August Home ASL-1

August Home 1st Generation Smart Lock User Manual

Model: ASL-1

PRODUCT OVERVIEW

The August Smart Lock offers a secure and convenient way to control access to your home. It retrofits to your existing deadbolt, allowing you to use your smartphone as a key. This device provides keyless entry, guest management, and activity tracking, ensuring you always know who comes and goes.

SETUP AND INSTALLATION

The August Smart Lock is designed for easy DIY retrofit installation, typically taking minutes to set up. It replaces only the interior portion of your existing single-cylinder deadbolt, leaving the exterior unchanged. A standard Philips screwdriver is the only tool required for installation.

Figure 2: Exploded view demonstrating the components of the August Smart Lock and how it integrates with an existing deadbolt on a wooden door.

Compatibility

The August Smart Lock is compatible with most standard single-cylinder deadbolts. Please ensure your existing deadbolt matches the compatible type shown below.

Initial Setup

1. **Install Batteries:** The lock requires 4 AA batteries, which are included. Ensure they are correctly inserted.
2. **Download the App:** Download the free August app from your device's app store (available for iOS and Android).
3. **Follow In-App Instructions:** The app will guide you through the remaining setup steps, including connecting the lock via Bluetooth and calibrating it to your door.

For a comprehensive step-by-step installation guide, please refer to the official [Installation Manual \(PDF\)](#).

OPERATING THE SMART LOCK

The August Smart Lock provides various methods for controlling your door, enhancing convenience and security.

Keyless Entry via Smartphone

Use the August app on your iOS or Android device to lock and unlock your door. The app provides a simple interface for

control.

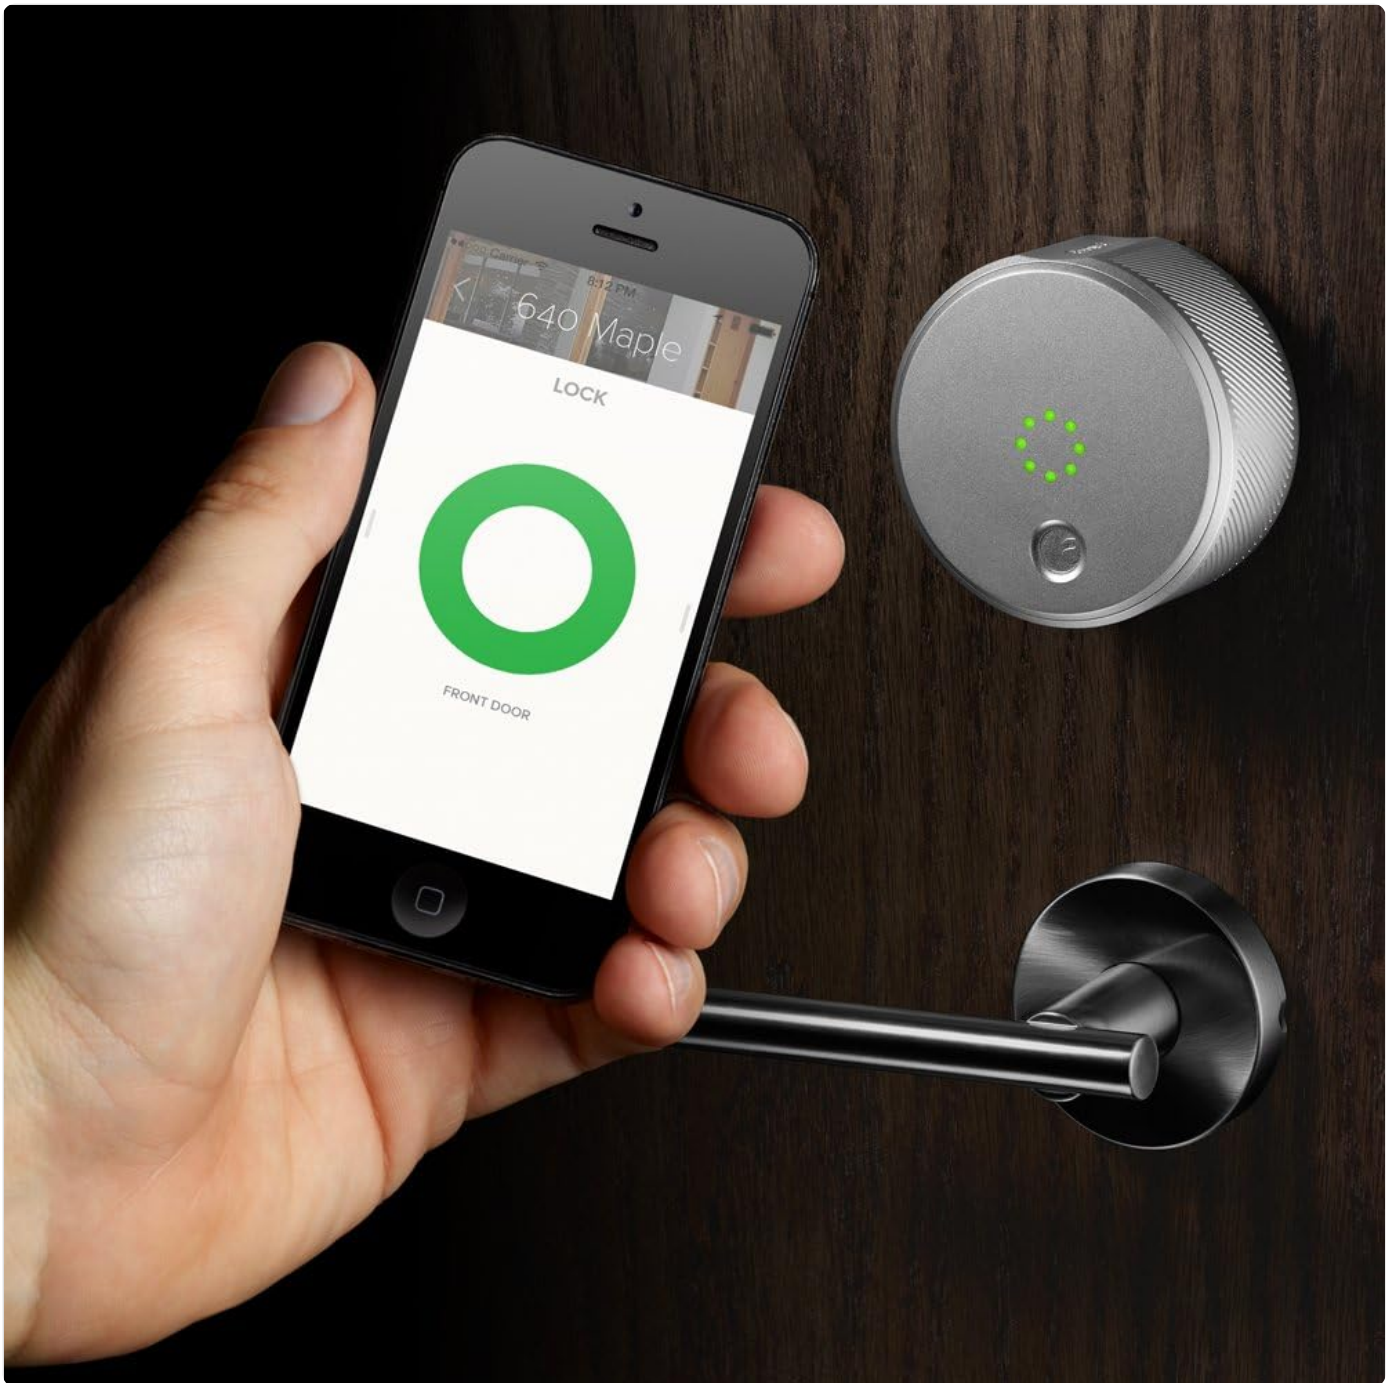

Figure 4: A smartphone showing the August app, which allows users to lock and unlock the August Smart Lock installed on a door.

Guest Management

Easily grant and revoke access to your home for family, friends, or service providers. You can set specific access schedules (e.g., temporary, recurring) directly from the app. The lock sends notifications when invited guests arrive and leave.

Auto-Unlock and Auto-Lock

- **Auto-Unlock:** The lock can automatically unlock as you approach your door, detecting your presence via your smartphone.
- **Auto-Lock:** Configure the lock to automatically re-lock after a set period (e.g., 30 seconds, 5 minutes) once the door is closed, ensuring your home is always secure.

Activity Log

The August app maintains a detailed activity log, allowing you to review who entered and exited your home, and when. This provides an added layer of security and peace of mind.

MAINTENANCE

To ensure optimal performance and longevity of your August Smart Lock, follow these maintenance guidelines:

- **Battery Replacement:** The August Smart Lock is powered by 4 AA batteries. The average battery life is approximately 8765 hours (about 1 year). The app will notify you when battery levels are low, allowing ample time for replacement.
- **Cleaning:** Wipe the exterior of the lock with a soft, dry cloth. Avoid using abrasive cleaners or solvents, as they may damage the finish.
- **Firmware Updates:** Periodically check the August app for available firmware updates. These updates often include performance improvements and new features.

TROUBLESHOOTING

If you encounter issues with your August Smart Lock, consider the following common solutions:

- **Connectivity Issues:** Ensure your smartphone's Bluetooth is enabled and you are within range of the lock. If issues persist, try restarting your phone and the August app.
- **Lock Not Responding:** Check the battery level in the August app. If batteries are low, replace them. Ensure the lock is properly aligned with your deadbolt mechanism.
- **App Functionality:** Make sure your August app is updated to the latest version. Sometimes, reinstalling the app can resolve persistent issues.
- **Manual Operation:** Remember that you can always use your traditional key to operate the deadbolt from the exterior, and manually turn the August Smart Lock from the interior, even if electronic functions are not working.

For more detailed troubleshooting steps, refer to the comprehensive [Installation Manual \(PDF\)](#) or visit the August Home support website.

SPECIFICATIONS

Feature	Detail
Model Number	ASL-1
Dimensions	3.26 x 3.26 x 2.21 inches
