2. SAFETY INFORMATION

- Read all instructions completely before installing and operating the lock.

- Protect your User Code and Master Code.

- Restrict access to your lock's interior assembly and regularly check your user settings to ensure they have not been altered without your knowledge.

- Use a soft, non-abrasive cloth for cleaning. Do not use polishes, abrasive cleaners, or chemicals that could damage the finish.

3. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Exterior Keypad Assembly

- Interior Assembly (with battery cover)

- Deadbolt Latch

- Strike Plate

- Mounting Plate

- Mounting Screws

- Standard Keys

- SmartKey Tool

- 4 AA Batteries (not included)

4. TOOLS REQUIRED

- Phillips Head Screwdriver

- Tape Measure

- Pencil

- Drill (if new holes are required)

- Chisel (if strike plate mortising is required)

5. INSTALLATION INSTRUCTIONS

Follow these steps carefully for proper installation. Refer to the detailed diagrams in the included printed manual for visual guidance.

5.1. Prepare the Door

1. Measure your door's backset (distance from door edge to center of bore hole) to ensure it is 2-3/8" or 2-3/4". Adjust the latch if necessary by rotating the faceplate.

2. Verify the door thickness is between 1-3/8" and 1-3/4".

3. Ensure the cross bore hole is 2-1/8" in diameter.

5.2. Install the Latch

1. Insert the latch into the door edge, ensuring the
