STANLEY SL10LEDS

STANLEY Rechargeable Lithium Ion Ultra Bright LED Spotlight Flashlight

Model: SL10LEDS

INTRODUCTION

The STANLEY Rechargeable Lithium Ion Ultra Bright LED Spotlight Flashlight is designed for powerful and reliable illumination. Its robust construction and advanced features make it an essential tool for various tasks, from outdoor adventures to emergency situations.

- **Ultra-Bright LED:** Delivers up to 2200 lumens with a 10W LED for exceptional brightness.
- **Rechargeable Lithium Battery:** Equipped with an internal lithium battery and includes a USB charging cable for convenient recharging.
- **Hands-Free Operation:** Features a collapsible pivoting stand and a convenient trigger lock.
- **Extended Runtime:** Provides up to 10 hours of continuous light on low setting.
- **Battery Indicator:** An LED indicator provides real-time information on the battery charge level.

The STANLEY SL10LEDS Spotlight, showcasing its ergonomic design and powerful LED lens.

SETUP

Initial Charging

Before first use, fully charge the spotlight's internal lithium battery. Connect the included USB charging cable to the spotlight's charging port and plug the other end into a compatible USB power source (e.g., AC adapter, DC adapter, computer USB port). The LED indicator will show the charging status.

The spotlight's USB output port can also be used to charge other devices, such as a smartphone.

OPERATING INSTRUCTIONS

Powering On/Off and Mode Selection

The spotlight features a trigger button for easy control. Press the trigger once for high brightness mode (2200 lumens). Press it again for low brightness mode (up to 10 hours runtime). Press a third time to turn the spotlight off.

Hands-Free Use

Utilize the collapsible pivoting stand for stable, hands-free operation. Simply extend the stand from the base of the spotlight and position it on a flat surface. The trigger lock feature allows the light to remain on without continuous pressure on the trigger, ideal for extended use.

MAINTENANCE

Cleaning

To clean the spotlight, wipe the exterior with a soft, damp cloth. Do not use abrasive cleaners or solvents, as they may damage the plastic housing. Ensure the charging port cover is securely closed to prevent dust and moisture ingress.

Storage

Store the spotlight in a cool, dry place away from direct sunlight and extreme temperatures. For long-term storage, it is recommended to fully charge the battery every 3-6 months to maintain battery health.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Spotlight does not turn on.	Battery is depleted.	Recharge the battery fully.
Light is dim.	Low battery charge.	Recharge the battery.
USB charging not working.	Incorrect cable or power source.	Ensure correct USB cable is used and power source is active.

SPECIFICATIONS

Feature	Detail
Brand	STANLEY
Model Name	SL10LEDS
Light Source Type	LED
White Brightness	2200 Lumens
Power Source	Battery Powered (Lithium Ion)
Runtime (Low)	Up to 10 hours
Product Dimensions	4"D x 5"W x 9"H
Item Weight	635 Grams
Water Resistance Level	Water Resistant
