLESHOOTING

If you encounter issues with your One For All LG Replacement Remote Control, refer to the following common solutions:

- **Remote not responding:**
 - Check if the batteries are inserted correctly with the correct polarity.
 - Replace the batteries with new ones.
 - Ensure there are no obstructions between the remote and the TV's infrared receiver.
 - Point the remote directly at the TV.
- **Certain buttons not working:**
 - If you used the learning feature, try re-learning the specific button function.
 - Ensure the TV is powered on and not in a menu that restricts button functionality.
- **Remote not controlling TV functions:**
 - Although no setup is typically required, ensure your TV is an LG model. This remote is specifically designed for LG televisions.
 - If you have multiple LG TVs, ensure you are pointing the remote at the intended TV.
- **Resetting the remote to factory settings:**

If issues persist, you can reset the remote to its factory default settings. This will erase any learned functions.

 1. Press and hold the **YELLOW** and **GREEN** color buttons simultaneously until the LED flashes twice.
 2. Enter the code **981**. The LED will flash four times to confirm the reset.

SPECIFICATIONS

Feature	Detail
---------	--------

Brand	One For All
Model Number	URC1911
Compatible Devices	LG Televisions (LCD, LED, Plasma)
Connectivity Technology	Infrared
