2. SAFETY INFORMATION

For external use only. Keep out of reach of children. Caution: hot surface. Unplug when not in use. Do not wrap cord around the device. Do not touch the plates while heating. Please refer to the product's packaging for the complete list of safety warnings.

- Always ensure your hands are dry before plugging in or unplugging the appliance.
- Do not use this appliance near water, such as in a bathtub, shower, or sink.
- Never leave the appliance unattended when plugged in.
- Allow the appliance to cool completely before storing.
- Regularly inspect the cord for damage. If the cord is damaged, discontinue use immediately.

3. PRODUCT FEATURES

The Hot Tools Professional Radiant Blue Micro-Shine Titanium Flat Iron is designed with advanced features for

efficient and versatile hair styling.

- **Micro-Shine Titanium Plates:** 1-inch multi-directional floating plates provide full hair contact for consistent results, smooth glide, reduced frizz, and a beautiful sheen.
- **Rounded Plate Edges:** The slim plate size and rounded shape allow for versatile styling, including straightening, curling, and creating waves.
- **Variable Heat Settings:** Temperature select buttons allow adjustment up to 450°F (232°C), suitable for various hair types and textures.
- **LCD Temperature Display:** Provides an easy-to-read, exact temperature readout.
- **Universal Dual Voltage:** Automatically adjusts to the local voltage, making it ideal for international travel.
- **Auto Shut-Off:** Features a two-hour automatic shut-off for enhanced safety and peace of mind.
- **Ergonomic Design:** Ultra-slim, easy-to-hold, and a Soft Touch finish for ultimate comfort during use.
- **Professional Swivel Cord:** An 8-foot tangle-resistant swivel cord provides flexibility and ease of movement.

**TITANIUM CERAMIC
STYLING SURFACE
FOR SALON-QUALITY SHINE**

4. SETUP

1. **Unpack:** Carefully remove the flat iron from its packaging. Ensure all components are present and undamaged.
2. **Inspect:** Check the appliance and its cord for any signs of damage. Do not use if damaged.
3. **Placement:** Place the flat iron on a heat-resistant, flat surface away from water and flammable materials.
4. **Power Connection:** Plug the flat iron into a standard electrical outlet. The universal dual voltage feature automatically adapts to the local power supply.

5. OPERATING INSTRUCTIONS

Follow these steps for effective and safe use of your flat iron:

1. Plug the flat iron into a power source.
2. Press the separate on/off switch to turn on the appliance.
3. Select the desired heat setting using the temperature select buttons. The LCD display will show the chosen temperature.
4. Wait for the flat iron to reach the selected temperature. This is indicated by the temperature display stabilizing.
5. Section the hair into manageable portions.
6. Place a small section of hair between the flat iron plates, close to the roots.
7. Close the flat iron and glide it down the hair slowly and smoothly towards the ends. Avoid holding the iron in one spot for too long.
8. Repeat the process for the remaining hair sections until desired style is achieved.
9. Turn off the flat iron using the on/off switch and unplug it from the power source when finished.

10. Allow the appliance to cool completely before storing.

Image 5.2: The flat iron can also be used to create soft waves.

6. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your flat iron.

- **Cleaning:** Ensure the appliance is unplugged and completely cool before cleaning. Wipe the plates and exterior with a soft, damp cloth. Do not use abrasive cleaners or harsh chemicals.
- **Storage:** Store the flat iron in a cool, dry place. Do not wrap the power cord tightly around the appliance, as this can cause damage.
- **Cord Care:** Avoid twisting or bending the power cord excessively, especially near the entry point into the appliance.

7. TROUBLESHOOTING

If you encounter issues with your flat iron, refer to the following common solutions:

Problem	Possible Cause	Solution
Appliance does not turn on.	Not plugged in, power outlet issue, or on/off switch not engaged.	Ensure the flat iron is securely plugged into a working outlet. Press the on/off switch firmly.
Appliance not heating up.	Temperature setting too low, or internal fault.	Increase the temperature setting. If the issue persists, contact customer support.
Hair is snagging.	Hair not properly detangled, or plates are dirty.	Ensure hair is fully detangled before use. Clean the plates as per maintenance instructions.
Auto shut-off activates too soon.	This model features a 2-hour auto shut-off.	This is a safety feature. If you need to continue styling, simply turn the unit back on.

8. SPECIFICATIONS

- **Model Number:** HT7110F
