PureGuardian H965AR

PureGuardian H965AR 1-Gallon Ultrasonic Cool Mist Humidifier User Manual

Model: H965AR

1. INTRODUCTION

The PureGuardian H965AR Ultrasonic Cool Mist Humidifier is designed to guard against problems caused by dry air in your home. This unit features a 1-gallon tank, suitable for medium-sized rooms up to 320 sq. ft., and can operate for up to 70 hours on its lowest setting. It utilizes ultrasonic technology to disperse a fine, cool mist quietly into the air. An integrated aromatherapy tray allows for the addition of essential oils to enhance your environment. The humidifier also includes Silver Clean Protection within the tank to help maintain cleanliness.

2. IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons. Please read all instructions before operating this humidifier.

- Always place the humidifier on a firm, flat, level surface.
- Keep the cord away from heated surfaces.
- Never use detergents or chemicals to clean the humidifier.
- Do not operate without water in the tank.
- Do not block air vents or mist outlet.
- Unplug the unit before filling, cleaning, or moving.
- This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.

3. PARTS LIST

- Humidifier Base
- 1-Gallon Water Tank
- Mist Nozzle

- Aromatherapy Tray

Figure 1: PureGuardian H965AR Humidifier. This image shows the complete humidifier unit from the front, highlighting its blue water tank and white base with control buttons.

4. SETUP INSTRUCTIONS

1. **Placement:** Place the humidifier on a firm, flat, water-resistant surface at least 6 inches away from walls and furniture. Ensure the mist outlet is not directed at walls or appliances.

2. **Fill Water Tank:**

- Remove the water tank from the base.
- Turn the tank upside down and unscrew the tank cap.
- Fill the tank with cool, clean water. Distilled water is recommended to minimize mineral buildup and white dust.
- Securely replace the tank cap.

**EFFORTLESS COMFORT
ONE EXHALE AT A TIME**

Create a more comfortable home environment whether you've got congestion, allergies, or dry skin.

AROMA-THERAPY TRAY

3 SPEED MIST CONTROL

Figure 2: Filling the Water Tank. The image illustrates the process of unscrewing the cap and filling the humidifier's water tank with water.

3. **Place Tank on Base:** Carefully place the filled water tank back onto the humidifier base, ensuring it is seated correctly.
4. **Plug In:** Plug the power cord into a 120V AC electrical outlet.

5. OPERATING INSTRUCTIONS

Power and Mist Control

1. Press the power button (U) once to turn the unit on at the lowest mist setting.
2. Press the power button again to cycle through medium and high mist settings.
3. Press the power button a fourth time to turn the unit off.

Night Light

Press the light bulb button () to turn the night light on or off independently of the mist function.

Aromatherapy Tray

1. Locate the aromatherapy tray on the side of the humidifier base.
2. Pull out the tray.
3. Add a few drops of your preferred essential oil onto the included pad. Do not add essential oils directly into the water tank.
4. Slide the tray back into the unit.

**WELCOME
TO YOUR SPA.**

Designed with an easily accessible aromatherapy tray, so you can add your favorite essential oils or scents to your air to create a relaxing environment.

Figure 3: Aromatherapy Tray Use. A hand is shown adding drops of essential oil to the pad within the humidifier's aromatherapy tray.

Low Water Indicator

The humidifier will automatically shut off when the water level is low, and an indicator light will illuminate to signal that it's time to refill the tank.

PUTS THE SHHH IN FRESHHH.

Whisper-quiet humidification
for uninterrupted sleep.

Figure 4: Humidifier Control Panel. This image provides a close-up view of the power button and night light button on the humidifier's base.

6. MAINTENANCE

Regular cleaning is essential for optimal performance and to prevent mineral buildup and bacterial growth.

Daily Maintenance

- Empty the water tank and base.
- Wipe the base and tank with a clean, dry cloth.
- Refill the tank with fresh, cool water.

Weekly Maintenance

- Unplug the unit.
- Remove the water tank and empty any remaining water.
- Clean the water tank: Fill the tank halfway with water and add 2 tablespoons of white vinegar. Shake vigorously and let stand for 30 minutes. Empty and rinse thoroughly with clean water.
- Clean the base: Gently wipe the inside of the base and the ultrasonic transducer with a soft cloth dampened with white vinegar. Rinse with clean water. Do not submerge the base in water.

- Rinse the aromatherapy tray and pad.
- Ensure all parts are dry before reassembling.

Demineralization Cartridge (Optional)

To reduce white dust caused by hard water minerals, consider using a PureGuardian FLTDC30 demineralization cartridge. This cartridge replaces the tank lid and helps filter minerals from the water.

Figure 5: PureGuardian FLTDC30 Demineralization Cartridge. This image displays the packaging and the cartridge itself, designed to reduce mineral buildup.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist or very little mist	No power; No water in tank; Mineral buildup on transducer; Tank not seated correctly.	Check power connection; Refill water tank; Clean transducer; Re-seat tank properly.

Problem	Possible Cause	Solution
White dust around humidifier	Hard water minerals.	Use distilled water; Install a demineralization cartridge (FLTDC30).
Excessive dampness around unit	Mist level too high; Unit too close to objects.	Reduce mist output; Move unit further from walls/furniture.
Unusual odor	Dirty water or tank.	Clean tank and base thoroughly; Use fresh water.
Gurgling noise	Normal operation as water flows from tank to base.	No action required.

8. SPECIFICATIONS

- **Brand:** PureGuardian
- **Model Name:** PureGuardian 70-Hour 1-Gallon Ultrasonic Cool Mist Humidifier with Aroma Tray
- **Model Number:** H965AR
- **Tank Capacity:** 1 Gallon
- **Run Time:** Up to 70 hours (on low setting)
- **Coverage Area:** 320 Square Feet
- **Operation Mode:** Ultrasonic
- **Product Dimensions:** 7.5"D x 7.5"W x 13.25"H
- **Item Weight:** 2.4 Pounds
- **Voltage:** 120 Volts
- **Included Components:** Aromatherapy Tray

Figure 6: Humidifier Dimensions. This diagram shows the height, width, and depth measurements of the PureGuardian H965AR humidifier.

9. WARRANTY INFORMATION

This PureGuardian H965AR Humidifier comes with a **3-year limited warranty** from the date of purchase. For detailed warranty terms and conditions, please refer to the official PureGuardian website or contact customer support.

10. CUSTOMER SUPPORT

For further assistance, troubleshooting, or to inquire about replacement parts, please visit the official PureGuardian website or refer to the comprehensive user guide PDF available online. You may also contact PureGuardian customer service directly for support.
