reversa Skin Smoothing Cream

Reversa Skin Smoothing Cream Instruction Manual

1. PRODUCT OVERVIEW

1.1 Product Description

The Reversa Skin Smoothing Cream is specifically formulated to moisturize and smooth the skin while reducing the appearance of fine lines and other signs of skin aging. It contains 8% glycolic acid, which is scientifically proven to stimulate exfoliation and promote the renewal of skin cells. The cream also features the Time-release Glyco-comfort system, designed to release the skin rejuvenating formula over an extended period. This system, combined with arginine (a special amino acid) and allantoin (a skin protectant), helps to reduce the stinging sensation sometimes experienced by individuals with sensitive skin when first using glycolic acid. Moisturizing ingredients and emollients, including vitamin E, work to increase the skin's moisture level and help prevent dryness.

2. IMPORTANT SAFETY INFORMATION

2.1 General Warnings

- For external use only.
- Do not use on damaged or broken skin.
- Avoid contact with eyes, eyelids, and mucous membranes.
- In case of contact, rinse thoroughly with water.
- If rash or irritation occurs, discontinue use and consult a health care practitioner.
- Keep out of reach of children.
- Use only as directed.

*Exfoliates, moisturizes, softens and
smoothes the skin. Regular use reduces
the appearance of visible signs of
aging and sun damage, such as fine lines,
wrinkles and brown spots.*

Perfume-free • Oil-free

Directions for use: Apply sparingly to face and neck daily after cleansing. It is recommended to use sun protection during the day while using this product. See package insert for more information.

Warnings: For external use only. Do not use on damaged or broken skin. Avoid contact with eyes, eyelids and mucous membranes. In case of contact, rinse thoroughly with water. If rash or irritation occurs, discontinue use and consult a health care practitioner. Keep out of reach of children. Use only as directed.

3. PREPARATION FOR USE

Before applying the Reversa Skin Smoothing Cream, ensure your skin is thoroughly cleansed and dry. This prepares the skin to optimally absorb the cream's active ingredients.

4. USAGE INSTRUCTIONS

4.1 Application Steps

1. Cleanse your face and neck thoroughly.
2. Apply the Reversa Skin Smoothing Cream sparingly to your face and neck.
3. Use daily, both morning and evening, or as directed by a healthcare professional.

4.2 Important Usage Notes

- It is highly recommended to use sun protection during the day while using this product, as glycolic acid can increase skin sensitivity to the sun.
- For additional information, refer to the package insert.

5. STORAGE AND CARE

To maintain the efficacy and integrity of the Reversa Skin Smoothing Cream, store it at room temperature, away from direct sunlight and extreme temperatures. Ensure the lid is tightly closed after each use to prevent contamination and drying out of the product.

6. TROUBLESHOOTING

6.1 Potential Skin Reactions

While the Time-release Glyco-comfort system is designed to minimize irritation, some individuals, especially those with sensitive skin, may experience a mild stinging sensation when first using glycolic acid. If you experience a rash, persistent irritation, excessive redness, or discomfort, discontinue use immediately and consult a healthcare practitioner.

7. PRODUCT SPECIFICATIONS

Specification	Detail
Brand	Reversa
Item Form	Cream
Item Volume	50 Milliliters (1.7 FL. OZ)
Product Dimensions (L x W x H)	6.5 x 6 x 7 Centimetres
Item Weight	90 g
Age Range (Description)	Adult
Special Feature	Non-Comedogenic
Active Ingredients	Glycolic acid
Skin Type	Sensitive
Number of Items	1
Scent	Unscented
ASIN	B00PIB0D30
UPC	0067520003140
Date First Available	November 12, 2014
