# simplehuman Adjustable Shower Caddy Instruction Manual (Model BT1098)

Stainless Steel and Anodized Aluminum Medium

## INTRODUCTION

---

This manual provides detailed instructions for the setup, operation, and maintenance of your simplehuman Adjustable Shower Caddy. Designed for efficiency and durability, this caddy offers a sleek and secure storage solution for your shower essentials. Its rust-proof construction and adjustable features ensure a long-lasting and customizable experience.

## PRODUCT FEATURES

---

- **Adjustable Shelves:** Easily reposition shelves vertically and horizontally to accommodate various bottle sizes.
- **Designed for Modern Tools:** Innovative storage options specifically designed for larger shower accessories.
- **Solid and Secure Installation:** Features a rubberized showerhead clamp and twin pivoting suction cups for stability.
- **Quick-Adjust Dial:** Reposition shelves with a simple turn of the dial.
- **Rust-Proof Materials:** Constructed from high-quality stainless steel and anodized aluminum.
- **Quick-Dry Soap Dish:** Designed for complete water drainage to keep soap dry and extend its life.
- **Moveable Divider:** Helps organize smaller items and prevents them from falling over (available on some models).
- **Easy Dispensing:** Shelves allow bottles to be stored upside-down for convenient access.
- **Convenient Storage Hooks:** Integrated hooks for razors, loofahs, and other accessories.

## SETUP AND INSTALLATION

---

Follow these steps to properly install your simplehuman Adjustable Shower Caddy:

1. **Prepare the Shower Area:** Ensure the showerhead pipe and the wall area where suction cups will attach are clean and dry.
2. **Attach to Showerhead:**

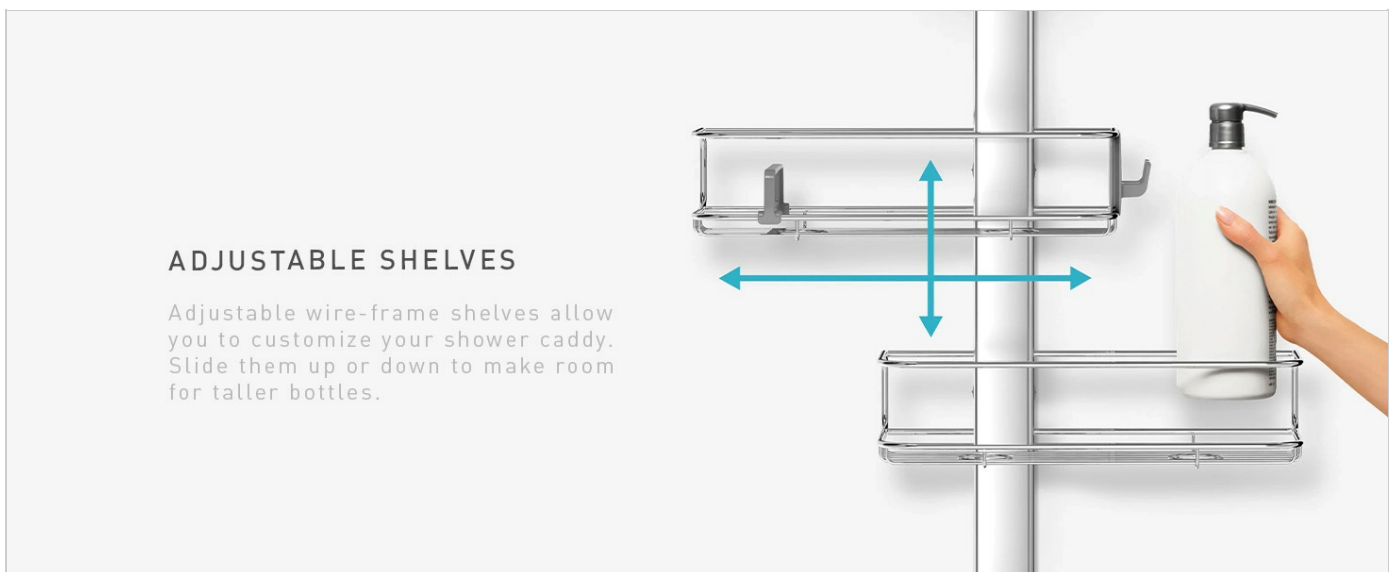

- Locate the rubberized showerhead clamp at the top of the caddy.
- Open the clamp and position it over your showerhead pipe.
- Securely close and tighten the clamp to ensure a firm grip.

### 3. Secure with Suction Cups:

- Press the twin pivoting suction cups firmly against the clean, dry shower wall.
- Ensure they are fully engaged to prevent movement.

### 4. Adjust Shelves:

- Turn the quick-adjust dial to loosen the shelves.
- Slide shelves up, down, or sideways to your desired positions.
- Tighten the quick-adjust dial to lock the shelves in place.

**Figure 1: Adjustable Shelves.** The image displays the shower caddy with arrows indicating the vertical and horizontal adjustability of its wire-frame shelves, allowing customization for various bottle sizes.

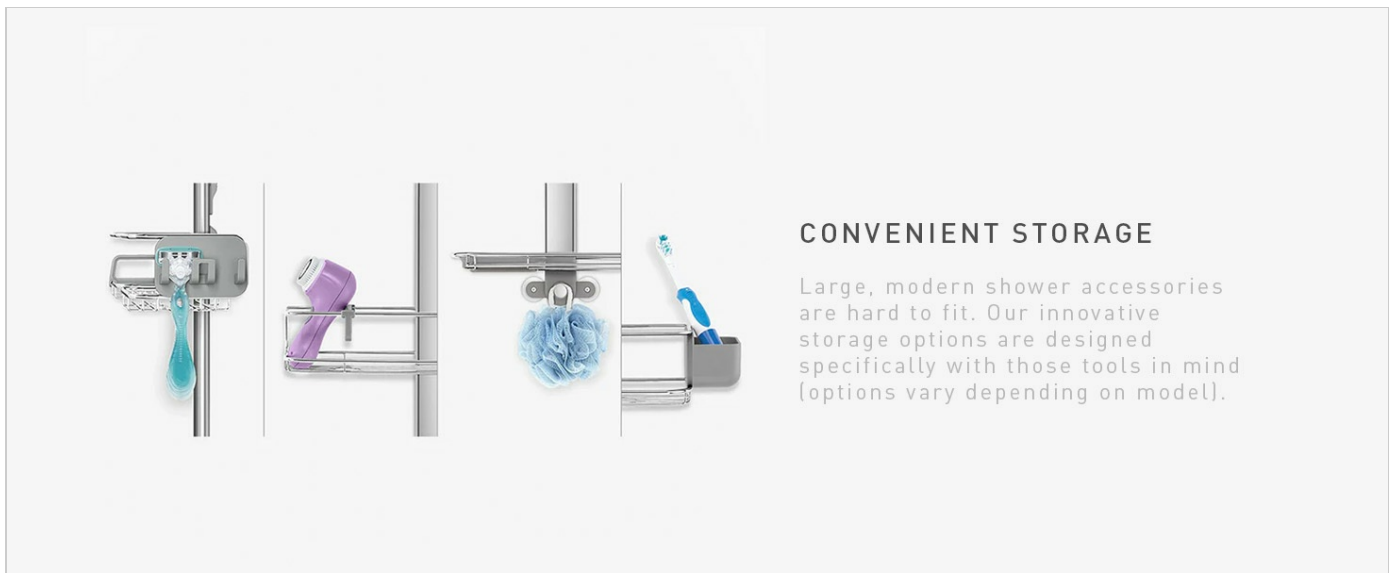

**Figure 2: Adjustable Hanging Shower Caddy.** This image illustrates the overall design of the simplehuman adjustable hanging shower caddy, highlighting its innovative storage options and wire-frame shelves that can slide up, down, or sideways to fit different shower spaces and items.

The simplehuman Adjustable Shower Caddy is designed for intuitive use. Here are some tips for optimal operation:

- **Organize Your Products:** Utilize the adjustable shelves to arrange shampoo, conditioner, body wash, and other items according to your preference. Taller bottles can be placed on shelves adjusted to a lower position, while shorter items can occupy higher shelves.
- **Use the Moveable Divider:** For smaller items like sponges or brushes, use the moveable divider (if applicable to your model) to keep them upright and organized within the shelves.
- **Inverted Bottle Storage:** Place bottles with pump dispensers or flip-caps upside-down in the designated slots for effortless dispensing and to ensure you use every last drop.
- **Soap Dish Functionality:** The quick-dry soap dish is designed with drainage slots to prevent soap from becoming soggy. Ensure soap is placed directly on the dish for best results.
- **Accessory Hooks:** Hang razors, loofahs, or washcloths on the convenient storage hooks provided on the side of the caddy.

**Figure 3: Caddy in Use.** This image shows the simplehuman Adjustable Shower Caddy installed in a shower, holding various bottles of shampoo, conditioner, and body wash, along with a razor and soap, demonstrating its organizational capacity.

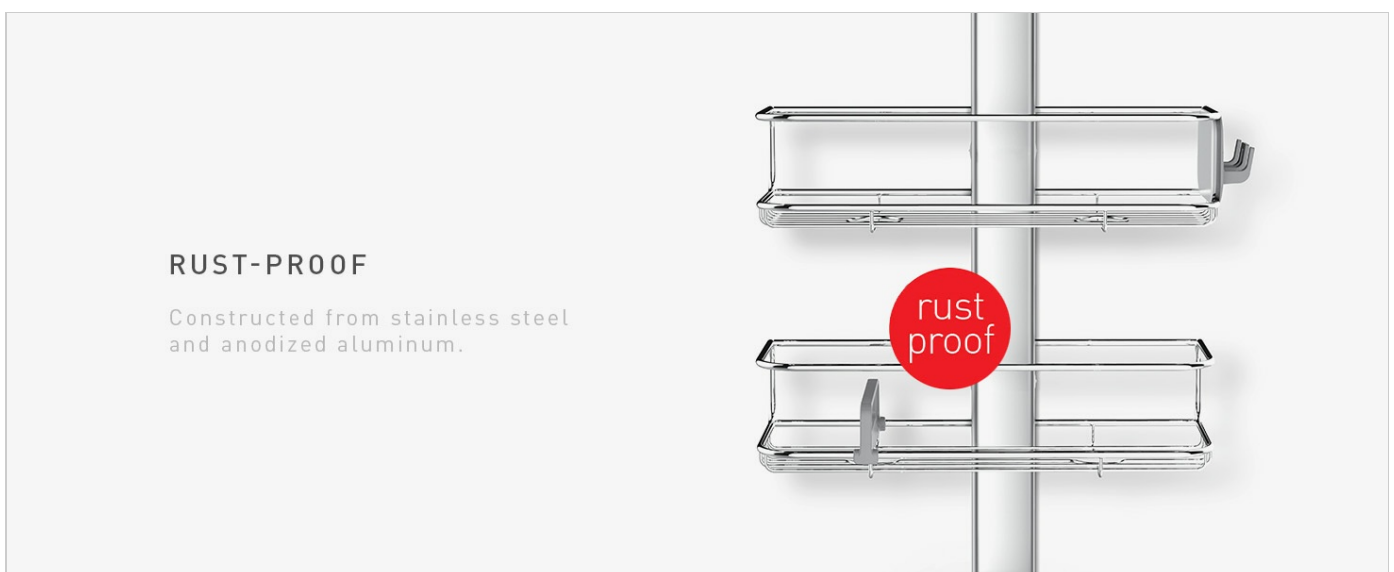

**Figure 4: Convenient Storage.** The image highlights the adaptable storage features of the simplehuman shower caddy, including specialized holders for razors, toothbrushes, and loofahs, designed to accommodate large, modern shower accessories.

## MAINTENANCE AND CARE

---

To ensure the longevity and appearance of your simplehuman Adjustable Shower Caddy, follow these maintenance guidelines:

- **Regular Cleaning:** Wipe down the caddy regularly with a soft cloth and mild soap or a non-abrasive cleaner. Rinse thoroughly with water.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, scouring pads, or harsh chemicals, as these can damage the stainless steel and anodized aluminum finish.
- **Prevent Water Spots:** For best results, dry the caddy after each use to prevent water spots and mineral buildup.
- **Check Suction Cups:** Periodically check the suction cups to ensure they maintain a firm grip on the wall. Re-press them if necessary.
- **Rust-Proof Assurance:** The caddy is constructed from rust-proof materials. However, proper cleaning and drying will help maintain its pristine condition.

**Figure 5: Rust-Proof Construction.** This image emphasizes that the simplehuman shower caddy is constructed from stainless steel and anodized aluminum, ensuring its rust-proof quality and durability in a wet environment.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Caddy is not stable or slides.	Suction cups are not properly engaged or wall surface is not clean/dry. Showerhead clamp is loose.	Clean and dry the wall surface thoroughly before re-applying suction cups. Ensure the showerhead clamp is tightened securely.
Shelves are difficult to adjust.	Quick-adjust dial is too tight.	Loosen the quick-adjust dial sufficiently before attempting to reposition shelves.
Soap dish does not drain properly.	Drainage slots are blocked.	Clean the soap dish regularly to ensure drainage slots are clear of soap residue.

## SPECIFICATIONS

- **Model:** BT1098
- **Brand:** simplehuman
- **Material:** Stainless Steel, Anodized Aluminum
- **Color:** Stainless Steel
- **Product Dimensions (D x W x H):** 5.9" x 14.5" x 27.6"
