# L'Oréal Paris Infallible Pro Last 2 Step Lipstick Instruction Manual

MODEL: K1791800 (219 INCESSANT RUSSET)

## 1. Product Introduction

The L'Oréal Paris Infallible Pro Last 2 Step Lipstick is designed to provide long-lasting, transfer-proof lip color. This two-step system combines a high-intensity liquid lip color with a moisturizing balm to ensure comfort and extended wear.

The product aims to deliver bold, moisturizing lip color that remains vibrant for up to 24 hours without fading or bleeding.

## 2. Product Components

The L'Oréal Paris Infallible Pro Last 2 Step Lipstick consists of two distinct parts:

- **Step 1: Liquid Lip Color** - Provides high-intensity color.
- **Step 2: Color Seal Balm** - A moisturizing top coat that locks in color and hydrates the lips.

## 3. Application Instructions

Follow these steps for optimal application and wear:

1. **Prepare Lips:** Ensure lips are clean and dry before application.
2. **Apply Liquid Lip Color:** Apply the Pro-Last liquid lip color to your clean lips. For best results, use the wand to apply starting in the center of your upper lip. Work from the center to the outer edges, following the natural contour of your lips. Then, glide across the entire bottom lip. Allow the liquid color to dry for approximately 2 minutes.
3. **Apply Color Seal Balm:** After the liquid color has dried, apply the color seal balm. This balm locks in the color and provides a moisturizing feel to your lips.

## 5. Maintenance and Care

---

- **Balm Reapplication:** The color seal balm can be reapplied throughout the day as needed to maintain a moisturized feel, especially after eating or drinking.
- **Storage:** Store the lipstick in a cool, dry place. Avoid leaving the product in direct sunlight or warm environments, as the balm component may melt.
- **Removal:** To remove the long-wearing lipstick, use an oil-based makeup remover or micellar water.

## 6. Troubleshooting

---

- **Dryness or Flaking:** If lips feel dry or the color appears to flake, ensure that the liquid lip color is applied in a thin, even coat. Applying too thickly can lead to flaking. Always follow with the color seal balm.
- **Color Longevity:** For maximum wear, allow the liquid lip color to dry completely for 2 minutes before applying the balm. Avoid oily foods, which can reduce wear time.
