Monster MH ISRT WL IE BL BT WW

Monster iSport Bluetooth Wireless In-Ear Sports Headphones User Manual

Model: MH ISRT WL IE BL BT WW

INTRODUCTION

This manual provides essential instructions for the safe and efficient use of your Monster iSport Bluetooth Wireless In-Ear Sports Headphones. Please read this manual thoroughly before using the product and retain it for future reference.

WHAT'S IN THE BOX

- Monster iSport Bluetooth Wireless In-Ear Sports Headphones
- Micro-USB charging cable
- In-line Remote (integrated)
- Various ear tips and SportClips for a secure fit

PRODUCT OVERVIEW

The Monster iSport headphones are designed for active lifestyles, featuring a sweatproof design and secure fit. Key components include the earbuds, the connecting cable, and the in-line control panel.

Image: A detailed view of the in-line remote control on the Monster iSport headphones, showing the volume up, volume down, and multi-function buttons.

SETUP

1. Charging the Headphones

Before first use, fully charge your headphones. Connect the supplied micro-USB charging cable to the charging port on the headphone's control panel and plug the other end into a USB power source (e.g., computer, wall adapter). The LED indicator will show charging status and turn off or change color when fully charged. A full charge provides approximately 4 hours of battery life.

2. Pairing with a Bluetooth Device

1. Ensure the headphones are turned off.
2. Press and hold the multi-function button (usually the center button on the in-line remote) for approximately 5-7 seconds until the LED indicator flashes red and blue, indicating pairing mode.
3. On your Bluetooth-enabled device (smartphone, tablet, etc.), go to the Bluetooth settings and enable Bluetooth.
4. Search for available devices. The headphones should appear as "Monster iSport" or a similar name.
5. Select the headphones from the list to connect. Once paired, the LED indicator will typically flash blue slowly or turn solid blue.
6. If prompted for a passcode, enter "0000".

Note: Some devices may require you to hold the power button slightly longer than 5 seconds until you hear "pairing" to ensure it enters pairing mode rather than just powering on/off.

3. Fitting the Headphones

For optimal sound quality and a secure fit during exercise, select the appropriate ear tips and SportClips. The angled tips are designed to form to your ear. Experiment with different sizes to find the most comfortable and stable fit. The SportClip technology helps the headphones stay securely in your ears during intense activities.

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** Press and hold the multi-function button for approximately 3 seconds until the LED indicator flashes blue and you hear an audible prompt.
- **Power Off:** Press and hold the multi-function button for approximately 3 seconds until the LED indicator flashes red and you hear an audible prompt.

Music Playback

- **Play/Pause:** Press the multi-function button once.
- **Next Track:** Press and hold the Volume Up (+) button.
- **Previous Track:** Press and hold the Volume Down (-) button.
- **Volume Up:** Press the Volume Up (+) button.
- **Volume Down:** Press the Volume Down (-) button.

Call Management

- **Answer/End Call:** Press the multi-function button once.
- **Reject Call:** Press and hold the multi-function button for approximately 2 seconds.
- **Voice Assistant:** Double-press the multi-function button (functionality depends on your connected device).

MAINTENANCE

- **Cleaning:** Wipe the headphones with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners. Ensure the charging port cover is securely closed before cleaning.
- **Storage:** Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Resistance:** The headphones are sweatproof and water-resistant, but not waterproof. Do not submerge them in water.

TROUBLESHOOTING

Problem	Solution
Headphones do not power on.	Ensure the headphones are fully charged. Connect to a power source and allow sufficient charging time.
Cannot pair with a device.	<ul style="list-style-type: none"> ◦ Ensure headphones are in pairing mode (flashing red and blue LED). ◦ Make sure Bluetooth is enabled on your device. ◦ Move headphones closer to the device (within 1 meter). ◦ Turn off and on both the headphones and the Bluetooth device. ◦ Clear previous Bluetooth connections on your device if necessary.
No sound or poor sound quality.	<ul style="list-style-type: none"> ◦ Check the volume levels on both the headphones and your connected device. ◦ Ensure the headphones are properly paired and connected. ◦ Try re-pairing the headphones. ◦ Ensure ear tips are correctly seated in your ears for a good seal.
Headphones disconnect frequently.	<ul style="list-style-type: none"> ◦ Ensure you are within the 30-foot wireless range of your device. ◦ Avoid obstacles between the headphones and your device that might interfere with the Bluetooth signal. ◦ Check for other strong wireless signals that might cause interference.
