Operating Instructions (How to Play)

Game Objective:

Be the player with the most money when another player runs out of money and cannot afford to pay rent or buy a property.

Turn Sequence:

1. **Roll the Die:** The youngest player goes first. On your turn, roll the single die.
2. **Move Your Mover:** Move your character mover clockwise around the board the number of spaces indicated on the die.
3. **Action on Space:** The action you take depends on the space you land on:
    - **Unowned Property:** If you land on an unowned property, you must buy it. Pay the Banker the price shown on the space and place one of your character markers on the property.
    - **Owned Property:** If you land on a property owned by another player, you must pay them rent. The rent amount is shown on the property space. If a player owns both properties of the same color, the rent is doubled.
    - **Chance Space:** Draw the top Chance card, read it aloud, and follow its instructions. Return the card to the bottom of the Chance pile.

- **Go Space:** If you pass or land on "GO", collect 2 M1 banknotes from the Banker.
- **Free Parking:** This is a free resting space. No action is required.
- **Go to Jail:** Move your mover directly to the "Jail" space. You do not collect 2 M1 banknotes for passing "GO". To get out of Jail, you simply pay 1 M1 banknote at the start of your next turn.

4. **End of Turn:** Once you have completed your action, the turn passes to the player on your left.
