

Campingaz C206 GLS

Campingaz C206 GLS Pierceable Gas Cartridge Instruction Manual

1. INTRODUCTION

This manual provides essential information for the safe and effective use of the Campingaz C206 GLS Pierceable Gas Cartridge. This cartridge is designed to provide a reliable and practical energy source for compatible Campingaz outdoor cooking and lighting appliances.

The C206 GLS cartridge features the exclusive Campingaz Gas Lock System (GLS), an anti-leak system compliant with EN 417 standard. This innovation helps prevent gas leakage if the cartridge is not connected correctly or is accidentally disconnected from the appliance before it is empty.

Its lightweight and compact design makes it easy to transport and store, ideal for camping, hiking, and recreational vehicle travel.

2. SAFETY INFORMATION

WARNING: Extremely Flammable Gas. Read all safety warnings and instructions carefully before use.

- Keep out of reach of children.
- Store in a well-ventilated area.
- Keep away from heat, sparks, open flames, and hot surfaces. Do not smoke.
- Do not extinguish a gas fire unless the leak can be stopped safely. Eliminate all ignition sources if safe to do so.
- Protect from direct sunlight. Do not expose to temperatures exceeding 50°C (122°F).
- Store in a cool, dry place.
- Use exclusively with Campingaz appliances designed for C206 pierceable cartridges. Compatibility is strictly limited to Campingaz brand gas appliances.
- This cartridge conforms to the EN 417 standard.
- Always read the instruction manual of your Campingaz appliance before connecting or using the cartridge.
- Operate in a well-ventilated area, away from flammable materials and sources.
- Ensure the cartridge is empty before removal. Shake the cartridge to listen for any characteristic liquid sound, indicating remaining gas.

4. OPERATING INSTRUCTIONS

Once the cartridge is securely installed, operate your Campingaz appliance according to its specific instruction manual. The C206 GLS cartridge provides butane gas for:

- **Cooking:** Powering gas stoves for heating or cooking food outdoors.
- **Lighting:** Fueling gas lanterns to provide portable light in outdoor settings.

Always ensure adequate ventilation during operation and never use indoors or in confined spaces.

5. MAINTENANCE

The C206 GLS cartridge itself requires no maintenance. However, it is important to:

- Regularly inspect the rubber seal on your Campingaz appliance's valve for wear or damage before each cartridge installation. Replace if necessary.
- Keep the cartridge clean and free from dirt or debris.

6. STORAGE

Proper storage is crucial for safety and product longevity:

- Store cartridges in a cool, dry, and well-ventilated area.
- Keep away from direct sunlight, heat sources, sparks, open flames, and any other ignition sources.
- Ensure storage temperatures do not exceed 50°C (122°F).
- Store upright and in a secure location where they cannot be easily knocked over or damaged.

7. TROUBLESHOOTING

As a consumable item, the C206 GLS cartridge has limited troubleshooting. Most issues relate to the appliance or connection:

- **No Gas Flow:** Ensure the cartridge is correctly installed and fully pierced. Check that the appliance's valve is open. Verify the cartridge is not empty.
- **Gas Leakage:** Immediately turn off the appliance. Disconnect the cartridge in a well-ventilated area. Check the rubber seal for damage and ensure the cartridge is properly seated and tightened. If leakage persists, do not use the cartridge or appliance.

For further troubleshooting, consult the instruction manual of your specific Campingaz appliance.

8. SPECIFICATIONS

Brand	Campingaz
Model	C206 GLS
Gas Type	Butane (C3-C4 Hydrocarbons)
Net Weight	190g

Standard Compliance	EN 417
Features	Gas Lock System (GLS)
Manufacturer Model Number	3000002286 (Item Model Number: 92290-x12)

9. DISPOSAL

Dispose of empty cartridges responsibly and in accordance with local regulations for hazardous waste. Do not puncture, incinerate, or refill empty cartridges. Ensure the cartridge is completely empty before disposal.

10. SUPPORT

For product inquiries or technical assistance, please contact Campingaz customer support:

- **Campingaz (Germany):** Tel: +49 6402 890
- **Campingaz (Italy):** Tel: +39 (0)30 999 21
- **Campingaz (Switzerland):** Tel: +41 26 460 40 40

Please have your product model information ready when contacting support.
