1. INTRODUCTION

Welcome to the world of COBI construction sets! This manual provides essential information for assembling and enjoying your COBI Small Army Battlecruiser, Model 4804. This set allows you to construct a detailed battlecruiser model with numerous interactive features. Please read these instructions carefully before beginning assembly.

2. PACKAGE CONTENTS

Upon opening the package, verify that all components are present. The COBI Small Army Battlecruiser set includes:

- Approximately **800 building pieces** for the battlecruiser.
- **6 figures** representing crew members.
- Various **accessories** to enhance the model.
- Detailed **assembly instruction booklet**.

If any parts are missing or damaged, please refer to the support section for assistance.

3. ASSEMBLY INSTRUCTIONS

The COBI Small Army Battlecruiser is designed for manual assembly. Follow the step-by-step instructions provided in the dedicated instruction booklet included in your package. Organize your pieces by color and shape to facilitate the building process.

General Assembly Tips:

- Always refer to the instruction booklet for the correct sequence and placement of pieces.
- Ensure pieces are firmly connected to maintain structural integrity.
- Take your time and enjoy the building process.

Figure 3.1: Fully assembled COBI Small Army Battlecruiser, showcasing its detailed structure, multiple turrets, radar, and crew figures. The image highlights the ship's overall design and some of its interactive elements.

The assembly process is integral to the product experience. Once assembled, the model does not require further assembly for operation.

4. FEATURES AND OPERATION

The COBI Small Army Battlecruiser Model 4804 is equipped with several interactive features:

- **Movable Guns:** The battlecruiser features multiple gun turrets that can be rotated and elevated.
- **Operable Anchor:** A functional anchor mechanism allows for realistic deployment and retrieval.
- **Rotating Radar:** The radar dish on the ship's mast can be manually rotated.
- **Operable Captain's Bridge Door:** The door to the captain's bridge can be opened and closed.
- **Rolling Movement:** The battlecruiser is equipped with tiny wheels on its underside, allowing it to be moved smoothly across flat surfaces.
- **Crew Figures:** Six detailed figures are included to populate the ship and enhance play scenarios.

All operational features are manual. No batteries or electronic components are required.

5. CARE AND MAINTENANCE

To ensure the longevity and appearance of your COBI Small Army Battlecruiser, follow these simple care guidelines:

- **Cleaning:** Wipe the model gently with a soft, dry cloth to remove dust. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.

- **Handling:** Handle the model with care, especially when moving movable parts, to prevent breakage.

6. TROUBLESHOOTING

This section addresses common issues you might encounter during assembly or use.

Problem	Possible Cause	Solution
Missing or damaged pieces	Manufacturing error or oversight during packaging.	Refer to the support section to contact COBI customer service for replacement parts.
Pieces do not connect properly	Incorrect orientation or incompatible pieces.	Double-check the instruction booklet for the correct piece and orientation. Ensure pieces are pressed firmly together.
Movable parts are stiff	New parts may require gentle manipulation to loosen.	Gently move the part back and forth. Do not force it, as this may cause breakage.

7. SPECIFICATIONS

Attribute	Detail
Brand	COBI
Model Number	4804
Product Name	Small Army Battlecruiser
Material	Plastic
Number of Pieces	800
Item Dimensions (L x W x H)	69.5 x 10 x 36.2 cm
