Logitech G G302

Logitech G302 Daedalus Prime MOBA Gaming Mouse User Manual

Introduction

The Logitech G302 Daedalus Prime MOBA Gaming Mouse is engineered for performance, featuring Logitech's Delta Zero sensor technology, responsive click mechanisms, 6 programmable buttons, and 4 on-the-fly DPI settings. This manual provides instructions for setup, operation, and maintenance of your gaming mouse.

Package Contents

- Logitech G302 Daedalus Prime MOBA Gaming Mouse
- User Documentation (this manual)

Setup

1. **Connect the Mouse:** Plug the USB connector of the Logitech G302 mouse into an available USB port on your computer. The mouse will be automatically detected by your operating system.

2. **Install Logitech G HUB Software:** For full customization and access to advanced features, download and install the Logitech G HUB software from the official Logitech G website. This software allows you to configure programmable buttons, adjust DPI settings, and manage lighting.
3. **System Requirements:** Ensure your computer meets the minimum requirements for the mouse and software (PC platform, compatible operating system).

Operating the Mouse

Button Functions

The Logitech G302 features 6 programmable buttons designed for optimal control in gaming. These include the left-click, right-click, scroll wheel click, two thumb buttons, and a DPI cycle button.

DPI Settings

The mouse supports 4 on-the-fly DPI settings, allowing you to instantly switch sensitivity from 240 DPI for precise targeting to 4000 DPI for rapid maneuvers. Use the dedicated DPI cycle button to toggle between your pre-configured sensitivity levels.

Customization with Logitech G HUB

Utilize the Logitech G HUB software to:

- Assign custom commands and macros to the 6 programmable buttons.
- Create and save multiple DPI profiles for different games or tasks.
- Adjust the blue LED lighting effects on the mouse.
- Calibrate the Delta Zero sensor for optimal performance on your mouse pad surface.

Maintenance

- **Cleaning:** Regularly clean the mouse surface and sensor lens with a soft, lint-free cloth. For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- **Cable Care:** Avoid sharp bends or excessive pulling on the USB cable to prevent damage. Store the cable neatly when not in use.

Troubleshooting

Mouse Not Responding

- Ensure the USB cable is securely plugged into a working USB port on your computer.
- Try plugging the mouse into a different USB port.
- Restart your computer.

Buttons or DPI Settings Not Working as Expected

- Verify that the Logitech G HUB software is installed and running.
- Check your button assignments and DPI profiles within the G HUB software.
- Ensure the software is up to date.

Cursor Movement Issues

- Clean the optical sensor lens on the underside of the mouse.
- Use the mouse on a clean, uniform surface or a high-quality mouse pad.
- Recalibrate the sensor using Logitech G HUB software if available.
