STIGA 10192

STIGA Flow Outdoor 2-Player Table Tennis Set Instruction Manual

Model: 10192

1. INTRODUCTION

The STIGA Flow Outdoor 2-Player Table Tennis Set is designed for versatile indoor and outdoor play. This set includes two durable rackets (one red, one blue) and two outdoor-specific table tennis balls. Engineered with weatherproof and shock-resistant materials, the Flow set is built to withstand rigorous recreational use in various environments, including camps, offices, and schools. The rackets feature handles made of thermoplastic elastomers and blades constructed from polypropylene and glass fibers, ensuring both durability and superior control.

2. SETUP

The STIGA Flow Table Tennis Set comes ready for play with minimal setup required. The rackets feature non-detachable covers, meaning no assembly or adhesive application is needed for the playing surface. Simply unpackage the rackets and balls, and you are ready to begin playing. Ensure the playing area is clear of obstructions and the table tennis net is properly installed if using a table.

3. OPERATING INSTRUCTIONS

The STIGA Flow rackets are designed for optimal performance in various conditions. Their construction provides a balance of speed, spin, and control suitable for recreational play.

3.1 Racket Grip

Hold the racket firmly but comfortably. The ergonomic handle design, made from thermoplastic elastomers, provides a secure grip during play. Avoid gripping too tightly, as this can restrict wrist movement and reduce shot control.

Figure 4: Red Paddle Handle

3.2 Ball Characteristics

The included STIGA Outdoor Table Tennis Balls are designed to be wind and water resistant, making them ideal for outdoor environments. Their durable construction ensures longevity even with frequent use.

3.3 Performance Ratings

- **Speed:** 45
- **Spin:** 45
- **Control:** 90

4. MAINTENANCE

The STIGA Flow rackets are built for durability and require minimal maintenance due to their weatherproof and shock-resistant properties. The non-detachable cover simplifies care.

- **Cleaning:** For general cleaning, wipe the racket surfaces with a damp cloth to remove dust and dirt. Avoid harsh

chemicals or abrasive materials that could damage the surface.

- **Storage:** While designed for outdoor use, storing the set in a cool, dry place when not in use can help prolong its lifespan and maintain optimal performance.
- **Inspection:** Periodically inspect the rackets and balls for any signs of wear or damage. Although highly durable, extreme impacts can cause minor cosmetic issues.

5. TROUBLESHOOTING

The STIGA Flow Table Tennis Set is designed for robust performance. Should you encounter any issues, consider the following common scenarios:

- **Reduced Performance:** Ensure the racket surfaces are clean. Dirt or debris can affect ball spin and control.
- **Physical Damage:** While shock-resistant, severe impacts can cause damage. Inspect for cracks or deformities. If significant damage occurs, replacement may be necessary.
- **Ball Issues:** If balls lose their bounce or become misshapen, they may need to be replaced. The included balls are durable but not indestructible.

6. SPECIFICATIONS

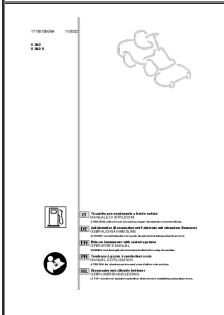

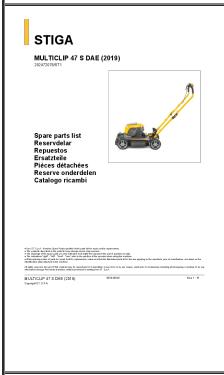

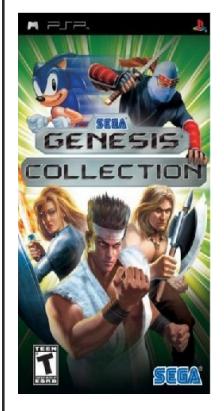

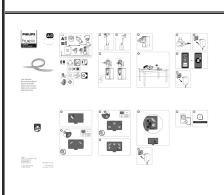

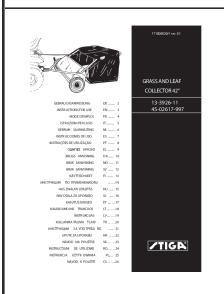

| Feature | Detail |
|------------------------------------|--|
| Brand: | STIGA |
| Model Name: | STIGA Flow (2 player set) |
| Model Number: | 10192 |
| Color: | Blue, White (Rackets: Red, Blue) |
| Material: | Polypropylene, Glass Fiber, Thermoplastic Elastomers (Hard Rubber outer) |
| Product Dimensions (LxWxH): | 0.3" x 7" x 4" (per racket) |
| Item Weight: | 15.84 ounces (total set) |
| Number of Players: | 2 |
| Assembly Required: | No (for rackets, general setup for table) |
| Performance Ratings: | Speed: 45, Spin: 45, Control: 90 |
| UPC: | 783719908101, 796793619092, 754806145808 |
