

ZINUS AZ-BTCM-8K

ZINUS 8 Inch Green Tea Memory Foam Mattress, King - Instruction Manual

Model: AZ-BTCM-8K

INTRODUCTION

This manual provides essential information for the setup, use, and maintenance of your ZINUS 8 Inch Green Tea Memory Foam Mattress. This mattress features refreshing green tea and ActivCharcoal microparticles for freshness, CertiPUR-US certified foams for comfort and support, and patented Custom Contour Support technology designed to cradle your body and align your spine.

SETUP INSTRUCTIONS

- 1. Unpack the Mattress:** Carefully remove the mattress from its packaging. Avoid using sharp objects that could damage the fabric.
- 2. Unroll and Position:** Place the compressed mattress on a flat, clean surface, such as your bed frame or foundation. Unroll the mattress.
- 3. Allow for Expansion:** The mattress will begin to expand immediately. Allow 24 to 72 hours for the mattress to fully regain its original shape and firmness. Expansion time may vary; warmer room temperatures can accelerate the process, while colder temperatures may slow it.
- 4. Ventilation:** An initial, temporary odor may be present upon unboxing. This is normal and will dissipate with ventilation. To expedite this, ensure the room is well-ventilated by opening windows or using a fan.

Why choose CertiPUR-US® certified foam?

Better for the atmosphere
No ozone depleters
Low VOC emissions

Better for air quality
No formaldehyde

Better for the environment
No PBDE flame retardants

Better for human health
No phthalates, heavy metals,
or "tris" flame retardants

OPERATING AND USAGE GUIDELINES

- **Weight Capacity:** This King-size mattress is designed to support a maximum weight of 500 lbs.
- **Foundation:** For optimal support and longevity, place the mattress on a suitable bed frame or foundation.
- **CertiPUR-US Certified:** The foam in this mattress is CertiPUR-US certified, ensuring it meets rigorous standards for content, emissions, and durability. It is made without ozone depleters, PBDE flame retardants, mercury, lead, and other heavy metals, formaldehyde, and phthalates.
- **Fiberglass-Free:** This mattress is constructed without fiberglass.

MAINTENANCE AND CARE

- **Spot Cleaning:** For spills or stains, spot clean the affected area with a mild detergent and water. Blot gently; do not saturate the mattress. Allow to air dry completely before covering.
- **Mattress Protector:** To protect your mattress from spills, stains, and allergens, it is recommended to use a waterproof mattress protector.
- **Rotation:** Periodically rotate your mattress (head to foot) to promote even wear and extend its lifespan.
- **Ventilation:** Ensure adequate airflow around the mattress to prevent moisture buildup.

TROUBLESHOOTING

Initial Odor:

A new mattress may have a slight, temporary odor upon unboxing. This is common with compressed foam products. Ensure the room is well-ventilated by opening windows and allowing fresh air to circulate. The odor typically dissipates within a few days to a few weeks.

Mattress Not Fully Expanding:

Allow the mattress the full 24 to 72 hours to expand. Colder temperatures can slow the expansion process. If after 72 hours the mattress has not fully expanded, ensure it is on a flat surface and the room temperature is comfortable (around 68-72°F or 20-22°C).

Mattress Feels Too Firm:

Memory foam mattresses can feel firmer initially. Your body will adjust, and the foam will soften slightly with use. If you prefer a softer feel, consider adding a mattress topper.

Mattress Sliding on Bed Frame:

If the mattress tends to slide on your current bed frame, ensure the frame has adequate support and a non-slip surface. A non-slip mat placed between the mattress and the frame can help prevent movement.

Feeling Too Warm:

While the mattress is designed with breathable materials and green tea infusion for freshness, some individuals may experience warmth. Ensure your bedding is breathable and your room is well-ventilated. The ActivCharcoal microparticles are intended to help absorb moisture and regulate temperature.

PRODUCT SPECIFICATIONS

Brand	ZINUS
Model Number	AZ-BTCM-8K
Size	King
Product Dimensions	80"L x 76"W x 8"Th
Item Weight	54.9 pounds
Fill Material	Memory Foam
