Pibbs PS60

Pibbs Siena PS60 Professional Pedicure Package Instruction Manual

Introduction

This manual provides detailed instructions for the safe and efficient setup, operation, and maintenance of your Pibbs Siena PS60 Professional Pedicure Package. This package is designed for professional salon and spa environments, offering a complete solution for pedicure services. It includes the PS60 Siena pedicure chair with Shiatsu massage, a matching padded pedicure stool, and a 3-drawer metal cart.

The Pibbs Siena PS60 Pedicure Spa Chair, featuring a remote control for massage functions.

1. Setup and Installation

Careful setup ensures optimal performance and longevity of your pedicure package. Please follow these steps for proper installation.

1.1 Unpacking

- Carefully remove all components from their packaging. Retain packaging materials for future transport or storage.
- Verify all parts are present against the packing list. Contact customer support immediately if any items are missing or damaged.

1.2 Positioning the Pedicure Chair

- Place the PS60 Siena Pedicure Chair on a level, stable surface in your desired location. Ensure adequate space for client entry/exit and technician movement.
- Ensure access to a standard electrical outlet (110-120V AC) and plumbing connections (hot and cold water supply, drain) for the foot spa basin.

Dimensions of the Pibbs Siena PS60 Pedicure Spa Chair: 52"D x 29"W x 63"H.

1.3 Plumbing and Electrical Connections

- Connect the hot and cold water lines to the appropriate inlets on the spa basin. Ensure all connections are secure and leak-free.
- Connect the drain hose from the spa basin to your facility's drainage system.
- Plug the chair's power cord into a grounded electrical outlet.
- **Important:** All plumbing and electrical connections should be performed by a qualified professional in accordance with local codes and regulations.

1.4 Assembling the Pedicure Stool and Cart

- Follow the separate assembly instructions provided with the padded pedicure stool.
- Assemble the 3-drawer metal cart according to its included instructions. Ensure the wheels are securely attached for mobility.

The Pibbs 3-Drawer Metal Cart, providing mobile storage for tools and supplies.

2. Operating Instructions

Familiarize yourself with the controls and features of the Pibbs Siena PS60 Pedicure Package to provide a comfortable and efficient service.

2.1 Client Seating and Armrest Adjustment

- To facilitate easy client entry and exit, lift the armrests. Once the client is seated, lower the armrests into position.

2.2 Shiatsu Massage Functions

- The chair features a remote control for the Shiatsu massage system.
- Use the remote to select desired massage modes (kneading, tapping, rolling) and adjust intensity.
- The chair also offers electric recline and slide functions, controlled via the remote, to position the client comfortably.

2.3 Foot Spa Operation

- Fill the foot spa basin with water to the appropriate level.
- Activate the magnetic turbo jet system for water circulation and massage. Adjust pressure as needed.
- The basin includes color-changing LED lights for ambiance.
- Utilize the retractable spray hose for rinsing and cleaning the client's feet.

2.4 Adjustable Footrest

- Adjust the footrest height and angle to ensure ergonomic positioning for both the client and the technician during the pedicure service.

3. Maintenance and Care

Regular maintenance is crucial for the hygiene, appearance, and longevity of your Pibbs Siena PS60 Pedicure Package.

3.1 Daily Cleaning

- **Spa Basin:** After each use, drain the basin, wipe down all surfaces with an approved disinfectant, and rinse thoroughly. Follow local health and safety regulations for spa sanitation.
- **Jets:** Clean the magnetic turbo jets regularly to prevent buildup and ensure proper function. Refer to the specific instructions for jet removal and cleaning.
- **Upholstery:** Wipe down the chair and stool upholstery with a soft cloth and a mild, non-abrasive cleaner. Avoid harsh chemicals that may damage the material.
- **Cart:** Clean the metal cart and drawers with a damp cloth. The removable storage bins can be washed with soap and water.

3.2 Weekly/Monthly Maintenance

- Perform a deeper cleaning of the spa basin and plumbing system as recommended by local health authorities. This may involve circulating a cleaning solution through the jets.
- Inspect all electrical cords and plugs for any signs of damage.
- Check for any loose screws or connections on the chair, stool, and cart and tighten as necessary.

4. Troubleshooting Guide

This section addresses common issues you might encounter with your pedicure package. For problems not listed here, please contact customer support.

Problem	Possible Cause	Solution
Chair/Massage not responding	No power; Remote control battery low; Remote not paired; Loose connection.	Check power cord connection and outlet. Replace remote batteries. Ensure remote is pointed at the receiver. Check all cable connections.
Water jets not working	No water supply; Jets clogged; Pump issue.	Ensure water supply valves are open. Clean jets of debris. If problem persists, contact a qualified technician.
Water leaking from basin	Loose plumbing connections; Damaged hose/seal.	Check and tighten all water supply and drain connections. Inspect hoses and seals for damage and replace if necessary.
LED lights not illuminating	Power issue; LED module failure.	Check power connection to the basin. If other functions work, the LED module may require service.
