LUXE Bidet NEO 185

LUXE Bidet NEO 185 Instruction Manual

Model: NEO 185

INTRODUCTION

The LUXE Bidet NEO 185 is a non-electric bidet attachment designed to enhance personal hygiene and comfort. It features dual nozzles for rear and feminine wash, adjustable water pressure, and a self-cleaning function. This manual provides comprehensive instructions for installation, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your bidet.

KEY FEATURES

- **Dual Wash Modes:** Offers a stronger spray for rear wash and a softer, angled spray for feminine wash, suitable for monthly cycles and new/expecting mothers.
- **Hygienic Protection:** A guard gate shields the nozzles, which automatically retract after each use to maintain cleanliness.
- **Adjustable Water Pressure:** Easily control the water spray intensity to your preference.
- **Non-Electric Operation:** Connects directly to your existing cold water supply, requiring no electricity or batteries.
- **Durable Construction:** Built with high-quality parts, including metal-ceramic core valves and steel hoses, for reliability and longevity.
- **Easy Installation:** Designed for quick and simple DIY installation on most standard two-piece toilets.

PACKAGE CONTENTS

Your LUXE Bidet NEO 185 package includes all necessary parts and tools for installation:

- LUXE Bidet NEO 185 Attachment
- Metal Braided Hose
- T-Adapter
- Installation Wrenches
- Owner's Manual

Everything Included

Every LUXE Bidet box comes with **all parts needed for installation**. We offer a wide range of alternative parts for a variety of setups.

INSTALLATION

Follow these steps for a quick and easy installation. No special tools are required beyond a screwdriver for removing your existing toilet seat.

Step 1: Prepare for Installation

1. Turn off the toilet's water supply valve, typically located on the wall or floor behind the toilet.
2. Flush the toilet to completely empty the tank.
3. Remove the existing toilet seat by lifting the hinge tabs and unscrewing the toilet seat bolts.

1. Remove toilet seat

2. Secure bidet under toilet seat

3. Connect water supply to bidet with fittings

Easy DIY Installation

Figure 2: Overview of the installation process.

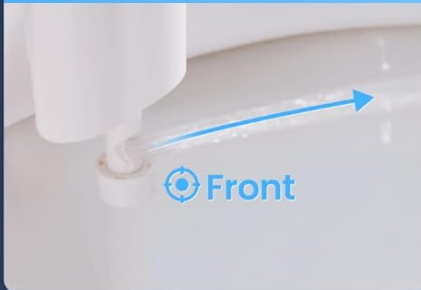

Step 2: Attach the Bidet

4. Place the LUXE Bidet attachment on the toilet bowl, aligning the adjustable plates with the toilet seat bolt holes.
5. Reinstall your toilet seat on top of the bidet attachment and secure it with the original bolts. Ensure the bidet is centered and the seat is stable.

NEO 185 Bidet Modes

Feminine Wash

Sprays a softer water flow, angled towards your front

Rear Wash

Sprays a stronger water flow, angled towards your rear

Self-Clean

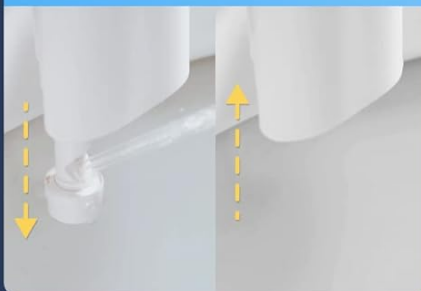

Runs fresh water over nozzles to wash off unwanted debris

NEO Series Features

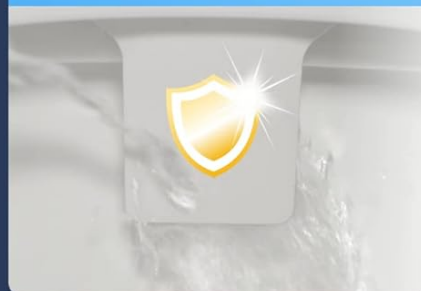

Retractable Nozzles

Remain protected & pristine

Protective Guard Gate

Shields against splashback

Fits Most Toilet Set-ups

With rotatable adjustment plates

Figure 3: The bidet attachment positioned under the toilet seat.

Step 3: Connect Water Supply

6. Disconnect the existing water supply hose from the toilet tank.
7. Install the T-adapter onto the toilet tank's fill valve.
8. Connect the original water supply hose to the bottom of the T-adapter.
9. Connect the provided metal braided hose from the T-adapter to the bidet's water inlet. Hand-tighten all connections, then use the provided wrenches for a final quarter-turn to ensure no leaks.
10. Slowly turn on the water supply valve and check for any leaks.

OPERATION

The LUXE Bidet NEO 185 features intuitive controls for a personalized cleaning experience.

Adjusting Water Pressure

Use the water pressure dial to increase or decrease the intensity of the water spray. Start with a low setting and gradually increase to your preferred comfort level.

MAINTENANCE

Nozzle Self-Cleaning

The NEO 185 includes a self-cleaning function for the nozzles. Turn the mode dial to "NOZZLE CLEAN" to rinse the nozzles with fresh water before or after use. The nozzles automatically retract behind a guard gate when not in use for added hygiene.

General Cleaning

Clean the exterior of the bidet attachment with a mild, non-abrasive cleaner and a soft cloth. Avoid harsh chemicals that

could damage the finish. The bidet's design allows for easy access to clean the toilet bowl area underneath.

TROUBLESHOOTING

- **No Water Spray:** Ensure the water supply valve is fully open and all connections are secure. Check if the T-adapter is correctly installed.
- **Leaking Connections:** Tighten all connections firmly. If leaks persist, check the rubber washers for proper seating or damage.
- **Weak Water Pressure:** Verify that the water pressure dial is set to a higher intensity. Check your home's main water pressure.
- **Nozzle Malfunction:** Ensure the mode dial is correctly set for the desired wash or self-clean function.

For further assistance, refer to the contact information in the Warranty & Support section.
