5. OPERATING INSTRUCTIONS (ORIGAMI CREATION)

Follow these general steps to create your origami polar animals:

1. **Select an Animal:** Choose which polar animal you wish to create first. The instruction manual provides guidance for different animals.
2. **Choose Paper:** Select an appropriate origami paper sheet from the 16 provided. Some sheets may have specific patterns or colors suitable for certain animals.
3. **Follow Instructions:** Refer to the included step-by-step instruction manual. Each step is typically illustrated with

diagrams to guide your folds.

4. **Fold Carefully:** Make precise and crisp folds. Accuracy is key in origami to achieve the desired shape. Use your fingernail or a blunt tool to crease the paper firmly.
5. **Be Patient:** Origami requires patience. If a fold doesn't look right, gently unfold and try again.
6. **Complete the Model:** Continue following the steps until your polar animal is fully formed.

6. MAINTENANCE

- Keep the origami paper and finished models in a dry environment to prevent damage from moisture.
- Store unused paper sheets flat in their original packaging or a protective folder to prevent creasing or bending.
- Avoid exposing the paper to direct sunlight for prolonged periods to prevent fading.

7. TROUBLESHOOTING

- **Difficulty with Folds:** If you find a particular fold challenging, review the instruction manual's diagram carefully. Sometimes, practicing the fold on a scrap piece of paper can help. Adult assistance may be beneficial for younger users.
